12. Student Feedback Mechanism on Institutional Governance / Faculty performance

Figure : Online Feedback Conduction Process of the Institute

The Institute is committed to maintaining a robust feedback mechanism involving various stakeholders. The centralized feedback committee collects feedback from students, teachers, parents, alumni, and employers to enhance the overall development of the institution. Key aspects of the feedback process include:

1.   Feedback Collection: Online feedback is collected through the Institute's ERP portal, "vmedulife," starting from the last semester of 22-23. Faculty and students submit various types of feedback using their respective logins.

2. Semester-End Faculty Course and Curriculum Feedback: At the end of each semester, the committee collects department-wise faculty course feedback from students, enabling continuous improvement in course delivery. Structured curriculum- course feedback is obtained from both students and teachers, enhancing academic offerings.

3 Graduate Exit Survey: Each department conducts a comprehensive graduate exit survey for final-year students, covering teaching-learning processes, curriculum, co-curricular and extracurricular activities, infrastructure, Training/Placement activities, continuous improvements, and industry supports.

4. Alumni Feedback: Feedback from alumni, collected during the annual Alumni Meet, strengthens the Institute's bond with graduates. Their input is vital for obtaining sponsorships for projects, internships, and scheduling alumni talks.

5. Employer Feedback: The feedback committee collects feedback from employers. This aims to bridge the gap between industry and academia, improving curriculum and providing better employment opportunities.

6. Parent Feedback: Feedback from parents is gathered during departmental parents' meetings. Constructive suggestions are discussed in faculty meetings, leading to corrective actions. Various programs, focusing on human values, life skills, and employability, are organized based on feedback suggestions for the continual advancement of the Institute. This comprehensive feedback system reflects the Institute's commitment to continuous improvement, ensuring that the influences of students, faculty, alumni, employers, and parents contribute to the ongoing development of the institution. The inclusion of online feedback through the ERP portal demonstrates the Institute's adaptability and commitment to leveraging technology for effective feedback processes.

7. Analysis and Action Taken : The analysis of structured curriculum course feedback is discussed during syllabus-setting workshops, department advisory board meetings, and Board of Studies (BoS) gatherings, to shape the decisions related to curriculum and teaching methodologies. The analysis of the feedback especially given by alumni, employer, parent, teacher related to institute infrastructure, academic ambience and governance are discussed in the IQAC meeting and actions are suggested by the IQAC members under the guidance of IQAC coordinator and Head of the Institute. Based on the suggestions action taken report is generated by the respective department.

13. Grievance and Redressal Mechanism for Faculty, Staff and Students

The Principal is directly accessible to faculty, students and other staff. Everyone can give the feedback in terms of suggestions or complaints using the suggestion box or by hand in confidence or even orally. For students grievance each class has Guardian Faculty Member and Student Counselor.

The weekly meeting of the staff members with the HOD also serves as grievance redressal mechanism for staff members. The Principal and Dean jointly conduct meeting of faculty, staff

and students periodically and address various issues if raise.

The Institute has Women's Grievance Cell and Internal Complaint Committee. The Institute also has a Hostel Coordinator for redressal of hostel related grievances.
