Report of seminar on "Cross Platform Mobile App Development"

6th July 2018, Friday

A seminar on topic "Cross Platform Mobile App Development" by Mr. Manish Singh, ATS Learning Solutions, Pune. This seminar was held for SE I.T & TE I.T students on 6th July 2018, Friday from 10:00a.m. to 11.30a.m. in the classroom (205). The seminar was conducted successfully in the valuable presence of H.O.D. I.T. Prof. Dr.D.A. Godse.

The program started with the welcome speech by Miss. Nayan Wandle and introduction of speaker by Miss. Pratiksha Khopade. Prof. Dr.D.A. Godse felicitated speaker and addressed the audience. A short presentation about ITechS'A was delivered by Miss Saskhi Singh.

Mr. Manish Singh started his speech with what actually is a "Hybrid" mobile app. He explained the importance of learning languages HTML, CSS & Javascript. He advised the students to master in technical fields and soft skills and elaborated about the concept of cross platform mobile application development. He briefed us about the Microsoft certified courses and exam on CPMA. A training workshop was conducted to prepare the students for the exam.

The conduction of this event of ITechS'A was a grand success.

Report of seminar on "An Insight into Advance Technology"

17th January 2019, Thursday

A seminar on topic "An Insight Into Advance Technology" was conducted by the speaker Mr. Pradip Narayankar. This seminar was held for TE IT on 17th January 2019, Friday from 10:00 a.m. to 11:00 a.m. in the classroom (205). The seminar was conducted successfully in the valuable presence of ITechS'A coordinator Prof.S.A.Hadke.

The program started with the welcome speech by Miss. Nikita Dhumal and introduction of speaker by Miss. Priya Ghosh. Prof.S.A Hadke felicitated the speaker and addressed the audience.

Mr. Pradip Narayankar started his speech about the importance of learning languages like HTML, CSS, Javascript and Angular JS. He advised to master in technical fields and soft skills. The students were told about the concepts of web application development in developing single-page applications. He told us about the Smart India Hackathon (SIH) and what kind of solutions the students can provide to solve pressing problems that we face in our daily lives. Vote of thanks was delivered by Miss. Pooja Veer.

The conduction of this event of ITechS'A was a grand success.

Report of seminar on "Github Repository"

27th February 2019, Tuesday

A seminar on topic "Github Repository" was conducted by the speaker Mr. Rahul Ahire, Linkcode Technologies, Pune. This seminar was held for TE IT students on *27th February 2019, Tuesday* from 2:00 p.m. to 3.00 p.m. in the classroom 205. The seminar was conducted successfully in the valuable presence of H.O.D. IT Prof. Dr. D.A. Godse and ITechS'A coordinator Prof. S.A. Hadke.

The program started with the welcome speech by Miss. Sakshi Singh and introduction of speaker by Miss. Akshita Chauhan.

Mr. Rahul Ahire started his speech with an introduction on Github. He told the students how it makes easy to contribute to open source projects and makes it project management easier. Later he demonstrated the use of Github starting with creating an account, importing projects on it and accessing it from a different location and modifying the codes. It was a very informative session. Vote of thanks was delivered by Miss. Sakshi Singh.

The conduction of this event of ITechS'A was a grand success.

Report of Seminar on "Cyber Security"

The Department of Information Technology organized a seminar on "Cyber Security" Mr. Shubhajit Poddar, Institutional Speaker & Chief Marketing Officer, 9Ledge Pro (Microsoft AEP) on 28th February, 2019, Saturday from 3 am to 4 am., in 205 Classroom for TE & BE IT students.

Program started with the welcome speech by student Ms. Anubha Roy. Then HOD Prof. Dr. D.A.Godse felicitated speaker and addressed the audience.

Mr. Shubhajit Poddar started with introduction to cyber security. They explained students about the cyber crimes that takes place and how we can avoid it. They also demonstrated how to hack the phones.

Session was very interactive. The students have got satisfactory answers for their questions.

The conduction of this ACM event was a grand success.

Report of seminar on "Python Programing"

1st March 2019, Thursday

A seminar on topic "Python Programing" by the speaker Mr. Qaidjohar Jawadwala. This seminar was held for TE IT students on 1st March 2019, Thursday from 10:00 a.m. to 11.00 a.m. in the classroom 205. The seminar was conducted successfully in the valuable presence of H.O.D. IT Prof. Dr. D.A. Godse and ITechS'A coordinator Prof. S.A. Hadke.

The program started with the welcome speech by Miss.Sakshi Singh and introduction of speaker by Miss.Harsha Pariyani. Prof. Dr. D.A. Godse felicitated speaker and addressed the audience.

Mr.Quidjohar Jawadwala started his speech with a small introduction on Python. He told the students about the benefits of using Python and why it is a widely used general-purpose, high level programming language. He compared python with other programing languages thereby justifying its popularity. Vote of thanks was delivered by Miss. Preeti Bhat.

The conduction of this event of ITechS'A was a grand success.

Report of seminar on "Android App Development"

2nd March 2019, Saturday

A seminar on topic "Android App Development" was conducted by the speaker Mr. Nilay Karade. It was held by the ITechS'A Student forum of I.T dept. BVCOEW, Pune for TE (I.T) students on 2nd March 2019, Saturday from 9:00 a.m. to 1:00 p.m. in the classroom (205). The seminar was conducted successfully in the valuable presence of H.O.D, Prof. Dr. D.A.Godse and ITechS'A coordinator Prof S.A. Hadke.

The program started with the welcome speech by Miss.Sakshi Singh and introduction of speaker by Miss. Sakshi Pandey. Prof. Dr. D.A. Godse felicitated speaker and addressed the audience in the presence of Prof.S.A. Hadke .

Before the seminar, the students were provided with a link to download the pre-requisites required for the seminar such as Android Studio, JDK, Virtual Box etc. Mr. Nilay Karade started the session with a brief introduction on basic building blocks of mobile technologies. Later he told about advance modules which includeed designing, effective navigation, programming fundamentals, hooking up widgets such as buttons, layouts, input elements, event handling etc. After this, the students practically worked on Android Studio and developed a basic Calculator and a Light Bulb game. It was a very interesting session and students learned to develop basic applications. Vote of thanks was delivered Ms. Priyanka Bhatia.

The conduction of this event of ITechS'A was a grand success.

Activity 1:

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering

Computer Engineering Student Association (CESA)

Workshop on "C and C++ programming"

Brief Report of Activity

Workshop on C and C++ programming was conducted by Bharati Vidyapeeth's College of Engineering for Women for Second Year Computer Engineering students by Computer Engineering Student Association (CESA) on 11th July 2018. This Workshop was conducted by Mr. Tushar B. Kute. This Workshop was conducted in the valuable presence of Vice president Prof. Kale and CESA coordinator Prof. J. D. Jadhav.

The program started with the introduction of the speaker Mr. Tushar B. Kute by Prof. P.D.Kale. He was a Lecturer, Assistant professor and presently a Researcher in MITU Skillologies. Then Mr. Tushar B. Kute was felicitated by Prof. P.D.Kale and Prof. J. D. Jadhav. It was 24hours workshop completed in 4 days. It was organized for strengthening the base of C and C++ programming language. Mr. Tushar B. Kute guided us about the concepts of C and C++. Every day at end he gave 5 assignments. Those were interesting logical problem statement. He gave us programs to solve after explanation of each concept. He also emailed us important notes to refer and books for other languages. He informed us everything about the language from its formation and year to its current importance. He also shared the importance of women in computer engineering. At the end of 4th day Ms. Vanshika Shah , Ms. Pranjali Salunke and Ms. Subhu Trivedi shared their experience It was very informative, interactive and interesting workshop.

Workshop on "Android Application Development"

Brief Report of Activity

Seminar on "Android Application Development" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year Computer Engineering by Computer Engineering Student Association from 17th July to 19th July 2018. This Seminar was conducted by Mr. Pradeep Narayankar, Professional Trainer, PHP Technology Pvt. Ltd, Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by CESA President, Miss Vaishnavi Puranik. Mr. Pradeep started the workshop with basics of Android. The students made around 10 applications on their own by the end of the 3-day workshop. On last day of workshop, a group session for discussion of mini-project was kept with all the teams. Seminar was very interesting, informative and interactive.

Seminar on "Codings"

Brief Report of Activity

Seminar on "Codings" is organized in Bharati Vidyapeeth's College of Engineering for Women for Second Year and Third year Computer Engineering by Computer Engineering Student Association on 1st Jan 2019. This Seminar was conducted by Mr. Ankur Kuma Founder of Codings9, Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Mamata Negi. HOD felicitated speaker and addressed the audience. Mr. Ankur guided all the students about the concepts of Time complexity and space complexity in coding. Towards the end of the session a Q & A session was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive.

Seminar on "Python language"

Brief Report of Activity

Seminar on "New Technologies" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year Computer Engineering by Computer Engineering Student Association on 28 Feb 2019. This Seminar was conducted by Mr. Narendra Kapre. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Nandini. HOD felicitated speaker and addressed the audience. Mr. Narendra told about the need to know the current trends in "Python Language" technologies and gave a little knowledge about Python Language. This session was so helpful for students for further career opportunities in python language. Towards the end of the session a Q & A session was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive.

Seminar on "Enhancing the technical skills"

Brief Report of Activity

Seminar on "Enhancing the technical skills" was organized in Bharati Vidyapeeth's College of Engineering for Women for second Year and third year, Computer Engineering under Computer Engineering Student Association on 6th Feb 2019 and 7th Feb 2019. This Seminar was conducted by Mr. Saudagar barde, CEO, eHiddenbrain Pvt. Ltd, Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav

Program started with the welcome speech and introduction of speaker by student Miss Nandini malviya. HOD felicitated speaker and addressed the audience. He had first told us about the need of internships and how it helpful in future job interview. He also told the information about eHiddenbrain app which is helpful for students in their studies. Towards the end of the session Q & A was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive.

Report of seminar on "Recent Technology"

A seminar was organized for SE students on 17th July 2018 on the topic "Recent Technology". The speaker were India 1st Robotics team from 'India 1st Robotics. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students about young generation team of India 1st Robotics and encourage the students. The speaker introduced India 1st Robotics. The skill can be categorized as soft skill, Technical Skill and time management skill. He also explained what current scenario in Industry and how we can manage to connect with industry. The speaker asked the students about their plans and suggested them to have at least one internship a year. He told about the industrial training. **Industrial Training** refers to a program which aims to provide supervised practical **training** within a specified timeframe.

At last, HOD, Prof. Dr. S. R. Patil asked students to do an internship and take the maximum advantage from it. A vote of thanks was given to the speaker.

Report of seminar on "IIOT DEMO"

A seminar was held on 23rd Feb 2019 for TE students on "Industrial IOT Demo" by Mr. Dinesh Joshi from 'Infinity X'. The session started by introducing the guest followed by briefing of HOD, Prof. Dr. S. R. Patil about the IOT, its applications and advantages.

The **Internet of Things (IoT)** is the network of physical devices, vehicles, home appliances and other items embedded with electronics, software, sensors, actuators, and connectivity which enables these things to connect and exchange data, creating opportunities for more direct integration of the physical world into computer-based systems, resulting in efficiency improvements, economic benefits and reduced human exertions. The IoT's major significant trend in recent years is the explosive growth of devices connected and controlled by the internet.

One of the key drivers of the IoT is data. The success of the idea of connecting devices to make them more efficient is dependent upon access to and storage & processing of data. For this purpose, companies working on IoT collect data from multiple sources and store it in their cloud network for further processing. This leaves the door wide open for privacy and security dangers and single point vulnerability of multiple systems.

The session was concluded by giving a vote of thanks to the speaker.

Report of seminar on "Introduction of social Learning network"

A seminar was organized for BE students on 17th July 2018 on the topic "Introduction of social Learning network". The speaker was Mr. Venkat Gudipati from 'WIISE positive shift'. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students about importance of use of social learning networks in studies and encourage the students to adapt new techniques.

The speaker, cofounder of WIISE started the speech with the idea of starting the site and different courses. In new generation, different techniques are required to be introduced instead of book and pen, so social learning media is the best example to start with. The different skills can be improved with these methods either by listening, reading, giving tests etc. and very important thing is when we get time we can start using it. Some examples really helpful to broaden the views. He focused on communication skill, coding practice, technology, design, etc.

A vote of thanks was given to the speaker.

Report of seminar on "Recent research technology"

A seminar was organized for BE students on 11th Sept 2018 on the topic "Recent research technology". The speaker was Mr. Mahesh Deshpande. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students about young generation team of India 1st Robotics and encourage the students.

The speaker introduced India 1st Robotics. The skill can be categorized as soft skill, Technical Skill and time management skill. He also explained what current scenario in Industry and how we can manage to connect with industry. The speaker asked the students about their plans and suggested them to have at least one internship a year. He told about the industrial training. **Industrial Training** refers to a program which aims to provide supervised practical **training** within a specified timeframe.

At last, HOD, Prof. Dr. S. R. Patil asked students to do an internship and take the maximum advantage from it. A vote of thanks was given to the speaker.

Report of seminar on "DSP Processor"

A seminar was held on 22nd Mar. 2019 on the topic "DSP Processor" by Mrs. Parul Jadhav from 'MIT WPU. The session started with the introduction of the guest followed by a speech by HOD, Prof. Dr. S. R. Patil. As this subject is part of the curriculum, he gave more emphasis on its learning.

Mrs. Parul Jadhav started the session with the advantages of DSP processor in syllabus. Further elaborated the advantages of these processor included for Job and project point of view. She taught the detail architecture of TMS 320c67xx processor, distinguish between ARM Processor and DSP processor, Instruction Set.

The seminar was concluded by a vote of thanks to the speaker.

Report of seminar on "Introducing New Avenues- NDT"

A seminar was held on 23rd Mar. 2019 on the topic "Introducing New Avenues- NDT" by Mrs. Mugdha Kale..The session started with the introduction of the guest followed by a speech by HOD, Prof. Dr. S. R. Patil.

Non destructive testing or non-destructive testing (NDT) is a wide group of analysis techniques used in science and technology industry to evaluate the properties of a material, component or system without causing damage. The terms non-destructive examination (NDE), nondestructive inspection (NDI), and non-destructive evaluation (NDE) are also commonly used to describe this technology. Because NDT does not permanently alter the article being inspected, it is a highly valuable technique that can save both money and time in product evaluation, troubleshooting, and research. The six most frequently used NDT methods are eddy-current, magnetic-particle, liquid penetrant, radiographic, ultrasonic, and visual testing. NDT is commonly used in forensic engineering, mechanical engineering, petroleum engineering, electrical engineering, civil engineering, systems engineering, aeronautical engineering, medicine, and art. Innovations in the field of nondestructive testing have had a profound impact on medical imaging, including on echocardiography, medical ultrasonography, and digital radiography.

The seminar was concluded by a vote of thanks to the speaker.

Report of seminar on "Introduction to Salesforce"

3rd August 2019, Saturday

A seminar on topic "Introduction to Salesforce" by the speaker Ms. Payal Mittal, Aethereus(Chief developer evangelist and technical architect), Pune. The seminar was held by the ITechS'A Student Association of Information Technology Departmen, BVCOEW, Pune. This seminar was held for TE students on 3rd August 2019, Saturday from 09.15 a.m. to 10.30 p.m. in Seminar Hall (008). The seminar was conducted successfully in the valuable presence of HOD IT, Prof. Dr. D.A. Godse.

Program started with welcome speech by Miss. Meenakshi Sinha and introduction of speaker by Trupti Banne. HOD IT Prof. Dr. D.A.Godse felicitated speaker and addressed the audience. A short presentation about ITechS'A was delivered by Miss Meenakshi Sinha.

Ms. Payal Mittal started his seminar with the introduction to Salesforce. She explain benefits of Salesforce Platform such as being a cloud based platform they give cloud services to different companies. They provides SaaS, Paas, IaaS. Then she also taught us about "How to create objects in Salesforce Platform" with example. Also advantages and disadvantages of Salesforce platform. At the end of seminar question-answer session was held. Miss. Anjali Singh delivered the vote of thanks.

The conduction of this event of ITechS'A was a grand success for everyone.

Report of seminar on "Internship Opportunities via acadflip app"

25th September 2019, Wednesday

A seminar on topic "Internship Opportunities via acadflip app" by the speakers Mr. Saudagar Barde, CEO, PIXAFLIP Technologies pvt.ltd. The seminar was held by the ITechS'A Student Association of Information Technology Department, BVCOEW, Pune. This seminar was held for SE, TE IT students on 25th September 2019, Wednesday from 10.00 a.m. to 11.00 a.m. in 207. The seminar was conducted successfully in the valuable presence of Mrs. S.A.Hadke.

Program started with welcome speech and introduction of speaker by Miss.TruptiBanne. Mrs. S.A.Hadke felicitated speaker and addressed the audience.

Mr. SaudagarBarde started their seminar with the introduction of acadflipapp . He explained basic opportunities of having Internship. Then He gave the brief information about acadflip app where we can plan for our Internship .Then He explained us the process for applying the Internship using acadflip app .At the end of seminar question-answer session was held. Miss. PriyankaBodke delivered the vote of thanks.

The conduction of this event of ITechS'A was a grand success for everyone.

Workshop on "Ethical Hacking and Cyber Security"

25th February 2020, Tuesday

A Workshop on the topic "Ethical Hacking and Cyber Security" by the resource person Mr. Parth Jamodkar, Mr. Priyanshu Parmar, Mr. Gorakha Bhosale and Raghav Sahu from Zplus Cyber Secure Technology Pvt. Ltd. The workshop was organised by the Student Development Section and Student Association of Information Technology (ITECHS'A) BVCOEW, Pune. This workshop was held for TE IT, BE IT and TE Computer students on 25th February 2020, Tuesday from 9.00 a.m. to 4.00 p.m. in 205.

Program started with a welcome speech and introduction of the speaker given by Miss. Anjali Singh. In the workshop there is a valuable presence of I/C Principal Prof. Dr. S.R. Patil and Department of Information Technology HOD Prof. Dr. D.A. Godse, felicitated resource person and addressed the audience.

Mr. Parth Jamodkar and Mr. Priyanshu Parmar started their workshop with the introduction of Ethical Hacking and Cyber Security. They explained the advantages and disadvantages of it, and how it works. They also took hands on sessions on it. Then Mr. Parth Jamodkar shared his experience in the field of Cyber Security. At the end of workshop question-answer session was held. Miss. Meenakshi Sinha delivered the vote of thanks.

The conduction of this event was a grand success for everyone.

Report of seminar on "Computational Model to Solve Industry Problems"

The Department of Information Technology organized a seminar on "Computational Model to Solve Industry Problems" by Prof. Dr. Prashant Dhotre, Associate Professor, DYP COE, Pimpri, on 1st August 2019, Thursday from 02.00 pm to 04.00 pm, in 205 Classroom for TE IT students.

Program started with the welcome speech by student Ms. Rishika Sharma.

Session started with the Introduction of Theory of Computation and basic concepts of finite state machines. The speaker also explained construction of DFA and NFA with epsilon moves.

At the end of session Prof. A. V. Kanade and Prof. M.A. Rane felicitated speaker. Session was very interactive and helpful. The students have got satisfactory answers for their questions

The conduction of this ACM event was a grand success.

Seminar on "Introduction to Python"

Brief Report of Activity

Seminar on "Introduction to Python" is organized in BharatiVidyapeeth's College of Engineering for Women for Second Year Computer Engineering by Computer Engineering Student Association on 18st July 2019. This Seminar was conducted by Mr. YogeshMurumkar of L&D infotechPvt Ltd, Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Jahnvi Sharma. HOD felicitated speaker and addressed the audience. Mr. Yogesh explain about basic functions of Python. He also told importance of Python in corporate sector. Towards the end of the session a Q & A session was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive.

Seminar on "Introduction to Core JAVA"

Brief Report of Activity

Seminar on "Introduction to JAVA" is organized in BharatiVidyapeeth's College of Engineering for Women for Second Year Computer Engineering by Computer Engineering Student Association on 18st July 2019. This Seminar was conducted by Mrs. ChaitaliBhalerao of L&D infotechPvt Ltd, Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale& CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Jahnvi Sharma. HOD felicitated speaker and addressed the audience. Mrs. Chaitali explain importance of JAVA programing and advantages and implementation in software development. Towards the end of the session a Q & A session was conducted where doubts of the students were clarified .Seminar was very interesting, informative and interactive.

Workshop on "Python Programming"

Brief Report of Activity

Workshop on "Python Programming" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year Computer Engineering students by Computer Engineering Student Association (CESA) on 3rd August 2019 from 11:00 – 1:00 pm. This workshop was conducted by Mr. Atul Wadkar who is Director of Algorithmic Electronics, Pune. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Mamata Negi. HOD felicitated speaker and addressed the audience. Mr. Atul explained us the need of programming languages. He explained us the ambiguity of languages like Hindi, English etc. He gave us example of why we can't use our native language for programming. He explained us the difference between different programming languages. He also gave us a brief history of Python language. He made us familiar with the applications of python. He explained us how python would be useful and necessary for the 3rd Evolution in technology. After completing the introduction and discussing the advantages of python we started with coding part. Before starting he asked if anyone had any problems in installing the Python then he explained us the problem statement and solved it. At the end of each program a Q & A session was conducted where doubts of the students were clarified. We solved few problem statements then we gave our feedback. He shared his contact details with students so that we can ask our doubts in future. This workshop was very important for students because it made us clear about which language we must study. It was a informative and interactive workshop.

Report of seminar on "Python Programming"

The Department of Information Technology organized a seminar on "Python Programming" by Mr. Parth Shukla, Corporate Trainer, 9Ledge Pro(Microsoft Authorized Education Partner), Pune, Pune, on 9th August 2019, Friday from 11.00 am to 12.00 pm, in 205 Classroom for TE IT students.

Program started with welcome speech by Miss.Mariya Rashid. Then Prof.K.B.Naik felicitated speaker and addressed the audience.

Mr.Parth Shukla started his seminar with the introduction of Python Programming and its advantages. He also gave the information about internships along with Microsoft Certification. Also taught how to manage audience and how to use stage. Session was very interactive and helpful. The students have got satisfactory answers for their questions.

The conduction of this ACM event was a grand success.

"Three Days Workshop on Python Programming"

Brief Report of Activity

Workshop on "Introduction to programming through Python" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year and Second year Computer Engineering students by Computer Engineering Student Association (CESA) for three days. This workshop was conducted by Mr. Parth Shukla who is Professional Trainer from Microsoft Company. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

On 17th September, first days of workshop started with the welcome speech and introduction of speaker. HOD felicitated speaker and addressed the audience. Mr. Parth Shukla told us the importance and need of Python programming language. He introduces us the basics of python programming language. He taught the syntax of basic Structures and loops on same day. On 18th September 2019, second day of workshop started with important packages in python. We learnt the implementation of graph and sending E-mail using python packages.

On 7th October, third day we understood the process of game development and implement a small game. First in small modules are created for game and then we combine them to get final result. We get to know that Python is very useful in image processing. Python is also used in Ethical hacking. Then he told the useful websites for study of MTA Certification. It helped us to make engineering with more powerful knowledge. The workshop was very interesting and interactive.

Seminar on "Python Development"

Brief report of Activity

Seminar on "Python Development " was organized in Bharati Vidyapeeth's College of Engineering for Women, for Third year Computer Engineering students under Computer Engineering Student Association on 17/01/2020 from 10:00-11:00 am. The seminar was conducted by Mr. Umesh Gaikwad, Junior Developer, Techuus Technology . The seminar was conducted in the valuable presence of Prof. D.D. Pukale and CESA coordinator Prof. J. D. Jadhav.

This interactive session started with the welcome and introduction of Speaker by Miss Anshita Makode. Mr. Umesh Gaikwad started the session with his introduction. He briefly explained the history of Python, while explaining he asked us a question which language, java or python came first? One of the student answered it. Later on he compared the basic 3 languages with python. He asked us the points for comparison of C, C++, Java and python. Students gave their points. All this points were written in a table which was later revised. After that he asked how do we print something in python? Girls were knowing the answer so after this question he asked us to write an algorithm for exchanging values of two variables without using a temporary variable. He gave 5 minutes, after that one girl answered it.

Later on he asked us the basic operators in python. Then he showed us each operator's working. But before showing us the output of division operator he asked us the answer, and then he showed us. After all this he also told us about an extra operator used for division which results an integer. Later on he showed us different ways and possibilities of using the single print statement. After covering almost all the uses of print statement he moved to variable declaration. He showed us how to declare different types of variables and also the use of assignment them values. At the end he gave us another problem to write pseudo code for printing the longest Fibonacci series present in the series given by user. After this he discussed it with all the students and ended the seminar. It was an interesting and informative seminar.

Report of seminar on "Recursive functions in C"

9th July 2019, Tuesday

A seminar on topic "Recursive functions in C" by the speaker Mr. Nagesh Mhetre, Click in Computer, Pune. The seminar was held by the ITechS'A Student Association of Information Technology Department, BVCOEW, Pune. This seminar was held for SE IT students on 9th July 2019, Tuesday from 12.15 p.m. to 01.15 p.m. in 206. The seminar was conducted successfully in the valuable presence of HOD IT, Prof. Dr. D.A. Godse and Prof. K.B.Naik.

Program started with welcome speech by Kritika Vore and introduction of speaker by Miss. Janhvi Majreker. HOD IT Prof. Dr. D.A. Godse felicitated speaker and addressed the audience. A short presentation about ITechS'A was delivered by Miss Swamini Sonttake.

Mr. Nagesh Mhetre started his seminar with the introduction of C functions. He explain basic functions in C such as (types-built in functions, user defined functions, calling functions-call by value, call by references). Then he also taught us about recursive functions in C with example. And also advantages and disadvantages of recursive functions. At the end of seminar question-answer session was held. Miss. Sumat Gaund delivered the vote of thanks.

The conduction of this event of ITechS'A was a grand success for everyone.

Report of Webinar on "Aptitude and Python Programming"

6 July, 2020

Webinar on "Aptitude and Python programming" by the speaker Mr. Musharraf Hassan and Mrs. Preeti Pawar, Profound Edutech Pune, was held for all the students of Final year on 6th July 2020.

Webinar started with the welcome and introduction of the Honorable Speaker's.

Mr. Musharraf Hassan started his lecture by giving introduction of python programming language. He explained all the applications of the python programming language also he showed the comparison between the same small program in different programming language along with python. Then Mrs. Preeti Pawar handle the mic for aptitude knowledge. She gave students the tricks and tips for the Aptitude exams and how to work smartly in aptitude exams. She also shared her experience too to make students more motivated and dedicated towards smart learning process.

From that all students get that how easy is python to learn and how interesting aptitude skills are it was totally an amazing and full of knowledge experience for the students.

Report of webinar on "Artificial Intelligence and Machine Learning"

A webinar on "Artificial Intelligence and Machine Learning" was organized on 29th July 2020 by Prof. Ravi Randale from 'LogixCODE', Pune for Third year and Final year students.

Considering this Pandemic situation, a webinar was conducted on the current topic of "Artificial Intelligence and Machine Learning" in association with Logix CODE Education by Electronics and Telecommunication Engineering Department on 29th July 2020 for all the T.E. and B.E. students. The speaker for this session were Prof. Ravi Randale (Proprietor, LogixCODE) and Mr. Ritesh Maury (Corporate Trainer). Respected Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the webinar. He interacted with the students and appealed them to be prompt enough so that they would perceive the recent technologies in the market and update themselves accordingly.

The speaker, in his session started with the definition of Artificial Intelligence and Machine Learning and its history and further covered different aspects of this topic and also encouraged the students to study this topic in great depth. The speaker said that this field was founded on the assumption that human intelligence can be so precisely described that a machine can be made to simulate it. The speaker gave focus on its advantages in the recent technologies. Students were really satisfied by this session and felt encouraged to study this topic furthermore.

Report of webinar on "Artificial Intelligence and Machine Learning"

5th August 2020

A webinar on the topic "Artificial Intelligence and Machine Learning" by the speaker Mr. Ravi Randale and Mr. Ritesh Maurey was held for the students of TE-IT on 5th August 2020.

Webinar started with the welcome speech and introduction of the speaker by Miss. Rutuja Jagtap. Mr. Ravindra Randale then addressed the student. With the introduction of AI, the career option in the field of AI and also about the placement opportunities for the same. Further the session was handed over to Mr. Ritesh Maurey. He told about the importance of python programming in these fields as python provides the ease for programming AI and ML.

This session was totally live practical session so he practically gave the detailed analysis and framework for the projects and models regarding ML.

❖ INTRODUCTION OF MACHINE LEARNING

Machine learning is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed.

- ❑ What is Data Science
- ❑ What is Artificial Intelligence
- ❑ Difference between AI, ML, and DS
- ❑ Why Python is best for Data science
- ❑ Career Opportunities in AI
- ❑ Live Machine Learning project
- ❑ QnA

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering

Computer Engineering Student Association (CESA)

Webinar on "ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING"

Brief Report of Activity

Seminar on "ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year Computer Engineering by Computer Engineering Student Association on 5th Aug 2020. This Seminar was conducted by Mr. Ritesh Mauri (Head instructor of Logixcode Education) and Mr. Ravi Randale. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale & CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of expert by Student Miss Rutuja Jagtap. Prof. J. D. Jadhav felicitated speaker and addressed the audience.

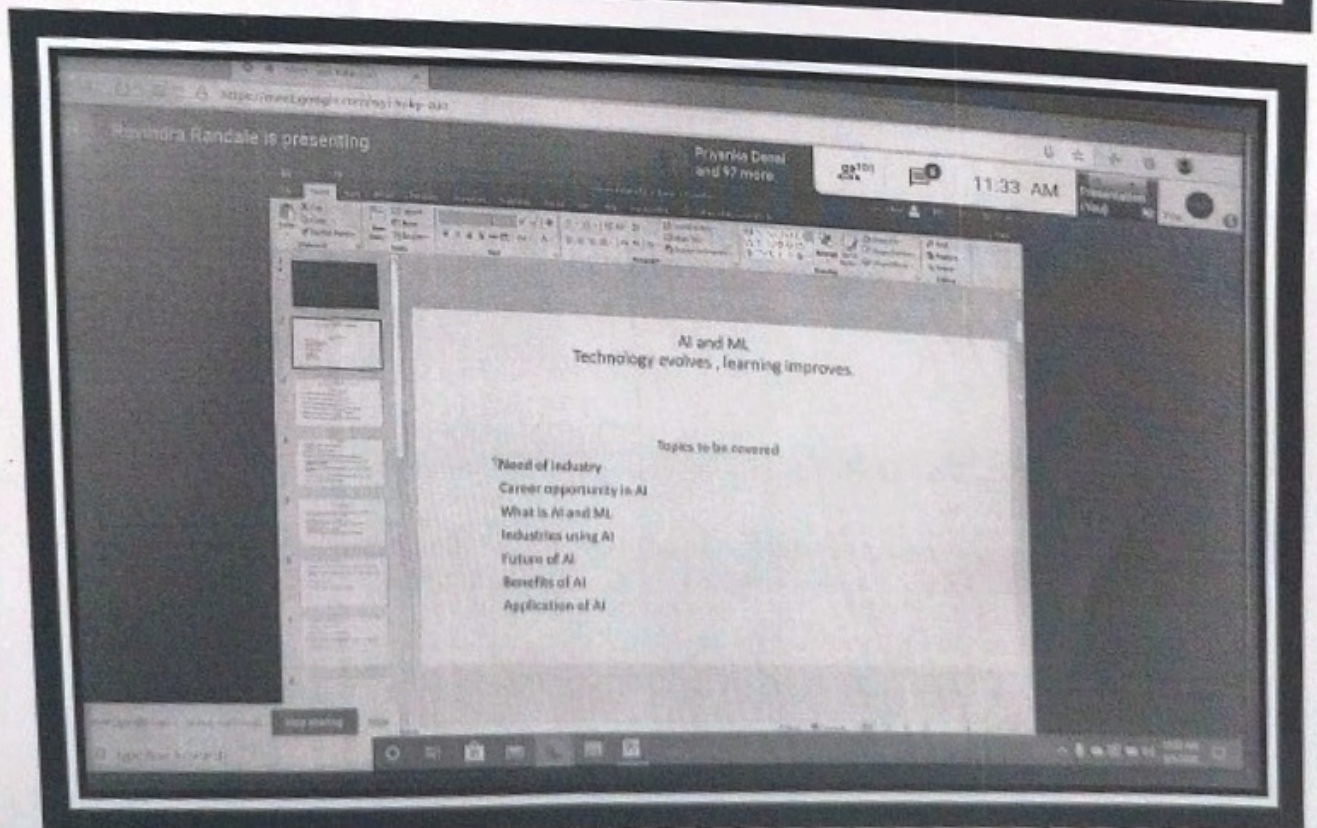

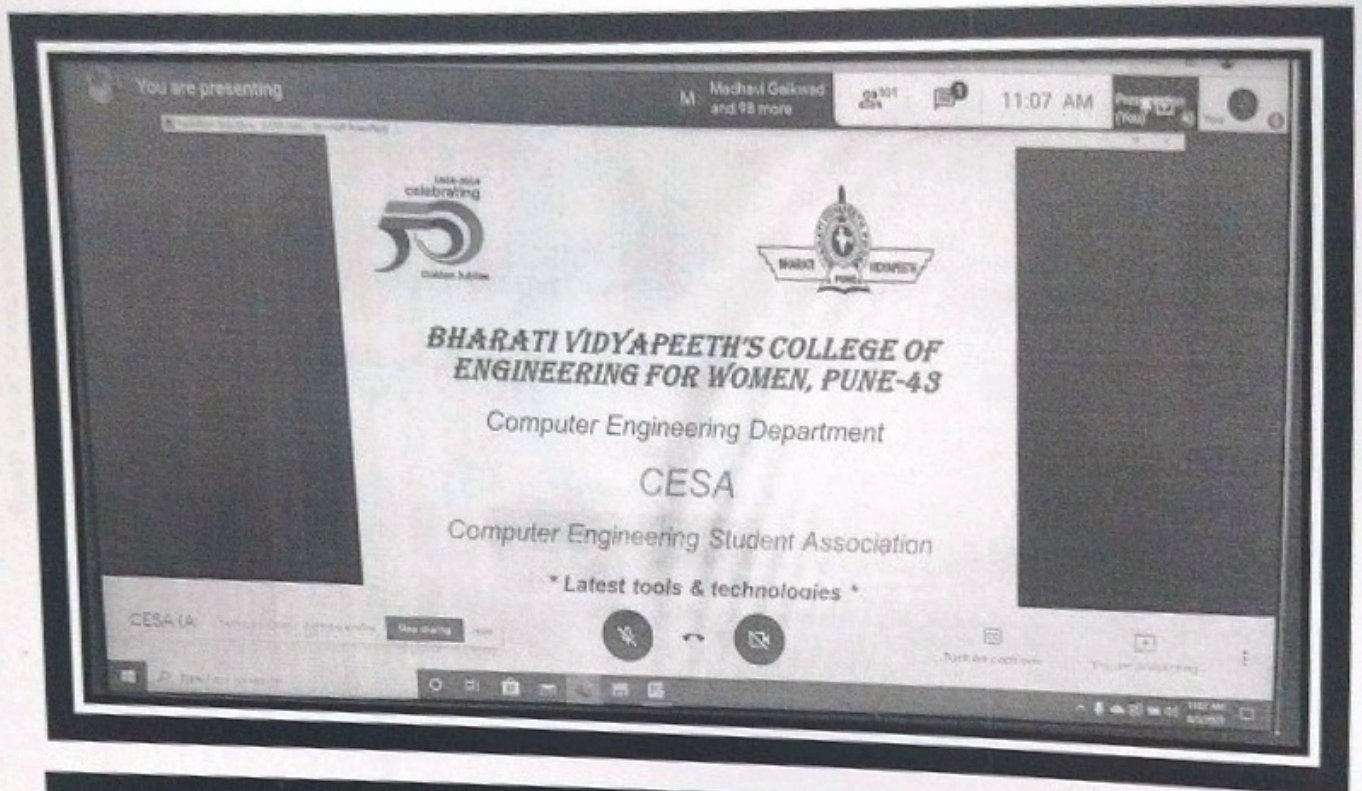

Mr. Ravi Randale guided all the students about the brief Introduction of Artificial Intelligence and Machine Learning in today's life, the need of the industry, career opportunities in the field, What is AI and ML, industries using AI, Future of AI and also about benefits and much more. Further the micro details about the above mentioned all the topics of Artificial intelligence and Machine learning were shared with us by Mr. Ritesh Mauri. He gave us the all information about it. He covered all the topics mentioned by Mr. Ravi Randale.

Towards the end of the session a Question and Answer session was conducted where doubts of the students were clarified. Seminar was very interesting, informative and interactive.

The session ended with the vote of thanks given by the student Miss. Sumat.

Report of Webinar on "Python Programming"

6th August, 2020

Microsoft certification related webinar on 'Python Programming' by the speaker Mr. Manish Kumar Singh, Head Institutional Collaboration, ATS Infotech Pvt. Ltd., was held for all the students of second year on 6th August 2020.

Webinar started with the welcome and introduction of speaker by the student Ms. Sumat.

Mr. Manish Kumar Singh started his lecture by giving introduction of python programming language. He explained all the applications of the python programming language also he showed the comparison between the same small program in different programming language along with python.

From that all students get that 'how easy is python to learn!' Then he gave the presentation in which various programs by means of which calculator, bank forms can be built.

Computer Engineering Student Association (CESA)

Webinar on "PYTHON PROGRAMMING "

Brief Report of Activity

Webinar on "PYTHON PROGRAMMING" was organized in Bharati Vidyapeeth's College of Engineering for Women for second year Computer Engineering, Information Technology Engineering and Electronics and Telecommunication Engineering students by Computer Engineering Student Association (CESA) on 6/08/2020. This Seminar was conducted by Mr. Deepak Gargi and Mr. Manish Kumar Singh who are Microsoft certified trainer. The seminar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale and CESA coordinator Prof. J. D. Jadhav.

Program started with the welcome speech and introduction of speaker by Student Miss Sukhpreet Kaur. Mr. Deepak Gargi then started his presentation on Python Programming. He started with explaining us the importance of python programming in today's time and how so many international companies like Youtube, Instagram, Google use python. He explained the Application area of python for example in- (Business applications, Web applications, Software Development, Artificial Intelligence, 3D- CAD applications etc.). Then Mr. Suresh Pal showed us the live execution of some basic python programs. He wrote some basic python programs on the compiler and showed us the output of the programs. He also explained that how easy it is to do programming in Python. Finally we had a vote of thanks which was delivered by Student Miss Anjali.

The Webinar was really beneficial as we came to know about the applications of Python and how simple Python is in comparison to other programming languages. The Webinar was very interesting, informative and interactive.

Report of webinar on "Python Programming"

A webinar on "Python Programming (Microsoft certification)" was organized on 6th August 2020 by Mr. Deepak Garg, Mr. Manish Kumar Singh from 'ATS Infotech Pvt. Ltd', Pune for second year students.

The webinar started with welcome speech by student member. The speaker started the session with introduction of python programming, basic and tricks to learn python. Then further continued with comparison of various language with python. This helps students to understand the importance and exact application where they can use python language.

Mr. Pal further explained simplicity of language and gave many tricks to use and also importance of Microsoft certification

The webinar was very interactive and beneficial for students,

Because of its simplicity and elegance, Python has been embraced by top technology companies

Department of Information Technology Engineering

BV College of Engineering ACM Student Chapter

A.Y. 2020-21

Report of National Level "The Full Stack Web Developer Workshop"

The Department of Information Technology collaborated and actively coordinated in the national level "The Full Stack Web Developer Workshop" hosted by Mr. Sonny Sangha, CEO of PAPA from Monday, 8th Feb, 2021 to 10th Feb, 2021 from 7.00 PM to 9.00 PM through online platform zoom meeting. Total 79 students of SE, TE and BE IT attended this workshop.

On first day, Mr. Sonny Sangha sir gave a brief introduction about HTML, CSS and Javascript. On next he explained about REACTJS and Firebase and also he has given demo for the same by building one working chat application. He also gave home work to students so they can work on react js and firebase and build their own chat application. On last day, he have gone through the homework done by students. He also gave information about Advanced REACTJS.

The session was very interesting and interactive. Students got answers to all their questions. The conduction of this ACM event was a great success.

Ms. A.V. Kanade

ACM Students' Chapter Coordinator

Prof. Dr. D.A. Godse

Webinar on "Android Application"

11 February 2021

A webinar on topic "Android Application" by the speaker Miss. Kushumita Dutta, (PHN Technology Pvt. Ltd) was held for the students of TE-IT and BE-IT on 11 February 2021.

Webinar started with the welcome speech and introduction of the honorable speaker, Miss. Kushumita Dutta begin with the introduction of Full stack and then briefed students about the jobs and workings of the web developer. She started explaining about the servers and connections between the frontend and backend. Acknowledge us about two tiers app and three tiers app in our android phones and make us familiar with the IP addresses on different local host while doing our live projects. In the end she showed students the website we can create and motivate students to develop their own app.

Students found this webinar worth excellent and interesting, as they got to know more about the php and the android development things and gained knowledge to do their best in future.

Bharati Vidyapeeth College of Engineering For Women

Computer Engineering Students Association (CESA)

Full Stack Android Developer Webinar

Brief Report of Activity

Webinar on "**Full Stack Android**" was organized in Bharati Vidyapeeth College of Engineering for women for Third Year Computer Engineering by Computer Engineering Student Association on 11th February 2021. The Webinar was conducted by Ms. Kushumita Dutta, Full Stack Developer at PHN Technology Pvt Ltd.

The Session Started at 11:00 am in the morning with an introduction from Ms. Madhavi Gaikwad from TE Computer. Ms. Kushumita started with the basic of Android and the platform used to program for Android Applications i.e the Android Studio. Then she briefly explained different files in Android Studio, for what purpose they are used and showed how to use them.

Moving forward with the session Ms. Kushumita told us about the server side programming of an android application also some of the connectors between the server and the android application. Later, she also told about the current scenario in the technical market and also advised us not to focus only on the trending topics rather than go with our own understanding.

Ms. Kushumita was clearing the doubts of students parallel to the session also towards the end of the session, a Q&A session was conducted after that she informed us about an application launched by their company which will help students to learn different technical concepts.

The session was concluded with a Thanks Giving by Ms. Yutika from TE IT. The seminar was very interesting, informative, and interactive.

Electronics and Telecommunication Students Association (ETSA)
Report of seminar on "Full Stack Developer for Android Application"

A seminar on "Full Stack developer for Android application" was organized on 11th February 2021 by Mrs. Khushumita Datta from 'PHN Technologies ', Pune for Third year and Final year students. The session was started by an introduction from Principal Sir, Prof. Dr. S. R. Patil about the topic.

The speaker started the session by giving introduction of all topic further describes how it is useful in a company. The speaker further gave detail about the android studio. Each topic is further elaborated by special experts and experience speaker with deep knowledge of topic. It was totally beneficial for all the students.

At the end student gave a vote of thanks to the speaker

16. Workshop on "Electronic Skill Development"

A 3-day workshop on "Electronic Skill Development" was organized by Electronics and telecommunication Department, in Bharati Vidyapeeth's College of Engineering for women, Pune for second year (SE) students of departments of Electronics and telecommunication. The webinar was organized under AICTE-SPICE grant in collaboration with CopperCloud IoTech Pvt Ltd, from 31st January 2022 to 2nd February 2022. The speaker of the workshop was Abhijeet Deogirikar, the Founder & CEO of CopperCloud IoTech, joined by Yogesh Yewale and Brigadier Vilas Deogirikar.

Our college has recently got the AICTE: Scheme for promoting interests, creativity, and ethics among the students i.e., SPICES grant under the coordination of Prof. Dr. S.R. Patil sir, Principal, Bharati Vidyapeeth's College of engineering for women, Pune and Dr. V.R. Pawar mam, Associate Professor, Electronics and telecommunication Department.

On 31st January 2022, the session began at 10:00 am. Firstly Shruti Singh, Student SE ENTC, welcomed invitees to the workshop followed by Saraswati Pujan. Then Prof. Dr. S.R. Patil sir then gave the inaugural speech and a short introduction of the webinar topic. Next Prof. K.R. Chaudhari ma'am, Event coordinator, gave the introduction of guest the speaker. After that, Speaker, Abhijeet Deogirikar sir started the workshop by giving us an overview of the contents of the workshop and also general electronic related topic information, hence building our interest in the workshop from start. Next the speaker stated out various recent trends in the field, told us about various tools we will be using around 3 days such as: Arduino IDE, Multisim and Express PCB. Then he taught us about the Electronic Components and connections and also bread boarding. He then gave the introduction and applications using Arduino. He then moved forward to cover the topic- Using sensors and actuators and their interfacing with Arduino such as Motor driver with relays, reversible motor ad SSR). After an hour lunch break, Yogesh Sir then taught us about, using simulation software for design and testing of electronic devices on Tinker CAD for our better understanding. After this day 1 of the workshop was concluded by question and answers session.

On 1st February 2022, sir started the session by fir clearing he doubts of any students of previous lecture and then moved to the next topic of day- Drawing layout of PCB using PCB design software. He then covered various topic revolving PCB such as Single layer PCB design for a

simple electronic circuit. After an hour lunch break, Yogesh Sir then again taught us about, using test equipment for testing, fault finding and repair etc. Then Abhijit sir continued with discussion on assembling and utilizing mechanical parts such as DC motor, AC motors, sensors etc. he then continued teaching us use of various types of parts and surfaces mounted devices parts, work to correct sequence and tolerance and accurately solder components to comply with industry standards. This session was also concluded by question and answers session.

2nd February 2022, Abhijeet sir started the session by topic- Study and use of various types of batteries followed by Calculation of Power budget for and electronic circuit. Then he taught us by practical demonstration of how to bring all these skills, tools and techniques together for building and electronic system. He then gave us industry exposure and also on overview and demo of IOT and lastly a question-and-answer session then concluding the three-day workshop. All the Q&A sessions were interactive with students asking the speaker on various aspects of what was taught. At around 16.00 pm the webinar ended and a vote of thanks was delivered by Prof. K.R. Chaudhari ma'am.

Report of seminar on "APPLICATIONS OF DATA STRUCTURES"

31st March 2022

A seminar on the topic "APPLICATIONS OF DATA STRUCTURES" by Mr. Nagesh Mhetre was held for the students of SE IT in (Classroom No.206) on 31st March 2022.

The seminar started with the welcome speech and introduction of the speaker.

The seminar started at 11:00 am where Mr. Nagesh Mhetre addressed the students by telling them about their unrealized potential. He also explained about the generative success cycle. He not only helped students to understand limiting beliefs but also helped them in empowering their beliefs.

Mr. Nagesh Mhetre sir talked about various applications of Data Structures. He also motivated students in developing good habits. He helped students to boost their confidence by making session very interactive.

After that there was question-answer session where students asked questions to speaker and also thanked them for this illuminating session. The seminar was very interactive and illuminating. It not only empowered students' belief but also cleared all their doubts.

At the end of seminar at 12:00 pm, vote of thanks was proposed by one of the students and the seminar ended on happy note.

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering

Computer Engineering Student Association (CESA)

Workshop on "Data Structure And Algorithm"

Brief Report of Activity

Workshop on "Data Structure And Algorithm" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year and Fourth year Computer Engineering students by Computer Engineering Student Association (CESA) on 24/08/2021 and 25/08/2021. This Seminar was conducted by two speakers Mr. Swapnil and Mr. Shantanu Shubham. The webinar was conducted successfully in the valuable presence of H.O.D, Prof. D.D. Pukale and CESA coordinator Prof. J. D. Jadhav.

The workshop was held on two days 24th and 25th August. On the Day 1 of the workshop the speaker was Mr. Swapnil. He started with what is data structure and why we need it. After making us realize the importance of the data structure he started with explaining very basic concepts that we are bound to skip on like primitive and non primitive data structure, Asymptotic Notation. He then took us over the various data structure the Array, Linked List, Stack, Queue. He also taught us about calculation time complexity of a block of code efficiently. Overall the Day1 of the workshop was very informative.

On the Day 2 of the Workshop we had Mr. Shantanu Shubham as the speaker. On Day 2 of workshop we discussed on certain important topic like relevance of Data structure and algorithm for software development, How much maths contributes in effective learning of data structure and algorithm. He gave a road map for Data structure and Algorithm. The workshop was a quick revision and brush up of the basic concept of Data structure.

The Webinar was really beneficial as we came to know various importance of Data structure in the software development. Various concepts of data structure got brushed up. The Webinar was very interesting, informative and interactive.

Prof.J.D.Jadhav

CESA Incharge

Prof.D.D.Pukale

Bharati Vidyapeeth's College of Engineering for Women

Department of Computer Engineering

Webinar on Blockchain Technology

Brief Report of Activity

Webinar on "Blockchain Technology" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third-year and Second-year Computer Engineering Under the CESA. The guest speaker for the session was SANDEEP SINGH on 16/09/2021. Sandeep Singh who is an Open-Source enthusiast who writes code out of the profession and loves to engage in tech communities out of passion. The seminar was conducted successfully in the valuable presence of Prof.J.D.Jadhav.

The program started with the welcome speech and introduction of the speaker by Student Miss Sukhpreet Kaur. Mr. Sandeep Singh then started his presentation on 'Blockchain Technology'. He started the webinar with explaining us the importance of data bases, What they do and why they are important. He took example of youtube and google to explain us the importance of data bases and how huge amount of data is managed with massive servers. With this he then started explain us what block chain is and how it works. He explained us the importance of blockchain in this evolving technology. He also explained what decentralized system is and how is it important.

The Webinar was concluded with a sincere vote of thanks by Student Miss. Dhanashree Pawar. Overall, it was really beneficial as we came to know about the importance of Blockchain.

Prof.J.D.Jadhav

CESA Incharge

Prof.D.D.Pukale

Report of Seminar on "SMAC Technologies and the Future"

The ACM organized a seminar on "SMAC Technologies and the Future" by Ajay Deshpande, Senior Director, Icertis, Pune on the 23rd March, 2023, Thursday from 10.30 AM to 12.00 PM for SE and TE IT. Total of 98 students attended this seminar.

The program started with a welcome speech and the introduction of the speaker by TE IT student Ms. Prajwal Said. The speaker, Ajay Deshpande sir gave a brief introduction about what are SMAC technologies; i.e., Social Media, Mobility, Analytics and Cloud Computing. Then sir explained each concept in detail starting with trends from 1950 and the evolution that followed with real life examples. Sir also explained how these technologies will drive market growth in future. Sir suggested to go through a few case studies and recommended few projects for students.

Then the session ended with a Vote of Thanks speech by TE IT student, Ms. Shailja Shree.

The session was very interesting and interactive. Students got answers to all their questions. The conduction of this event was a great success.

Report of webinar on "Coding Super Power: Go Easy with C++ and Logic Building"

25th March 2023

A webinar on the topic "Coding Super Power: Go Easy with C++ and Logic Building" by Mrs. Bhakti(Bright Sea Technology Pvt.Ltd.) was held for the students of SE-IT on 25th March 2023 from 5 pm to 6 pm.

Webinar started with the introduction of the speaker. Then Mrs. Bhakti addressed the students by telling about the importance of consistent coding practice through different logic building projects .

They discussed about their plans that how they will conduct at most 3 days sessions for SE-IT students for building logic and clearing basic important concepts used during C++ programming by providing different kinds of coding problems usually asked to crack HR interviews.They attempt to provide students with detailed knowledge related to different programming skills,what jobs roles students should obtained for ,what's a detailed guide to become a C++ programmer and gave them confidence in attempting coding questions in the future.

Webinar was very informative and students learnt a lot about coding and technical training and they got guidance regarding career. The webinar ended on a happy note.

Report of Guest Lecture session on "Computer Network and Security"

29th March 2023

A Guest Lecture on "Computer Network and Security", was held by Prof. Dr. Sandip Thite for the students of TE-IT on 29th March 2023 from 3 p.m. to 5 p.m in class room number 205.

Session started with the introduction of the speaker by Miss. Aditi Hulwan. Then Prof. Dr. Sandip Thite addressed the students by telling about Computer Networking and giving brief information about Security.

The speaker taught the students about some important concepts in computer networking with diagrams, how it is used in daily life and why security is important. He also told how the concepts come in higher exams and gave a brief about career opportunities in the Computer Networking Security field. He not only told about Networking and Security career paths but also briefed about IT careers which were in history and will be in future. This enhanced the students' knowledge and gave them a new perspective about Computer Network Security.

Session ended with a question and answer session. It was very informative for students and they got guidance regarding their careers. The session ended on a happy note.

A.Y. 2022-23 Sem I

Workshop on Python Programming for Machine Learning

Brief Report of Activity

Workshop on “**Python Programming for Machine Learning**” was organized in Bharati Vidyapeeth's College of Engineering Women, for Second year Computer Engineering students. It was conducted on 23/11/2022 and 24/11/2022. The guest speaker of the workshop was Mr. ATUL WADKAR. He is an Open-Source enthusiast who is Director at Algorithmic Electronics, Pune with 10+ years of experience in IoT, AI-ML Development and Training.

The program started with the welcome speech and introduction of the speaker by Student Miss Malishka Salke. Mr. Atul Wadkar then started his presentation on ‘Basics of Python’ with the explanation about the importance of python ,basics such as syntax, datatypes, its basics and gave various assignments to perform . He explained us about AI-ML, he also engaged us by giving assignments on topics we learned related to AI-ML. He showed a detailed presentation on importance of AI-ML. At the end of the session we completed a mini project on Alexa where-in we customized it according to our own choices.

The Workshop was concluded with a sincere vote of thanks by Student Miss. Ramya Vaddempudi. Overall, it was really beneficial as we came to know about the importance of Python as well as AI-ML

Webinar on Aptitude and technical training

Brief Report of Activity

Webinar on "Webinar on "Coding Super Power: Go Easy with C++ and Logic Building"" by "BrightSea Technology OPC Private Limited" was organized in Bharati Vidyapeeth's College of Engineering for Women for Second-year Engineering. The guest speaker for the session was Miss Bhakti Jagtap on 24/3/2023. Miss.bhakti Jagtap is Director- having more than 5 years of experience. Her domain expertise includes programming in languages like C,C++ etc.

The program started with the welcome speech and introduction of the guest speaker Miss Bhakti Jagtap started her presentation on 'Introduction to C++'. she started the webinar with explaining us about need of C and C++ language.He also gave us information about the technical terms from C++. Moreover, the information about how to do programming in C++. After this we had been given few questions based on that and the tricks to solve those perfectly were also given.The Webinar was concluded with a brief summary and the sincere vote of thanks. Overall, it was really beneficial as we came to know about the importance
