Department of Information Technology

The Information Technology department has forged a path of innovation in research and teaching in the field of computing technologies at both the undergraduate and postgraduate levels. The department offers UG, PG and Doctoral programmes in Information Technology. Being part of Deemed University, department takes advantage of academic autonomy in making the curriculum industry oriented. The Information Technology Student Association organizes various events and expert lectures on different platforms. Apart from giving thorough technical knowledge using the state-of art technology, the students are taught communication skills and are given work experience on live projects

Vision of the Department

To be a leading program, transforming students into skilled IT professionals.

Objectives

The objective of this FDP is to impart knowledge and training on the fundamentals of interdisciplinary field of Machine Learning and its applications. By delving into real-world case studies and hands-on exercises, attendees will gain the knowledge and skills necessary to harness the potential of ML. This course may be beneficial to faculty members & research scholars.

Who can attend?

- PG Students
- Ph.D. Research Scholars
- Faculty Members
- Corporate Professionals

Topics to be covered

- Introduction to Machine Learning
- Mathematical Foundation of Machine Learning (Hands-on)
- Supervised Learning (Hands-on)
- Unsupervised Learning (Hands-on)
- Topic Modeling using NLP (Hands-on)
- Applied Machine Learning (Hands-on)
- Explainable Machine Learning
- Machine Learning in various domain (Hands-on)
- Evolution of Generative AI implementations

Eligibility

- Faculties from all AICTE recognized Engineering colleges across India are eligible.
- Number of participants is limited to 50
- Selection will be done on First come First serve basis.

ABOUT INSTITUTE

The All India Shri Shivaji Memorial Society's Institute of Information Technology (IOIT), established in 1999, is a self-financing Autonomous Institution affiliated to the Savitribai Phule Pune University. The institute has good infrastructure facilities for UG/PG courses in all the departments. The institute is re-accredited with "A+" grade in cycle II by National Assessment and Accreditation Council (NAAC) and 5 departments have been accredited by National Board of Accreditation (NBA). The institute is affiliated to the Savitribai Phule Pune University. It is an autonomous institute and is approved by the All India Council for Technical Education (AICTE).

ABOUT THE DEPARTMENT

The Department of Information Technology was established in 2008. The department offers B.E. in Information Technology and sanction intake of department is 60.

Vision of department:

To be a leader in preparing technically competent and skillful IT Graduates to address the needs of industry and society

Mission of department:

- To prepare students for employment/entrepreneurship/ higher studies through curricular, extracurricular and extension activities
- To promote research and professional activities through industry involvement and professional bodies
- To instill professional ethics and lifelong learning skills with concern for the society

ABOUT DEEP GENERATIVE AI USING CHATGPT

ChatGPT is a Conversational AI at its Best. ChatGPT on the other hand, is a specific implementation of generative AI designed explicitly for conversational purposes. It is a language model trained on extensive amounts of text data, enabling it to generate human-like responses to user prompts. ChatGPT has been fine-tuned to engage in dialogue and simulate conversation effectively. Geneartive AI using ChatGPT create interactive and realistic conversations with users, making it a powerful tool for Chabot, virtual assistants, and customer support applications.

FDP OBJECTIVES

- To understand the basics of Generative AI and Open AI's GPT
- To understand Evolution of GPT models (GPT-1 to GPT-3)
- To design and implement user interactions with ChatGPT
- To learn usage of ChatGPT for Class Preparation and Instructional Assistance.
- To understand future trend in Generative AI using ChatGPT.

FDP OUTCOMES

- To explain basics of Generative AI and Open AI's GPT (GPT-1 to GPT-3)
- To build user interactions application with ChatGPT
- To design science units, rubrics, and quizzes using ChatGPT
- To apply ChatGPT into innovation workflow

WHO CAN ATTEND

Multidisciplinary Faculties from AICTE Approved Engineering Colleges/Polytechnics/Autonomous Technical University Departments.

FDP FEES

- This FDP is free for all participants.

FDP SCHEDULE

	15/01/2024	16/01/2024	17/01/2024	18/01/2024	19/01/2024
9:00 – 11:00	Fundamentals of ANN, DNN and NLP	Introduction of ChatGPT and its capabilities	Designing UI using ChatGPT	Building your own ChatGPT–like ChatBot	Examining Sci.Education in ChatGPT to design rubrics, & quizzes
11:30 – 1:30	Introduction to Generative AI & OpenAI	GPT-3 and CHATGPT	Use ChatGPT to generate text, answer questions, and brainstorm ideas	Usage of ChatGPT for Class Preparation & Instructional Assistance.	Integrate and apply ChatGPT into innovation workflow
2:00 – 4:00	Introduction to Generative Pre-Trained Transformer (GPT)	Training and evaluating CHATGPT	Data Analysis with ChatGPT in Excel	Use cases of ChatGPT &AI Tools	Advanced Topics and Future trends in generative AI

Department of Information Technology

The Information Technology department has forged a path of innovation in research and teaching in the field of computing technologies at both the undergraduate and postgraduate levels. The department offers UG, PG and Doctoral programmes in Information Technology. Being part of Deemed University, department takes advantage of academic autonomy in making the curriculum industry oriented. The Information Technology Student Association organizes various events and expert lectures on different platforms. Apart from giving thorough technical knowledge using the state-of art technology, the students are taught communication skills and are given work experience on live projects

Vision of the Department

To be a leading program, transforming students into skilled IT professionals.

Objectives

The objective of this FDP is to impart knowledge and training on the fundamentals of interdisciplinary field of Machine Learning and its applications. By delving into real-world case studies and hands-on exercises, attendees will gain the knowledge and skills necessary to harness the potential of ML. This course may be beneficial to faculty members & research scholars.

Who can attend?

- PG Students
- Ph.D. Research Scholars
- Faculty Members
- Corporate Professionals

Topics to be covered

- Introduction to Machine Learning
- Mathematical Foundation of Machine Learning (Hands-on)
- Supervised Learning (Hands-on)
- Unsupervised Learning (Hands-on)
- Topic Modeling using NLP (Hands-on)
- Applied Machine Learning (Hands-on)
- Explainable Machine Learning
- Machine Learning in various domain (Hands-on)
- Evolution of Generative AI implementations

Eligibility

- Faculties from all AICTE recognized Engineering colleges across India are eligible.
- Number of participants is limited to 50

Dear Sir/Madam,

Exciting news from ExcelR!

We are excited to announce the Next online National Faculty Development Program (NFDP) on Learning for NLP and Computer Vision for 10 Hours in Collaboration with NIST Institute of Science and Technology (Autonomous), Berhampur happening from 25th Oct 2023 (5 Days Onwards). The program will take place from 3 PM to 5 PM on Weekdays.

We request you to circulate this message among your faculty fraternity and encourage them to attend this program. It is a great opportunity to enhance your knowledge and skills in NLP and Computer Vision.

Bharati Vidyapeeth (Deemed to be University) College of Engineering, Pune

Bharati Vidyapeeth (Deemed to be University) College of Engineering was established by Dr. Patangrao Kadam in 1983. BVUCOEP is constituent unit of Bharati Vidyapeeth (Deemed to be University). Which has been Accredited to A+ grade in its third Cycle by 'NAAC' in 2017 (BVDU accredited to Grade 'A' in 2004 and 2011). The National Board of Accreditation (NBA) has accredited programmes of BV(DU)COEP in 2018, 2012 and 2005.

BV(DU)COEP ranked among top 100 Engineering Institutes of India continuously for five years by NIRF, MHRD, Govt. of India. Ranked 131st at National Level by NIRF 2022.

College runs 11 UG Course (B.Tech), 08 PG Courses (M.Tech) and Ph.D Courses.
Programs Accredited by National Board of Accreditation (NBA), New Delhi in Successively four cycles recently in Oct. 2023.
Institution's Innovation Cell of BV(DU)COE secured 3.5 stars out of 5. Ranked among Top 5O Private Institutions of India by ATAL Ranking (ARIIA) successively for two years.
College has ranked 13th at National level by India Today. Ranked 29th among Top 100 Engineering colleges of India by OUTLOOK. Ranked 12th by DATAQUEST T-School Employability Index Survey 2023, Ranked 8th by DATAQUEST Top Private T-School Survey 2023, Ranked 4th in Western Region by DATAQUEST T-School Survey 2023.

Department of Information Technology

The Information Technology department has forged a path of innovation in research and teaching in the field of computing technologies at both the undergraduate and postgraduate levels. The department offers UG, PG and Doctoral programmes in Information Technology. Being part of Deemed University, department takes advantage of academic autonomy in making the curriculum industry oriented. The Information Technology Student Association organizes various events and expert lectures on different platforms. Apart from giving thorough technical knowledge using the state-of art technology, the students are taught communication skills and are given work experience on live projects

Vision of the Department

To be a leading program, transforming students into skilled IT professionals.

Objectives

The objective of this FDP is to impart knowledge and training on the fundamentals of interdisciplinary field of Machine Learning and its applications. By delving into real-world case studies and hands-on exercises, attendees will gain the knowledge and skills necessary to harness the potential of ML. This course may be beneficial to faculty members & research scholars.

Who can attend?

- PG Students
- Ph.D. Research Scholars
- Faculty Members
- Corporate Professionals

Topics to be covered

- Introduction to Machine Learning
- Mathematical Foundation of Machine Learning (Hands-on)
- Supervised Learning (Hands-on)
- Unsupervised Learning (Hands-on)
- Topic Modeling using NLP (Hands-on)
- Applied Machine Learning (Hands-on)
- Explainable Machine Learning
- Machine Learning in various domain (Hands-on)
- Evolution of Generative AI implementations

Eligibility

- Faculties from all AICTE recognized Engineering colleges across India are eligible.
- Number of participants is limited to 50
- Selection will be done on First come First serve basis.

About Institute

Vishwakarma Institute of Information Technology (was founded in 2002 to impart world class education and to develop useful manpower with entrepreneurship qualities for industries It is a self financed NAAC Accredited Autonomous engineering institute affiliated to Savitribai Phule Pune University It is recognized and approved by All India Council of Technical Education(New Delhi VIIT is an ISO 9001 2008 certified institute It has come with all basic and advanced modern infrastructure facilities excelling in both academic and research activities.

- BRACT's VIIT has been placed in Rank Band of 151-200 under the India Rankings 2018 by NIRF.
- In the GHRDC-CSR Engineering College Survey 2016,VIIT is ranked 25th amongst the Outstanding Engineering Colleges of Excellence and 7th in the State of Maharashtra.
- VIIT awarded as 'Outstanding Engineering Institute' - West by Vijayavani National Education Leadership Awards.
- VIIT received AAA rating by Careers 360.
- VIIT ranked 6th in state and 14th in India by Competition Success Review.

About Department

The AI & Data Science Department offers Btech programs for 180 students with cutting-edge labs and experienced faculty. The Faculty establishes links with industry through industrial projects and internships, and its dedicated and highly qualified instructors help students realize their potential and become good ambassadors for the Faculty and Institute.

Vision:

- Excellence in the domain of Artificial Intelligence and Data Science for sustainable development.

About the Program

This International Level Short Term Training Program aims to explore the benefits of using data science in business. You'll learn more about how businesses use data science and how to apply concepts to your business and common benefits of data science in business. Also you will learn use cases from different Business domains and Optimization Methods for Business Analytics. The International Level Short Term Training Program will enable participant to build basic to hands on experience on Data science. The Topic of this International Level Short Term Training Program have been designed in consultation with different resource persons from Academicians, Industry Professionals from different Domains.

Target Audience

- Faculty members
- Research Scholar
- PG Scholars from the AICTE- approved engineering colleges / institutions.
- Educators, Engineers
- Professionals from various government organizations and industries.

Department of Information Technology

The Information Technology department has forged a path of innovation in research and teaching in the field of computing technologies at both the undergraduate and postgraduate levels. The department offers UG, PG and Doctoral programmes in Information Technology. Being part of Deemed University, department takes advantage of academic autonomy in making the curriculum industry oriented. The Information Technology Student Association organizes various events and expert lectures on different platforms. Apart from giving thorough technical knowledge using the state-of art technology, the students are taught communication skills and are given work experience on live projects

Vision of the Department

To be a leading program, transforming students into skilled IT professionals.

Objectives

The objective of this FDP is to impart knowledge and training on the fundamentals of interdisciplinary field of Machine Learning and its applications. By delving into real-world case studies and hands-on exercises, attendees will gain the knowledge and skills necessary to harness the potential of ML. This course may be beneficial to faculty members & research scholars.

Who can attend?

- PG Students
- Ph.D. Research Scholars
- Faculty Members
- Corporate Professionals

Topics to be covered

- Introduction to Machine Learning
- Mathematical Foundation of Machine Learning (Hands-on)
- Supervised Learning (Hands-on)
- Unsupervised Learning (Hands-on)
- Topic Modeling using NLP (Hands-on)
- Applied Machine Learning (Hands-on)
- Explainable Machine Learning
- Machine Learning in various domain (Hands-on)
- Evolution of Generative AI implementations

Eligibility

- Faculties from all AICTE recognized Engineering colleges across India are eligible.
- Number of participants is limited to 50
- Selection will be done on First come First serve basis.

ABOUT STES

Sinhgad Technical Education Society (STES) was set up in August 1993, under the able and dynamic leadership of Prof. M.N. Navale with an objective of providing quality education in the field of Engineering, Dentistry, Management, Computer, Pharmacy, Architecture, Hotel Management and the basic school education from kinder garden onwards. There are 100+ institutes under the aegis of STES offering full-fledged school education, diploma, Graduation, Post Graduation courses and Ph.D. programs in various branches of Engineering, Science and Management at various educational campuses ideally located in pollution free lush green and picturesque environment conducive for learning. This year STES is celebrating 29 years of its academic excellence.

ABOUT SKNSITS

STES's SKN Sinhgad Institute of Technology & Science (SKNSITS) was established in year 2011. SKNSITS is approved by All India Council for Technical Education (AICTE), New Delhi, Directorate of Technical Education (DTE), Mumbai, and is affiliated to Savitribai Phule Pune University, Pune. NAAC Accredited SKNSITS has the environment to cultivate the students such that students can show case their talents and ideas in innovative way. A comprehensive syllabus, excellent infrastructure and extensive facilities ensure effective planning, implementation and delivery of quality education. The institute has excellent infrastructure to facilitate quality learning. Institute stresses on e-learning and project based learning to make the students globally competent. The institute has laboratories with modern and state of art equipment to meet the requirements of the curriculum.

The institute consists of a library which has rich collection of reference books and technical magazines. The institute has subscribed to a good number of national and international print/online research journals to get the insight on recent research work.

STTP OBJECTIVES

The STTP's goal is to provide academicians, research scholars, industry professionals, and R&D organizations with the ability to understand the need focused on research methodology would be geared toward equipping participants with the knowledge and skills necessary to conduct research effectively.

- To Equip participants with advanced research tools.
- To Introduce participants to emerging research trends.
- To Enhance research skills, including data analysis and literature review.
- Emphasize the practical application of research techniques to real-world challenges.
- To support the professional development of participants and help them advance in their careers.

SCOPE

The scope of this program encompasses a comprehensive exploration of advanced research tools, emerging trends, and contemporary techniques in research methodology. Participants will delve into diverse aspects of research, from quantitative and qualitative methods to data analysis and interpretation. The program will facilitate a deeper understanding of the evolving research landscape and equip participants with the skills needed to navigate it effectively.

ELIGIBILITY

The programme is open to the faculty members, research Scholars, UG and PG Students from allied disciplines. Industry personal working in the same discipline can also attend the STTP.
