Subject: Successful installation of the vmedulife Software.

Dear Sir,

We hereby confirm that the installation, implementation and website integration of the vmedulife Software has been done successfully for the OBE, ERP and Academic Management Software.

We appreciate the involvement and co-operation extended by all the stakeholders in making this drive a success.

Thanks & Regards,
Bharati Vidyapeeth's College of
Engineering for Women, Pune-43.

Course Management

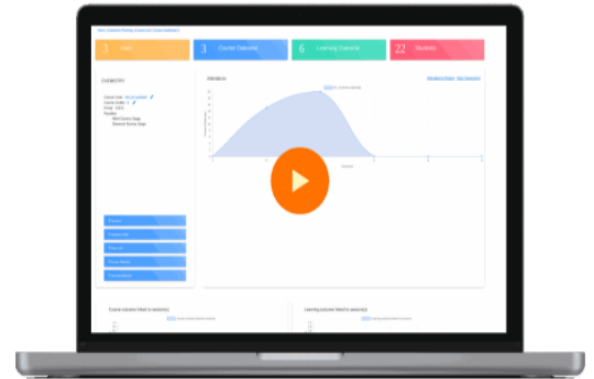

Create different courses and assign it to the respective instructors. You may create both theoretical and practical courses along with electives. Easily assign the elective subject to selected learners. In case of shared courses, assign multiple instructors to one course.

Syllabus Management

Easily maintain the syllabus for the courses along with the subtopics. Divide them as per the teaching hours. Link with course outcomes and unit outcomes. Once the syllabus added, it will automatically generate the session plan based on hours given to each topic.

Rubrics and Project's

A rubric management system is a great for faculty because it is a simple way to set up a grading criteria for projects. It also describes levels of quality for each of the criteria. These levels of performance may be written as different ratings (e.g., Excellent, Good, Needs Improvement) and as numerical scores.
