Report of seminar on "E&TC, the branch of Engineering"

A seminar was organized for SE, TE students on 3th July 2018 on the topic "E&C, the best branch of Engineering". The speaker was Mr. C. P. Mahajan from 'Dolphin Labs'. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students..

The speaker started the session by questioning the students about the aim of the admission in E&TC Engineering. With the few interesting questions he turned the topic towards their decision of being E&TC Engineer and he further focused on what an engineer especially E&TC engineer can contribute in Industry. He introduced current technology in Industry and how we can grasp day to day changes in new technology. He discussed the time management of exams of university and some plans of improvement in skill development in vacations. He gave some guidelines for improving skills and with discussions with student, session ended with stamp of "Proud to be an E&TC Engineer".

Report of seminar on "Journey of students to Professional"

A seminar was organized for TE students on 13th July 2018 on the topic "Journey of students to Professional". The speaker was Mr. Akash Ekatpure, Mr. Nagesh Matharia from 'Youthcon Creative Solution'. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students about the guest and the topic.

The speaker introduced the different types of Professional Skills. The phrase "professional skills" is used in the broad sense to describe skills that complement the disciplinary knowledge and disciplinary technical skills that remain the most important aspects of training. By skills we mean behaviours that can be learned, that can be improved with practice, that require reflection, and that benefit from ongoing coaching. The skill can be categorized as soft skill, Technical Skill and time management skill. He also explained what current scenario in Industry and how we can manage to connect with industry.The speaker asked the students about their plans and suggested them to have at least one internship a year. He told about the industrial training. **Industrial Training** refers to a program which aims to provide supervised practical **training** within a specified timeframe.

A vote of thanks was given to the speaker.

Report of seminar on "PLC & Automation"

A seminar was held on 25th Jan 2019 on the topic" PLC & Automation Training" by Mr .Akhilesh Deo from MAGNAM solution. The session started by introducing the speaker followed by briefing of students by HOD, Prof. Dr. S. R. Patil.

He started with introduction of topic. Integrated **Automation Training** includes topics such as the basics of Drives, SCADA, PLCs and PLC Software, Instrumentation, Industrial Networking & Project Management along with Project Execution,**Automation** takes a step further mechanization that uses a particular machinery mechanism aided human operators for performing a task. Mechanization is the manual operation of a task using powered machinery that depends on human decision making.Automation of factory or manufacturing or process plant improves production rate through a better control of production. It helps to produce mass production by drastically reducing assembly time per product with a greater production quality. The session was concluded by offering a vote of thanks to the speaker.

Report of seminar on "Keep Engineering Alive"

A seminar was organized for SE students on 13th Feb 2019 on the topic "Keep Engineering Alive". The speaker was Mr. Bhushan Pawar from 'Mugdha Systems. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students..

The speaker started the session by questioning the students about the aim of the admission in Engineering. With the few interesting questions he turned the topic towards their decision of being Engineer and he further focused on what an engineer especially Engineer can contribute in Industry. He introduced current technology in Industry and how we can grasp day to day changes in new technology. He discussed the time management of exams of university and some plans of improvement in skill development in vacations. He gave some guidelines for improving skills and with discussions with student, session ended with stamp of "Proud to be an Engineer".

Report of seminar on "Data Structures &Algorithms"

A seminar was held on 25/06/19 on "Data Structures and Algorithm" in class room no 306, Mr. Nagesh Mhetre from 'click in computer' was invited as a speaker to enlighten students about the basics of Data structures. In the beginning of the session HOD, Prof. Dr. S. R. Patil highlighted the use of data structures and the importance of including the subject. He also encouraged the students to gain as much knowledge they could and motivated them.

The speaker started with the introduction of C language and the concept of the topics such as pointers, arrays, and structure and entertained the queries about the same. He taught how to write proper algorithms and then write the programs.He even emphasized the need to learn the programming language at this stage and made us aware of the technologies in use at the moment.

The seminar was finally ended by thanking Speaker Mr. Nagesh Mhetre.

Report of seminar on "Higher Education opportunities"

A seminar on "Higher Education Opportunities" was organized on 11 th July 2019 by Dr. Shriram Joshi from 'TIME Institute', Pune .The session was started by an introduction from Principal sir , Prof. Dr. S. R. Patil about the topic.

Dr. Joshi started the session by giving us a detailed information of the various career opportunities that would be available to us after the completion of our BE degree. They can be broadly classified as getting a job after graduation, higher education in engineering (M. Tech/MS) , Management(MBA), Civil Services and Entrepreneurship. He later briefed us about the opportunities that we would having after doing an MBA. A management degree polishes our managerial skills making us work towards the goal of the application with greater productivity and lesser cost. The course makes us acquainted with all the aspects of running a company. It grooms the person to serve the best to oneself .He explained in detail the format of the CAT examination and motivated us for the same .It was a very informative session .

At the end Principal Sir, concluded by a speech and a vote of thanks was given to the speaker.

Report on Global diversity- 'Introduction to Salesforce, Student Journey'

The seminar on "Introduction to Salesforce, Student Journey "was conducted on 03/08/2019, which was conducted by Ms. Payal Mittal of Athereus, Pune. The session was started by an introduction from Principal Sir, Prof. Dr. S. R. Patil about new approach and opportunities in Salesforce.

Salesforce is the primary enterprise offering within the Salesforce platform. It provides companies with an interface for case management and task management, and a system for automatically routing and escalating important events. The Salesforce customer portal provides customers the ability to track their own cases, includes a social networking plug-in that enables the user to join the conversation about their company on social networking Web sites, provides analytical tools and other services including email alert, Google search, and access to customers' entitlement and contracts she told regarding the procedure, how to apply and what is the requirement. She conveyed regarding her own experiences and let us know regarding the places that thought are the upcoming opportunities.

This session was ended up with vote of thanks.

Report of seminar on "Career after engineering"

A seminar was held on 8th Aug 2019 by Mr. Amulya Ratan from 'Wani Institute' on the topic "Career after engineering". The session started by introducing the speaker followed a speech by HOD, Prof. Dr. S. R. Patil encouraging the students to appear for the Gate Exam and start its preparation immediately.

The **Graduate Aptitude Test in Engineering (GATE)** is an examination that primarily tests the comprehensive understanding of various undergraduate subjects in engineering and science. GATE is conducted jointly by the Indian Institute of Science and seven Indian Institutes of Technologies at Roorkee, Delhi, Guwahati, Kanpur, Kharagpur, Chennai (Madras) and Bombay on behalf of the National Coordination Board – GATE, Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

The GATE score of a candidate reflects the relative performance level of a candidate. The score is used for admissions to various post-graduate education programs (e.g. Master of Engineering, Master of Technology, Doctor of Philosophy) in Indian higher education institutes, with financial assistance provided by MHRD and other government agencies. Recently, GATE scores are also being used by several Indian public sector undertakings (i.e., government-owned companies) for recruiting graduate engineers in entry-level positions. It is one of the most competitive examinations in India. The session was concluded by giving a vote of thanks to the speaker.

Report on Personality Development

The session was conducted on 8/8/2019 by Mr.Parth Shukla from Microsoft Imagine Academy, Pune. The session started with the introduction of importance of personality development along with academic studies. The Session was started with importance of topic givenby Principal, Dr. S. R. Patil

This session was really knowledgeable. The speaker told regarding few important short tricks to develop personality. He guided with need of short steps to make chnages as per the interest. It was an interactive session held by them. It helped students to know how to use the short techniques during the interviews. They guided us how to prepare ourselves for then exams. They show us their videos which they had prepared for the students for different situations of interviews.

This session was ended up with a vote of thanks by a student & regarding the benefits of joining them.

Report of webinar on "Data Processing using Pandas"

A webinar on "Data Processing using Pandas" was organized on 12th March 2021 by Mr. Atul Wadkar from 'Algorithm Electronics', Pune for Third year students.

Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the webinar. He interacted with the students and mentioned importance of learning the subject as well as focusing on future scope.

The webinar started with welcome speech by student member. The speaker stared the session with introduction of python programming, basic and tricks to learn python. Then further continued with comparison of various languages with python. This helps students to understand the importance and exact application where they can use python language. The speaker further explained simplicity of language and gave many tricks. The webinar was very interactive and beneficial for students.

Report of webinar on "Aptitude and Python Programming"

A webinar on "Aptitude and Python Programming" was organized on 6th July 2020by Mr. Musharraf Hassan and Mrs.Preeti Pawar from 'Profound Edutech Pune', Pune for Final year students. The session was started by an introduction from Principal Sir, Prof. Dr. S. R. Patil about the topic.

The session further continues with introduction of the Honourable Speaker's by student.

The technical session conducted by Mr. Musharraf Hassan. The session continues by giving introduction of python programming language. He explained all the applications of the python programming language also he showed the comparison between the same small program in different programming language along with python. Then session moves towards the second part of Aptitude training.Mrs. Preeti Pawar gave students the tricks and tips for the Aptitude exams and how to work smartly in aptitude exams. She also shared her experience too to make students more motivated and dedicated towards smart learning process.

From that all students get that how easy is python to learn and how interesting aptitude skills are it was totally an amazing and full of knowledge experience for the students.

At the end student gave a vote of thanks to the speaker

Report of webinar on "Benefits And Career Opportunities With GATE"

A webinar on "Benefits And Career Opportunities With GATE" was organized on 11th July 2020by Mr. Akash Pushkarfrom 'GATE Academy', Pune for Second year, Third year and Final year students.

The session started with introduction of the Honourable Speaker's by student. The webinar was delivered by the resource person Mr. Akash Pushkar. Dr.S.R.Patil, Principal of Bharati Vidyapeeth's College Of Engineering For Women presided over the function. The welcome address was presented by Prof. Varsha Karambelkar to address and welcome the gathering.

The webinar emphasize the importance of GATE source for admission in premier institutes, career opportunities in public sector, higher studies in abroad and benefits of GATE source. The students were motivated highly to make use of GATE source to avail the stipends and scholarships for higher studies and research work.

Report of webinar on "Artificial Intelligence and Machine Learning"

A webinar on "Artificial Intelligence and Machine Learning" was organized on 29th July 2020by Prof. Ravi Randale from 'LogixCODE', Pune for Third year and Final year students. Considering this Pandemic situation,a webinar was conducted on the current topic of "Artificial Intelligence and Machine Learning" in association with Logix CODE Education by Electronics and Telecommunication Engineering Department on 29th July 2020 for all the T.E. and B.E. students. The speaker for this session were Prof. Ravi Randale (Proprietor, LogixCODE) and Mr. Ritesh Maury (Corporate Trainer). Respected Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the webinar. He interactedwiththestudentsand appealed them to be prompt enough so that they would perceive the recent technologies in the market and update themselves accordingly. The speaker, in his session started with the definition of Artificial Intelligence and Machine Learning and its history and further covered different aspects of this topic and also encouraged the students to study this topic in great depth. The speaker said that this field was founded on the assumption that human intelligence can be so precisely described that a machine can be made to simulate it .The speaker gave focus on its advantages in the recent technologies. Students were really satisfied by this session and felt encouraged to study this topic furthermore.

Report of webinar on "Python Programming"

A webinar on "Python Programming (Microsoft certification)" was organized on 6th August 2020by Mr. Deepak Garg, Mr. Manish Kumar Singhfrom 'ATS Infotech Pvt. Ltd', Pune for second year students.

The webinar started with welcome speech by student member. The speaker stared the session with introduction of python programming, basic and tricks to learn python. Then further continued with comparison of various language with python. This helps students to understand the importance and exact application where they can use python language.

Mr. Pal further explained simplicity of language and gave many tricks to use and also importance of Microsoft certification

The webinar was very interactive and beneficial for students,

16. Workshop on "Electronic Skill Development"

A 3-day workshop on "Electronic Skill Development" was organized by Electronics and telecommunication Department, in Bharati Vidyapeeth's College of Engineering for women, Pune for second year (SE) students of departments of Electronics and telecommunication. The webinar was organized under AICTE-SPICE grant in collaboration with CopperCloud IOTech Pvt Ltd, from 31ˢᵗ January2022 to 2ⁿᵈ February 2022. The speaker of the workshop was Abhijeet Deogirikar, the Founder & CEO of CopperCloud IOTech, joined by Yogesh Yewale and Brigadier Vilas Deogirikar.

Our college has recently got the AICTE: Scheme for promoting interests, creativity, and ethics among the students i.e., SPICES grant under the coordination of Prof. Dr. S.R. Patil sir, Principal, Bharati Vidyapeeth's College of engineering for women, Pune and Dr. V.R. Pawar mam, Associate Professor, Electronics and telecommunication Department.

On 31ˢᵗ January2022, the session began at 10:00 am. Firstly Shruti Singh, Student SE ENTC, welcomed invitees to the workshop followed by Saraswati Pujan. Then Prof. Dr. S.R. Patil sir then gave the inaugural speech and a short introduction of the webinar topic. Next Prof. K.R. Chaudhari ma'am, Event coordinator, gave the introduction of guest the speaker. After that, Speaker, Abhijeet Deogirikar sir started the workshop by giving us an overview of the contents of the workshop and also general electronic related topic information, hence building our interest in the workshop from start. Next the speaker stated out various recent trends in the field, told us about various tools we will be using around 3 days such as: Arduino IDE, Multisim and Express PCB. Then he taught us about the Electronic Components and connections and also bread boarding.He then gave the introduction and applications using Arduino. He then moved forward to cover the topic- Using sensors and actuators and their interfacing with Arduino such as Motor driver with relays, reversible motor ad SSR).After an hour lunch break, Yogesh Sir then taught us about, using simulation software for design and testing of electronic devices on Tinker CAD for our better understanding. Ater this day 1 of the workshop was concluded by question and answers session.

On 1ˢᵗ February 2022, sir started the session by fir clearing he doubts of any students of previous lecture and then moved to the next topic of day- Drawing layout of PCB using PCB design software. He then covered various topic revolving PCB such as Single layer PCB design for a

simple electronic circuit. After an hour lunch break, Yogesh Sir then again taught us about, using test equipment for testing, fault finding and repair etc. Then Abhijit sir continued with discussion on assembling and utilizing mechanical parts such as DC motor, AC motors, sensors etc. he then continued teaching us use of various types of parts and surfaces mounted devices parts, work to correct sequence and tolerance and accurately solder components to comply with industry standards. This session was also concluded by question and answers session.

2nd February 2022, Abhijeet sir started the session by topic- Study and use of various types of batteries followed by Calculation of Power budget for and electronic circuit. Then he taught us by practical demonstration of how to bring al these skills, tools and techniques together for building and electronic system. He then gave us industry exposure and also on overview and demo of IOT and lastly a question-and-answer session then concluding the three-day workshop. All the Q&A sessions were interactive with students asking the speaker on various aspects of what was taught. At around 16.00 pm the webinar ended and a vote of thanks was delivered by Prof. K.R. Chaudhari ma'am.

17. Workshop on "Excellent Bytes"

Workshop on "**Excellent Bytes**" was organized by Student Association and Training cell of Bharati Vidyapeeth's College of Engineering for women, Pune for Third year (TE) and final year (BE) students of Departments of Electronics and telecommunication, Computer engineering and Information technology. The webinar was organized under AICTE-SPICE grant on *11ᵗʰ Febeuary 2022*. The speaker of the webinar was **Mr. Aashish Jain** from **Carpe Diem Boot Camp.**

Our college has got the AICTE: Scheme for promoting interests, creativity, and ethics among the Students i.e., SPICES grant under the coordination of Prof. Dr. S.R. Patil sir, Principal, Bharati Vidyapeeth's College of engineering for women, Pune and Dr. V.R. Pawar, Associate Professor, Electronics and telecommunication Department

The first session of workshop started with the welcome speech by student member, Ms. Tanushree Desai of TE then Prof. S. T. Khot, Training cell coordinator gave introduction of training cell followed by Dr, V. R. Pawar who has given the information about SPICES grant. Then student member, Ms, Adya Pathak gave brief introduction of Our guest speaker, Mr. Ashish Jain. After this, Prof. Dr. S.R. Patil sir, Principal gave speech which includes Bharati vidyapeeth's brief introduction, organization information, role of different cell in organization, importance of co curricular activities along with academics.

Workshop started with very beautiful interaction of speaker and students with the use of chat box. The session further followed by a brief on the self or one's desires, dreams, passions and motivations. The speaker interacted with students for each point, taken input and gave the tips on how to increase their self esteem, boost confidence and how one can excel in any area like coding, communication skill etc. Students were encouraged to be optimistic and have a positive approach about everything in life.

The next session of workshop was focused on discussion about some strategies of time management, goal setting, self control, planning, execution, distraction overcoming which was very useful and session about etiquette was very informative.

Most importantly, it was emphasized that students should love themselves and never lose confidence in achieving goals. The session was ended with very many feedbacks given by students and staff members and lastly vote of thanks was given by student member, Ms. Preeti Vishwakarma.

NOTICE

AICTE-Scheme for Promoting Interests, Creativity And Ethics among the Students (SPICES)

Date:- 10|08|2021

All the students and ETSA, CESA & ITechSA club members are hereby informed that our institute received AICTE-SPICES grant. Coordinating students association is ETSA and Co-Coordinators are COMPSA and ITSA. The activities for Promoting Interests, Creativity And Ethics among the Students (SPICES) are proposed to carry out for the **A.Y. 2021-2022.**

Webinar on, "Overseas Education" is organized on 12th August 2021

Time - 2.00PM to 4.00 PM

Link to join the webinar will be send on Whats APP. Group.
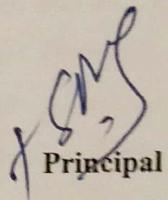

Principal

Prof. Dr. S. R. Patil

1. Webinar on Overseas Education

Webinar on "**Overseas Education**" was organized in Bharati Vidyapeeth College of Engineering for women, Pune for third year (TE) and final year (BE) students of departments of Electronics and telecommunication, Computer engineering and Information technology. The webinar was organized by Career Guidance Cell under SPICE grant on *12ᵗʰ August 2021*. The speaker of the webinar was **Mr. Omkar Kargar,** Manager: Business Development from **IDP Education**, Pune, Maharashtra.

IDP is a world leader in overseas education service across the world. It is also the co-owner of IELTS, world's most trusted high-stack English proficiency test. IDP brings forth 50 years of experience in international education. It has placed more than 500000 students across different destinations. IDP collaborated with 700+ leading universities.

Our college has recently got the AICTE: Scheme for promoting interests, creativity, and ethics among the Students i.e., SPICES grant under the coordination of Dr. S.R. Patil sir, Principal, Bharati Vidyapeeths College of engineering for women, Pune and Dr. V.R. Pawar mam, Associate Professor, Electronics and telecommunication Department who has given the information about SPICES grant.

The session has started at 2:00 pm. Firstly, Swarada, a student of BE computer and student co-ordinator of the career guidance cell gave us the short introduction of the webinar topic and of the speaker as well. After that, Speaker, Mr. Omkar started the webinar. The starting of the webinar is collecting the information from students about higher study options they familiar with. Then Mr.Omkar focuses with the most point of "Why should we study abroad?". The session further directed to brief introduction of their IDP Company and told the students that while in India there in cutthroat competition for post-graduation admission, it is not the case in abroad, also the quality of education is world-class.

Next, the students got to know about different destinations for abroad study. Then, he told the students about the Australia, Canada, UK,USA and Ireland education system and finances, the most important feature of US education system that we can change majors. Also, he told the students various course available including technical as well as non-technical.

Then, Information regarding IELTS exam was provided and the students got to know about admission criteria of abroad universities. In between of the webinar, many students were asking their question to sir and doubts as well. He answered their questions and cleared everyone's doubts. At the end of the session he covered the important point of studying abroad, i.e. Scholarships.

To summarize the session, different speakers from IDP education have discussed various points regarding study abroad and also covered different countries with the information of the education they offer.

The points which are discussed can be summarized as,

- Why study abroad

- Which country to choose

- Scholarship options

- Details of IELTS

- Various course options and upcoming courses

- Various details like fees, entry criteria etc.

At around 3:30 pm the webinar ended and a vote of thanks was delivered by a student Ms. Aishwarya from E&TC department.

2. Webinar on Benefits and career opportunities with GATE

Webinar on "GATE Preparation" was organized by Student Association and Career guidance cell in Bharati Vidyapeeth's College of Engineering for women, Pune for second year (SE). third year (TE) and final year (BE) students of departments of Electronics and telecommunication, Computer engineering and Information technology. The webinar was organized under SPICE grant on 14th August 2021. The speaker of the webinar was **Mr. Akash Pushkar** from The GATE Academy.

Our college has recently got the AICTE: Scheme for promoting interests, creativity, and ethics among the Students i.e., SPICES grant under the coordination of Prof. Dr. S.R. Patil sir, Principal, Bharati Vidyapeeths College of engineering for women, Pune and Dr. V.R. Pawar mam, Associate Professor, Electronics and telecommunication Department who has given the information about SPICES grant.

The session has started at 1:00 pm. Firstly, Prof. V. D. Kulkarni of Career guidance cell gave the short introduction of the webinar topic and of the speaker as well. After that, Speaker, Mr. Akash started the webinar with the introduction to the students about today's topic "How to crack GATE Examination".

The speaker introduced the 'The Gate Academy' which is empanelled by Govt. Of India, to provide Gate Training.

He quoted an example If an egg is broken by external force, life ends. If broken by internal force, life begins. Great thing always begins from inside.

Next thing he told us was that, Why Gate and future aspects of Gate. The career opportunities:
1. Private (IT)
2. Govt. Jobs
3. GATE
4. CAT/ MAT
5. GRE
6. GMAT

The Speaker aware the students about the Covid 19 impact on Private jobs (IT) like, Accenture lay off thousands of employees in India, IBM starts firing employees due to pandemic. He also aware us about the job offers at premier institutes in Covid 19 pandemic situation. The Speaker also focused with the information of GATE 2022 examination such as Date of examination, Fully Computer based test (CBT), Introduction of new subjects, such as GE & NM, total no. of subject paper, Eligibility Criteria and updated the information with the pattern of the examination i.e. section included, type of questions.

The speaker elaborated about the score card:
1. Below 40 marks- Private College
2. 40- 50 marks- Private Jobs
3. 50- 60 marks- NIT& IIMs
4. 60-70 marks- NITIE & IITs & abroad education
5. 65- 70 marks- IISc
6. 70+ marks- PSU jobs

PSU/ Govt. Jobs: ISRO, BARC, ONGC, CSIR, HP, Indian Oil, GAIL, NHPC, BHEL, NTPC, BSNL, Bharat Electronics. Average salary of PSUs is between 6 to 8 LPA.

The speaker concluded the topic by giving an example that pre Covid situation the candidate scored >1000 and post Covid AIR 67. At last, he said that Sooner the better, Let's not regret later! Which is highly motivating.

The session was very informative and interactive. It ended up with vote of thanks by Prof. V. D. Kulkarni This webinar proved to be one of the guide to students to actualise their career dreams by right decision and right education in the future.

7. Webinar on "A journey of an entrepreneur: Local to Global"

An international webinar on "A journey of an entrepreneur: Local to Global" was organized by the Students' Association of BVCOEW in Bharati Vidyapeeth's College of Engineering for Women, Pune for third and final year students. The webinar was organized under AICTE SPICES grant on 8th October 2021. The speaker of the webinar was Mr. Amit Savargaonkar, Co-founder of Glasban limited-Irelandand founder and CEO of Umbrella group of companies called Pineapple Group.

Our college has recently got the AICTE: Scheme for promoting interests, creativity, and ethics among the students i.e., SPICES grant under the coordination of Prof. Dr. S.R. Patil sir, Principal, Bharati Vidyapeeth's College of engineering forwomen, Pune and Dr.V.R. Pawar mam, Associate Professor, Electronics and telecommunication Department. Dr. S.R.Patil sir gave the introductory speech and explained about the activities conducted under SPICES.

Next, the guest speaker explained about his whole journey in entrepreneurship. Starting from the college days, job and his passion about doing something out of the box, he told us how his journey as an entrepreneur began. Thespeaker made us aware about the different phases in an entrepreneur's journey and what mistakes he made that affected his startup. The speaker elaborated the numberof challenges required to make setup and also discussed on the points to be considered for main failure, what are different ethics to be followed while planningstart up. Some of the challenges the speaker faced by the speaker during his journeywere marketing and sales of the product, funding and investment, product design, etc.

The speaker gave us a view of the entrepreneur's journey, starting from a local startup and expanding it to a global level through his own story and experience. The webinar was very informative and was be very inspiring for students

Report of webinar on "Training Demo on Soft skill, Aptitude and Technical Preparation"

A seminar on "Training Demo on Soft skill, Aptitude and Technical Preparation" was organized on 11th March 2023 by Ms. Rohini Jain and her team members from 'Carpe Diem Boot Camp ', Pune for third year students. The session was started by an introduction from Principal Sir, Prof. Dr. S. R. Patil about the topic, then Training Cell In charge Prof. S. T. Khot continued the session with the importance of training and motivated students for different training options. The session further continues with introduction of the Honourable Speaker's by student.

The guest started session with very beautiful interaction of speaker and students with the use of chat box. The session further followed by a brief on the self or one's desires, dreams, passions and motivations. The speaker interacted with students for each point, taken input and gave the tips on how to increase their self-esteem, boost confidence and how one can excel in any area like coding, communication skill etc. Students were encouraged to be optimistic. The session was ended with very many feedbacks given by students, and lastly vote of thanks was given by student member.

Report of Webinar on "Training Demo on Aptitude and Technical Training"

A webinar on "Aptitude and Technical Training" was organized on 25th Feb 2023 by Mr. Aditya Wakodkar, Mr. Patyus Partye, Mr. Vivek from 'Seventh Sense Technology, ', Pune for second year and final year students. The session was started by an introduction from Principal Sir, Prof. Dr. S. R. Patil about the importance and requirement of training for placement.

The session further continues with introduction of the Mr. Vivek, Technical Trainer by student.

The technical session conducted by Mr. Vivek The session continues by giving introduction of python programming language. The speaker explained all the applications of the python programming language also he showed the comparison between the same small program in different programming language along with python. Then session moves towards the second part of Aptitude training. Mr. Prtyush Partye gave students the tricks and tips for the Aptitude exams and how to work smartly in aptitude exams. The speaker also shared experience to make students more motivated and dedicated towards smart learning process.

From that all students get that how easy is python to learn and how interesting aptitude skills are it was totally an amazing and full of knowledge experience for the students.

At the end student gave a vote of thanks to the speaker

Report of webinar on "Data Structures"

A webinar on "Data Structures" was organized on 15th September 2022 by Mr. Nagesh Mhetre, Pune for second year students. Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the webinar. He interacted with the students and mentioned importance of learning the subject as well as focusing on future scope.

The main key-factors of this webinar were highlighted by the speaker Mr. Nagesh Mhetre. The first thing he enlightened us was about the scope of Data structures after degree completion like in core electronics, tele-communication field, software jobs, end user and technical support. It also contained information about types of languages i.e. High level language and low level language along with their instructions and examples. Furthermore, it consisted instructions about the steps in program development and how coding play a crucial role. Then, it was followed with detailed classification of data Structure. The session was very informative, all doubts of the students were cleared. The way he conveyed the concepts was very understandable and easy to grasp. Overall, this webinar was productive and gave the students an opportunity to expand their knowledge. The webinar was very interactive and beneficial for students,

Report of seminar on "Cross Platform Mobile App Development"

6th July 2018, Friday

A seminar on topic "Cross Platform Mobile App Development" by Mr. Manish Singh, ATS Learning Solutions, Pune. This seminar was held for SE I.T & TE I.T students on 6th July 2018, friday from 10:00a.m. to 11.30a.m. in the classroom (205). The seminar was conducted successfully in the valuable presence of H.O.D. I.T. Prof. Dr.D.A. Godse.

The program started with the welcome speech by Miss. Nayan Wandle and introduction of speaker by Miss. Pratiksha Khopade. Prof. Dr.D.A. Godse felicitated speaker and addressed the audience. A short presentation about ITechS'A was delivered by Miss Saskhi Singh.

Mr. Manish Singh started his speech with what actually is a "Hybrid" mobile app. He explained the importance of learning languages HTML, CSS & Javascript. He advised the students to master in technical fields and soft skills and elaborated about the concept of cross platform mobile application development. He briefed us about the Microsoft certified courses and exam on CPMA. A training workshop was conducted to prepare the students for the exam.

The conduction of this event of ITechS'A was a grand success.

Report of workshop on "Hands on Python Programming"

3rd August 2019, Saturday

A workshop on topic "Hands on Python Programming" by the speaker Mr. Atul Wadkar, Director Algorithmic Electronics, Pune. The workshop was held by the ITechS'A Student Association of IT dept. BVCOEW, Pune. This workshop was held for TE IT students on 3th August 2019, Saturday from 11.00 a.m. to 12.30 p.m. in 205. The workshop was conducted successfully in the valuable presence of HOD IT, Prof. Dr. D.A. Godse.

Program started with a welcome speech by Miss.Meenakshi Sinha and introduction of speaker by Miss.Trupti Banne. HOD IT Prof. Dr. D.A.Godse felicitated the speaker and addressed the audience. A short presentation about ITechS'A was delivered by Miss Meenakshi Sinha.

Mr. Atul Wadkar started his workshop with the introduction on Hands on Python Programming. He explains basic functions in Python Programming and also the advantages of learning Python Programming .Python simple, easy to learn syntax emphasizes readability and therefore reduces the cost of program maintenance. At the end of the workshop a question-answer session was held. Miss.Trupti Banne delivered the vote of thanks.

The conduction of this event of ITechS'A was a grand success for everyone.

Report of Webinar on "Benefits and Career Opportunities with Gate"

10th October 2020

A webinar on the topic "Benefits and Career Opportunities with Gate" by the speaker Mr. Akash Pushkar was held for the students of TE-IT on 10 October 2020.

Webinar started with the introduction on Gate Exam by the speaker Mr. Akash Pushkar. The introduction covered the role that Gate Exam plays on job opportunities. The Gate exams covers realistic problem and hence clearing this exam makes an employee eligible for highly reputed and govt. companies with high packages.

Further in the session they guided for preparing for the Gate Exam. Since this exam is one among the toughest exam held, they provided the structure of Gate Syllabus and delivered the important topics to be made focus on more for particularly IT/CS students. The session was totally knowledgeable proper guidance for gate exams.

Subject: Invitation to conduct a workshop on "Data Structure and Algorithms".

Respected Sir,

    As a part of extra-curricular activity and guiding about "Data Structure and Algorithms", we invite you to conduct the workshop on "Data Structure and Algorithms". Your knowledge will be helpful for our students in their future. So, we request you to share your knowledge and experience on the same topic with us.

Date:- 24/08/2021 & 25/08/2021
Time:- 11 A.M. Onwards

Thanking you,
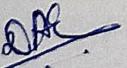

Yours Sincerely,

Prof. Dr. D. A. Godse

To,
Coding Ninjas

Respected Sir,

       We are very thankful to you for the successful conduction of a workshop on "DATA STRUCTURE AND ALGORITHM", on 24/08/2021 and 25/08/2021   for the students of TE IT and BE IT. Our students have really benefited by this workshop.

We hope for the same cooperation in future also.

Thank you.

Yours Sincerely,

Prof. Dr. D. A. Godse

Report of workshop on "Data Structure and Algorithms"

24th-25th August 2021

A workshop on the topic "Data Structure and Algorithm" by Mr Swapnil Gupta and Mr. Shantanu Shubham from Coding Ninjas was held for the students of TE-IT and BE-IT on 24th-25th August 2021.

Workshop started with the introduction by the speaker. Then Mr. Swapnil Gupta addressed the student with the introduction of Data Structure and Algorithm. He gave brief information and also cleared all basic ideas about DSA.

On the next day, a session was conducted by Mr.Shantanu Shubham on "How to crack the code of DSA". He explained to students how to attempt Data Structures and Algorithm problems. Along with this, he also explained the complete flow for learning DSA.

Entire workshop was very informative and students learnt a lot about DSA and also learnt to solve DSA problems with unique tricks.

No. of students Attended the workshop :-

Report of Seminar on "Programming Techniques"

30th August 2022

A Seminar on the topic "Programming Techniques", by Mr Nagesh Mhetre was held for the students of SE-IT on 30th August 2022.

Seminar started with the introduction of the speaker. Then Mr Nagesh Mhetre addressed the students by telling them about programming languages. He gave brief information about the basic 'C' programming language.

Moreover, Mr Nagesh Mhetre told about simple programs stated how we can enter password & it will automatically get converted * as a part of security and also he explained the different functions aligned in the library of C.

Seminar was very informative and students learnt a lot about basic C programming language and got proper guidance regarding this language.

Report of the seminar on "Higher Education and Career Opportunities"

06th February 2023

A seminar held by ITechS'A on the topic "Higher Education and Career Opportunities", by Ms. Vinisha Sunil Chavan (Study Abroad -Team Lead) was scheduled for the students of BE-IT on 6th February 2023.

Seminar started with the introduction of the speaker outlining her work experience of 6 years in the overseas industry and her experience in many countries. Then Ms. Chavan addresses the students by sharing her knowledge about the IELTS exam and the opportunities to study abroad in various countries. She gave brief details about the important factors required for students to get admitted to a reputed university.

Moreover, Ms. Chavan brought into realization about the challenges the students may face in other countries and also provided the solution to tackle such situations. She gave the information about the scholarship programs held for students studying abroad and the opportunities to earn and learn in the other countries.

The seminar was very informative and students learn a lot about the factors required to study smart overseas and the importance of IELTS. The speaker cleared all the doubts of the students and provided proper guidance for overseas education and IELTS. The seminar ended on happy note.

Computer Engineering Student Association (CESA)

Workshop on "C and C++ programming"

Brief Report of Activity

</div>

Workshop on C and C++ programming was conducted by Bharati Vidyapeeth's College of Engineering for Women for Second Year Computer Engineering students by Computer Engineering Student Association (CESA) on 11th July 2018. This Workshop was conducted by Mr. Tushar B. Kute. This Workshop was conducted in the valuable presence of Vice president Prof. Kale and CESA coordinator Prof. J. D. Jadhav.

The program started with the introduction of the speaker Mr. Tushar B. Kute by Prof. P.D.Kale. He was a Lecturer, Assistant professor and presently a Researcher in MITU Skillologies. Then Mr. Tushar B. Kute was felicitated by Prof. P.D.Kale and Prof. J. D. Jadhav. It was 24hours workshop completed in 4 days. It was organized for strengthening the base of C and C++ programming language. Mr. Tushar B. Kute guided us about the concepts of C and C++. Every day at end he gave 5 assignments. Those were interesting logical problem statement. He gave us programs to solve after explanation of each concept. He also emailed us important notes to refer and books for other languages. He informed us everything about the language from its formation and year to its current importance. He also shared the importance of women in computer engineering. At the end of 4th day Ms. Vanshika Shah , Ms. Pranjali Salunke and Ms. Subhu Trivedi shared their experience It was very informative, interactive and interesting workshop.

Workshop on "Android Application Development"

Brief Report of Activity

Seminar on "Android Application Development" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year Computer Engineering by Computer Engineering Student Association from 17th July to 19th July 2018. This Seminar was conducted by Mr. Pradeep Narayankar, Professional Trainer, PHP Technology Pvt. Ltd, Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale& CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by CESA President, Miss Vaishnavi Puranik.Mr. Pradeep started the workshop with basics of Android. The students made around 10 applications on their own by the end of the 3-day workshop. On last day of workshop, a group session for discussion of mini-project was kept with all the teams. Seminar was very interesting, informative and interactive.

<div align="center">

BharatiVidyapeeth's College of Engineering for Women

Department of Computer Engineering

Computer Engineering Student Association (CESA)

Workshop on "Python Programming"

Brief Report of Activity

</div>

Workshop on"Python Programming" was organized in BharatiVidyapeeth's College of Engineering for Women for Third year Computer Engineering students by Computer Engineering Student Association (CESA) on 3rd August 2019 from 11:00 – 1:00 pm. This workshop was conducted by Mr. AtulWadkar who is Director of Algorithmic Electronics, Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale& CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss MamataNegi. HOD felicitated speaker and addressed the audience. Mr. Atul explained us the need of programming languages. He explained us the ambiguity of languages like Hindi, English etc. He gave us example of why we can't use our native language for programming. He explained us the difference between different programming languages. He also gave us a brief history of Python language. He made us familiar with the applications of python. He explained us how python would be useful and necessary for the 3rd Evolution in technology. After completing the introduction and discussing the advantages of python we started with coding part. Before starting he asked if anyone had any problems in installing the Python then he explained us the problem statement and solved it. At the end of each program a Q & A session was conducted where doubts of the students were clarified. We solved few problem statements then we gave our feedback. He shared his contact details with students so that we can ask our doubts in future . This workshop was very important for students because it made us clear about which language we must study. It was a informative and interactive workshop.

Seminar on "Preparation For GATE Exam"

Brief Report of Activity

Seminar on "Preparation For GATE Exam" is organized in Bharati Vidyapeeth's College of Engineering for Women for Third year Computer Engineering by Computer Engineering Student Association on 09/08/2019. This Seminar was conducted by Mr. Amulya Ratan , Wani Institute , Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Mamata Negi. . HOD felicitated speaker and addressed the audience. Mr. Amulya Ratan guided all the students about the "Preparation For GATE Exam".GATE is really important, keeping into mind the scope for future studies.He made us understand that the aptitude in GATE exam is mostly dependent on Engineering Aptitude. Keeping this into mind he made us understand how easier it would be if we start preparing for GATE exam right from the third year. Methodology given by him for the gate preparation were very helpful. Towards the end of the session a Q & A session was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive.

"One Day Workshop on Personality Development"

Brief Report of Activity

Seminar on "**Personality development**" was organized in Bharati Vidyapeeth's College of Engineering for Women for Second year and Third year Computer Engineering students by Computer Engineering Student Association (CESA) on 1th October 2019 from 9:00am – 4:00 pm. This workshop was conducted by Ms.Prajakta Gaikwad who is Corporate Trainer, from 9Ledge Pro(Microsoft Authorised Education Partner), Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker. HOD felicitated speaker and addressed the audience. Ms.Prajakta told us the importance of Personality Development .She explain the need of Personality Development in Professional field and day to day life of student. She told us how to introduce our self to others. She explained us the different factors which represent our personality. We got the importance of positive thinking and how we can implement it through our actions. She guides us on important topic which helps us to enhance our knowledge and personality. She told us about technical environment in IT industry and to get evolved in that environment with confidence. She briefly told us about the team work, Coordination in team, time management, logical thinking, Problem solving and creativity.

She guides us on How to crack the interview. The basic Concepts which we need to prepare before going for any interview. This Seminar was important for students because it made a very entertaining environment. It helped us to make engineering with more confident personality. It was a very informative seminar.

Seminar on "Preparation For MBA"

Brief Report of Activity

Seminar on "Preparation For MBA" is organized in Bharati Vidyapeeth's College of Engineering for Women for Third year Computer Engineering by Computer Engineering Student Association on 25/09/2019. This Seminar was conducted by Dr. Shriram Joshi ,Director & Mentor of T.I.M.E , Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Siddhi Chaukade. HOD felicitated speaker and addressed the audience. Dr. Shriram Joshi guided all the students about the Preparation For MBA by making us understand how MBA equally important like other higher studies option. By Understanding this importance students could now also think of MBA as a better option for further studies and he himself being an experienced person in the field, he shared useful experience which were worth listening. Towards the end of the session a Q & A session was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive.

Workshop on "Python programming"

Brief Report of Activity

Workshop on "Python Programming" was organized by computer engineering department , Bharati Vidyapeeth's college of Engineering for Women. The workshop was organized by Mrs. Jayashree maam and supported by Mr. D.D.Pukale HOD computer Dept. This workshop was conducted by Mr. Suresh Pal.

The aim of the workshop was to provide a training to the students on the use and benefits of Open Source Software.The following aspects of Python Programming was covered. Introduction to Python programming , Control structures , Functions & Modules ,Object Oriented Programming,CRUD Operation, SQL LITE,DataBase, Making GUI from tkinter,Fundamentals of Data Structure etc.The workshop duration was from 31 st Aug 20 to 12th Sept 20.

The workshop was well attended by 20 (2 from IT, 3 from EnTC and 15 from Comp) students from different stream of engineering. The expert gave valuable practice ideas and improving the effectiveness of Python Language teaching in Online Lecture. The primary purpose of this workshop was to explore the importance of teaching python and to find the alternative solutions to the problems of python.

During this workshop the sir has provided daily recording of the sessions which helps the students to practice daily and clear their doubts. As this session was online but the coordination of sir and the students was great. During this session we made various projects , and sir to helped us in prepare this project and give us many ideas to make it perfect and successful.

The workshop received an excellent feedback from the participants and they had appreciated the method of delivery, model programs and the hands-on exercise. The participants were provided with course material another reading material in a DVD .They have provided a participation certificate to each candidate. Workshop was very useful for us and very interactive.

Data Preprocessing and Visualization using Pandas

Brief Report of Activity

Workshop on **"Data Preprocessing and Visualization using Pandas "** was organized in Bharati Vidyapeeth College of Engineering for women for Third Year Computer Engineering by Computer Engineering Student Association on *12th March 2021*. The Webinar was conducted by *Mr.Atul Wadkar,* AI-ML/IoT Trainer, Algorithmic Electronic.

The Session Started at 03:00 PM with an introduction from Ms. Madhavi Gaikwad from TE COMP. Mr. Atul firstly started with the basics of Data Preprocessing and why and how it is important to process the data for the Machine learning Algorithms.

Later in the session, Mr.Atul showed us ho install the Pandas library for programming. After installing the Pandas he used 2 data sets and showed us practically how to process the data. Also showed that how using Pandas Library is better than the traditional approach. Then he introduces us to the 'CSV' formate of data and showed us how to load the CSV file using pandas. And told us other useful sources and search engines from where we can fetch datasets.

In the Second half of the session, Mr.Atul started with preprocessing the data and explained what is dirty data and how to identify the same. After identifying the Dirty data or wrong formate data he explained how to fix and deal with such kind of data with the help of pandas rather than going through the dataset manually.

Towards the end of the session a Q & A session was conducted where doubts of the students were clarified. The seminar was very interesting, informative, and interactive. The session was concluded with a Thanks Giving by Ms. Rutuja Jagtap from TE COMP.

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering

Computer Engineering Student Association (CESA)

Webinar on "ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING"

Brief Report of Activity

Seminar on "ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING" was organized in BharatiVidyapeeth's College of Engineering for Women for Third year Computer Engineering by Computer Engineering Student Association on 5th Aug 2020. This Seminar was conducted by Mr. RiteshMauri (Head instructor of Logixcode Education) and Mr. Ravi Randale. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale& CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of expert by Student Miss RutujaJagtap. Prof. J. D. Jadhav felicitated speaker and addressed the audience.

Mr. Ravi Randaleguided all the students about the brief Introduction of Artificial Intelligence and Machine Learning in today's life , the need of the industry , career opportunities in the field ,What is AI and ML ,industries using AI ,Future of AI and also about benefits and much more. Further the micro details about the above mentioned all the topics of Artificial intelligence and Machine learning were shared with us by Mr. Ritesh Mauri.He gave us the all information about it .He covered all the topics mentioned by Mr. Ravi Randale .

Towards the end of the session a Question and Answer session was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive .

The session ended with the vote of thanks given by the student Miss. Sumat .

Webinar on "MBA As A Career Option"
Brief Report of Activity

Webinar on "MBA As A Career Option" was organized in Bharati Vidyapeeth College of Engineering for women for Third Year Computer Engineering by Computer Engineering Student Association on 2nd September 2020. The Webinar was conducted by Mr. Anuj Khannaof Triumphant Institute of Management Education Pvt. Ltd (T.I.M.E), Pune, Maharashtra.

The session started at 10.30am with greeting from Mr. Anuj Khanna asking us the plans for our future after graduation. As students answered the question, the most common answer was Post graduation. In the webinar Mr. Anuj told us the importance of future planning and the role MBA will play in making our future more successful. Advantages/reasons of doing MBA was discussed in the webinar. We got to know some of the prestigious institute for getting a degree in MBA.

He also told us that current students of IIM, ISB, and MDI and other students aregetting the chance to serve the nation under Coronavirus Internship. And explained the impact of Covid-19 on MBA and Jobs. He told about the latest placement and the per annum salary of those who has completed MBA.

Towards the end of the session a Q & A session was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive and it cleared the future doubts of many students.

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering

Computer Engineering Student Association (CESA)

Webinar on "Introduction to Entrepreneurship"

Brief Report of Activity

Webinar on "**Introduction to Entrepreneurship**" was organized in Bharati Vidyapeeth's College of Engineering for women for Third Year Computer Engineering by Computer Engineering Student Association on 16th September 2020. The Webinar was conducted **by Mr. Rajkumar, a certified trainer of Entrepreneurship from Weisheit Institute, Pune.**

The Session started at 10.30am with the greeting from a second-year student. She gave a little introduction of the webinar's topic and welcomed the resource person Mr. Rajkumar. Then Mr. Rajkumar sir started the webinar. He asked that how many of us wanted to start their own company i.e., start-up. Many students said that they are interested in starting their own start-up. Then he first told us the meaning of the word "Entrepreneurship". Entrepreneurship is the art of starting a business, basically a start-up company offering creative product, process or service. An entrepreneur is a creator or a designer who designs new ideas and business processes according to the market requirements and his/her own passion.

He then went on to explain the characteristics of the successful entrepreneur- "To be a successful entrepreneur, it is very important to have managerial skill and strong team building abilities. Leadership attributes are a sign of successful entrepreneurs. Some political economists regard leadership, management ability, and team building skills to be the essential qualities of an entrepreneur." He told, an entrepreneur is an innovator, creator, borrower, purchaser etc. Some of the famous entrepreneurs are Azim Premji, Lakshmi Mittal and Ekta Kapoor.

We learnt that the performance of an entrepreneur is dependant on his/her ability and willingness to perform. Motivation is one of the fundamental factors required for an entrepreneur to promote his/her idea. He further told us that there are **6Cs** that motivate entrepreneurs- **Change, Challenge, Creativity, Control, Curiosity, and Cash.**

In the end, he told us some tips that will help us to become a successful entrepreneur and will definitely help us in future even if we don't want to be an entrepreneur. The webinar ended at 12pm.

HOD COMP Engg. Dept.
Workshop on "Data Structure And Algorithm " was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year and Fourth year Computer Engineering students by Computer Engineering Student Association (CESA) on 24/08/2021 and 25/08/2021. This Seminar was conducted by two speakers Mr. Swapnil and Mr. Shantanu Shubham. The webinar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale and CESA coordinator Prof. J. D. Jadhav.

The workshop was held on two days 24th and 25th August .On the Day 1 of the workshop the speaker was Mr. Swapnil. He started with what is data structure and why we need it. After making us realize the importance of the data structure he started with explaining very basic concepts that we are bound to skip on like primitive and non primitive data structure , Asymptotic Notation . He then took us over the various data structure the Array, Linked List, Stack , Queue. He also taught us about calculation time complexity of a block of code efficiently. Overall the Day1 of the workshop was very informative .
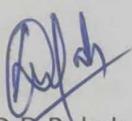

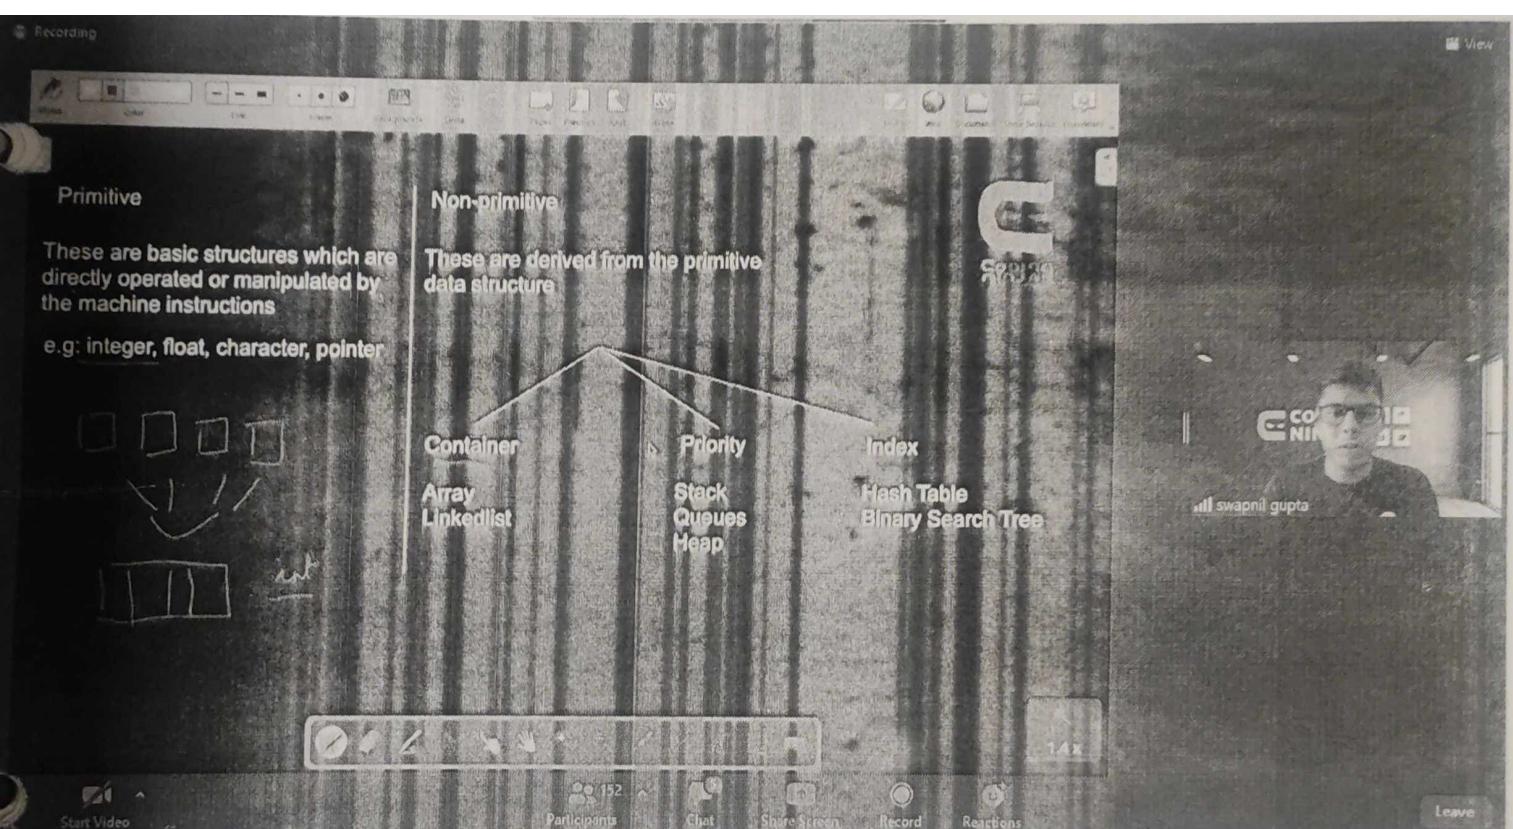

On the Day 2 of the Workshop we had Mr. Shantanu Shubham as the speaker. On Day 2 of workshop we discussed on certain important topic like relevance of Data structure and algorithm for software development, How much maths contributes in effective learning of data structure and algorithm. He gave a road map for Data structure and Algorithm. The workshop was a quick revision and brush up of the basic concept of Data structure.

The Webinar was really beneficial as we came to know various importance of Data structure in the software development . Various concepts of data structure got brushed up. The Webinar was very interesting, informative and interactive.

Prof.J.D.Jadhav

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering

Webinar on Blockchain Technology

Brief Report of Activity

Webinar on "**Blockchain Technology**" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third-year and Second –year Computer Engineering Under the CESA . The guest speaker for the session was SANDEEP SINGH on 16/09/2021. Sandeep Singh who An Open-Source enthusiast who writes code out of the profession and loves to engage in tech communities out of passion. The seminar was conducted successfully in the valuable presence of Prof.J.D.Jadhav.

The program started with the welcome speech and introduction of the speaker by Student Miss Sukhpreet Kaur. Mr. Sandeep Singh then started his presentation on 'Blockchain Technology'. He started the webinar with explaining us the importance of data bases, What they do and why they are important . He took example of youtube and google to explain us the importance of data bases and how huge amount of data is manages with massive servers . With this he then started explain us what block chain is and how it works. He explained us the importance of blockchain in this evolving technology. He also explained what decentralized system is and how is it important .

The Webinar was concluded with a sincere vote of thanks by Student Miss. Dhanashree Pawar. Overall, it was really beneficial as we came to know about the importance of Blockchain.

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering
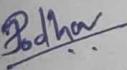

Computer Engineering Student Association (CESA)

Webinar on "Microsoft Azure ML certification"
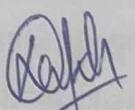

Brief Report of Activity

Webinar on "Microsoft Azure ML certification" was organized in Bharati Vidyapeeth's College of Engineering for Women for Second year and Third year Computer Engineering and Information Technology students by Computer Engineering Student Association (CESA) on 22/09/2020. This Seminar was conducted by Mr. Manish Kumar Singh who is presently the Head of (Institutional Collaborations in Microsoft) (ATS learning solutions) and also a Marketing Head. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale and CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Sukhpreet Kaur. Mr. Raj kumar then started his presentation on Microsoft Azure ML certification. He started with explaining us the importance of skilled graduated in the industry, idea by stating instances in times of India and various other news papers. He explained that the companies are ready to pay more but are un willing to invest their time in the candidate for training. We all also had a discussion on "difference between certification and certificate". We all learnt that in order to land in a good job with handsome package we need to upskill ourselves. We came to know about the Microsoft certification in ML.

The Webinar was really beneficial as we came to know about the importance of Machine Larning and how this technology is at boom in present. The Webinar was very interesting, informative and interactive.

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering

Computer Engineering Student Association (CESA)

Webinar on Internship for developing the portfolio

Brief Report of Activity

Webinar on "Internship for developing the portfolio" was organized in Bharati Vidyapeeth's College of Engineering for Women for Second year and Third year Computer Engineering and information technology students by Computer Engineering Student Association (CESA) on 30/09/2020. This Seminar was conducted by Mr. Sachin Mohite who is presently Executive Director SPACE for ECE and also a Sr. Program Manager with 14 years of experience in Technology, Education and Research. Efficiently directed Corporates and Non-profit organizations. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale and CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Sukhpreet Kaur. Mr. Sachin Mohite then started his presentation on Internship for developing the portfolio. He started with explaining us the importance of internships, idea by giving examples of hies students. He explained importance of internships still prevails and it brings out the most in one. We all also had a discussion on "paid or unpaid internships". We all learnt that success is a learning process and we gain a lot during this process and realized that the definition of success varied from person to person. He also explained the importance of selecting correct internship. We came to know the various domains and the importance of internships in them.

The Webinar was really beneficial as we came to know about the importance of internships and how each one of us can strive hard to get internship during graduation. The Webinar was very interesting, informative and interactive.

Bharati Vidyapeeth's College of Engineering for Women.

Department of Computer Engineering

COMPUTER ENGINEERING STUDENT ASSOCIATION (CESA)

Seminar on "Engineering is Awesome"

Brief Report of Activity

The seminar on "Engineering is Awesome" was organized in Bharati Vidyapeeth's College of Engineering for Women. It was arranged for the Second year Computer Engineering students by Computer Engineering Student Association (CESA) on 25/03/2022. This seminar was conducted by Mr. *Raghvan Koli* who is a Founder, Author, and Motivational Speaker. Also, he is the author of the novel 'The Conqueror of Destiny'. He is actively associated with NGO Help desk education, Pune. This seminar was conducted successfully in the valuable presence of H.O.D, Prof.D.D.Pukale and CESA co-ordinator Prof.J.D.Jadhav.

The program started with a word of welcome and an introduction of the speaker. Mr. *Raghvan Koli* himself was a source of motivation for all the students. He started by explaining the importance of positive thinking and cheerfulness which brings optimism into life and such constructive changes can make each one of us brighter and more successful people. He shared his personal life experiences and also about how he overcame all the failures which came in his path of fate and how he became *THE CONQUEROR OF HIS DESTINY*. He also highlighted the importance of *SELF LOVE* and *peace of mind*. Later he gave us a glimpse of his novel and encouraged us to read it too.
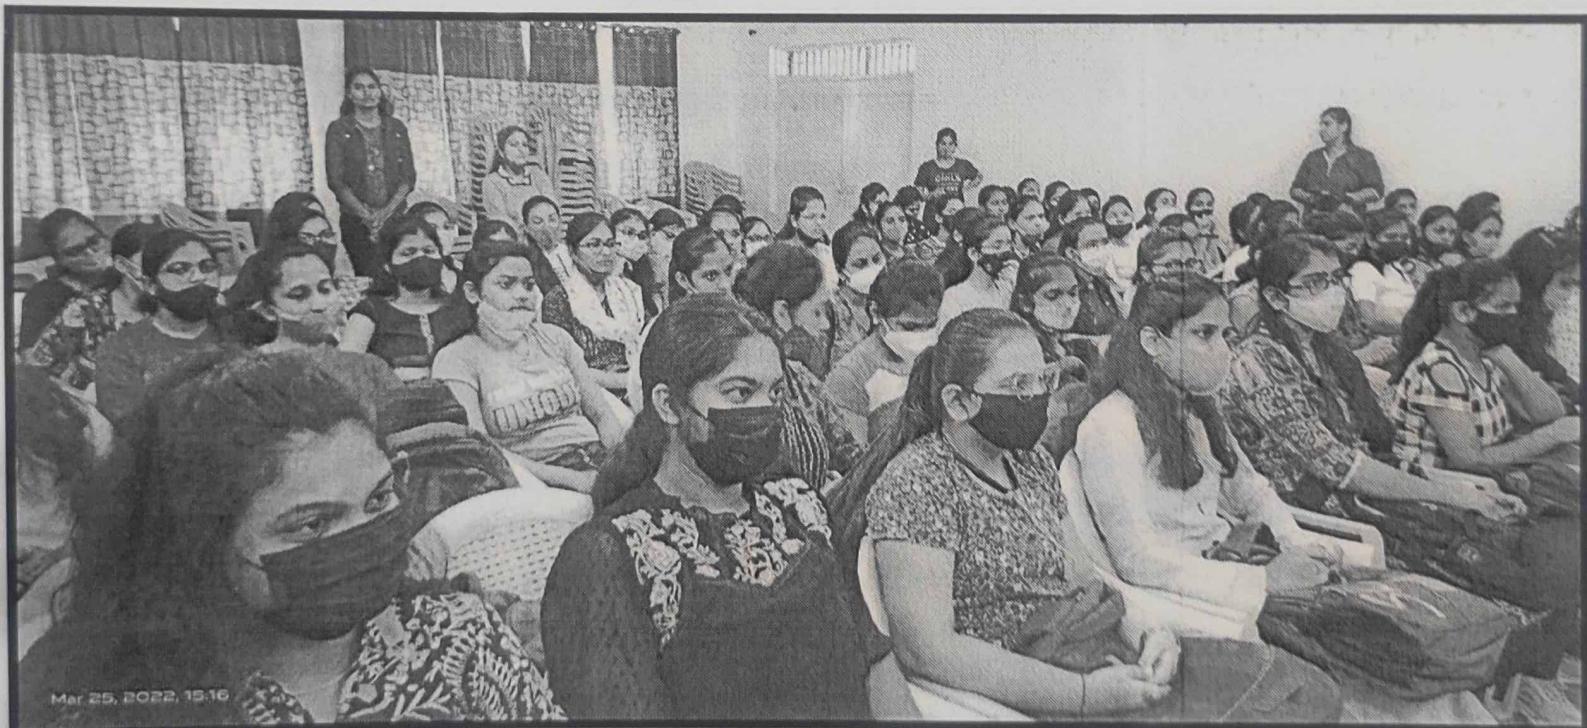

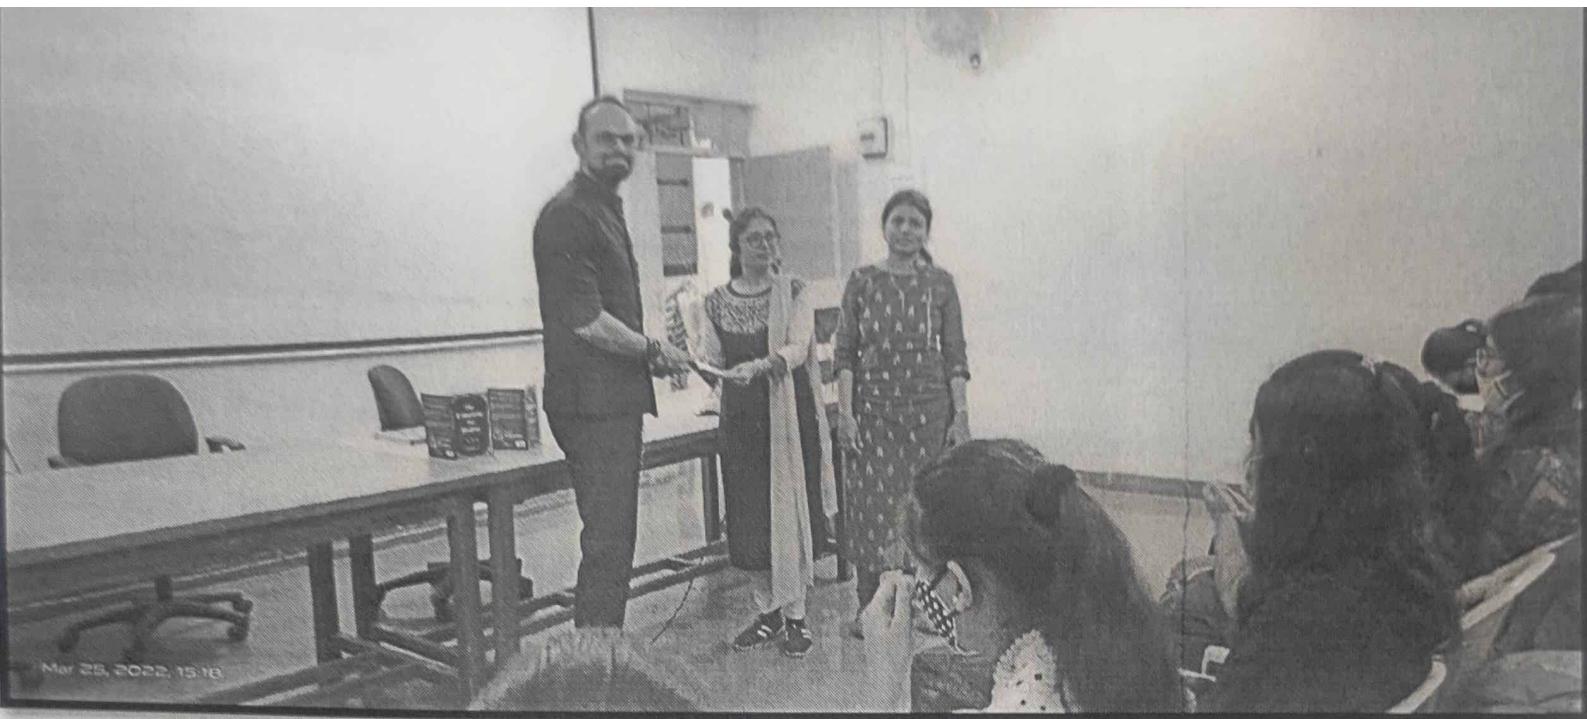

This seminar helped students to understand that "A positive mindset brings positive things". Overall it was a fun-loving and a power pact motivational seminar for all the students.

Workshop on Python Programming for Machine Learning

Brief Report of Activity

Workshop on "**Python Programming for Machine Learning**" was organized in Bharati Vidyapeeth's College of Engineering Women, for Second year Computer Engineering students. It was conducted on 23/11/2022 and 24/11/2022. The guest speaker of the workshop was Mr. ATUL WADKAR. He is an Open-Source enthusiast who is Director at Algorithmic Electronics, Pune with 10+ years of experience in IoT, AI-ML Development and Training.

The program started with the welcome speech and introduction of the speaker by Student Miss Malishka Salke. Mr. Atul Wadkar then started his presentation on 'Basics of Python' with the explanation about the importance of python ,basics such as syntax, datatypes, its basics and gave various assignments to perform . He explained us about AI-ML, he also engaged us by giving assignments on topics we learned related to AI-ML. He showed a detailed presentation on importance of AI-ML. At the end of the session we completed a mini project on Alexa where-in we customized it according to our own choices.

The Workshop was concluded with a sincere vote of thanks by Student Miss. Ramya Vaddempudi. Overall, it was really beneficial as we came to know about the importance of Python as well as AI-ML

Seminar on

Higher studies opportunities and IELTS examination

Brief Report of Activity

Seminar on "Higher studies opportunities and IELTS examination" was organized in Bharati Vidyapeeth's College of Engineering for Women for third - year Computer Engineering students Under the CESA . The guest speaker for the session was Mr. Rahul Kamble on 20th September 2022. Mr. Rahul Kamble is senior IELTS operation executive. The seminar was conducted successfully in valuable presence of Prof.N.I.Dalvi. The program started with the welcome speech and introduction of the speaker.

There are some other examinations but the main focus was on IELTS examination. The speaker gave information about all the criteria which is require for IELTS examination. He told about all the syllabus which is required to pass the examination. IELTS is accepted bymost Australian, British, Canadian, European, Irish and NewZealand academic institutions, by over 3,000 academic institutions in the United States, and by various professional organisations across the world.at last, students asked some questions related to this examination. The overall session was so interactive and informative. One of student gave vote of thanks and the session ended.

Seminar on <u>career opportunity in armed forces</u>

<u>Brief Report of Activity</u>

Seminar on " **career opportunity in armed forces**" was organized in Bharati Vidyapeeth's College of Engineering for Women for second - year and third - year Computer Engineering Under the CESA . The guest speaker for the session was GP Sanjay Petkar on 23rd September 2022. Cp Sanjay Khetkar who is a retired soldier. He has experienced and worked almost all fields in army. He was the part of cargil war, he has done many rescue missions, he was a pilot in air force also. The seminar was conducted successfully in valuable presence of prof. Kavita Sawant and prof. Nilam Dalavi.

The program started with the welcome speech and introduction of the speaker by Student Miss Mitali Chavhan. Mr.Petkar started his presentation on career opportunities in armed forces. He started the session with explaining about him and his work first. he was so experienced. He started with Indian army. He gave us the information about Selection process of technical and non-technical candidates and NSS candidates as well, the entrance exam and interview. The same about Indian air force and Indian navy. The selection process of these were slightly different. He explained that how life changes and how we develop personally by choosing this field .

The session was so interactive as well as informative. The Webinar was concluded with a sincere vote of thanks by Student Miss. Sae Jamdade. Overall, it was really beneficial as we came to know a lot of information about armed forces and we can make career in technical field in defense.

Seminar on

Carrier in IT Industry

Brief Report of Activity

Seminar on "**Carrier in IT Industry**" was organized in Bharati Vidyapeeth's College of Engineering for Women for second - year Computer Engineering students Under the CESA . The guest speaker for the session was Mrs supriya Lande on 23rd september 2022. Mrs. Supriya Lande she is trainer at IANT PVT.LTD. Supriya mam started her presentation on different domains in IT. He first taken some feedback and review from students about IT CARRIER. Some students gave responses also. He explained the reasons behind to offering these large amount of scholarships. She told that there are domains in software engineering, she explained some important trends in software and how to prepare if you want to do carrier in IT INDUSTRY . She told about their eligibilities and some successful students who got these types of placement and are working in famous companies. Overall to get placement in company, they must require skillset, talent, participate extracurricular activities do certifications courses etc. it's not compulsory that student is topper. The session was very interactive and informative. Ms. Sae Jamdade gave vote of thanks to guests and session ended.
