Report "National Girl Child Day(Azadika Amrut Mahotsav)"

Date: 24 Jan.2022

The government of India, in 2008, declared January 24 to be celebrated as the National Girl Child Day every year with the objective of raising the consciousness of the society towards the girl child so that she can be valued and respected. National Girl Child Day is observed every year in India to promote awareness about the rights of a girl child and to promote the importance of their education, health, and nutrition. In our college The Student Development Section celebrated this day, in presence of all faculty members and College Principal Dr. S.R.Patil. For students it was conducted in online mode. Some students express their thoughts on Beti Bachao and Beti Padhao. Some of small kids have drawn posters on the same day on healthy diet by Girl child.. Around 53 students were present for the same.

*Report "Electronics Skill Development Workshop"*

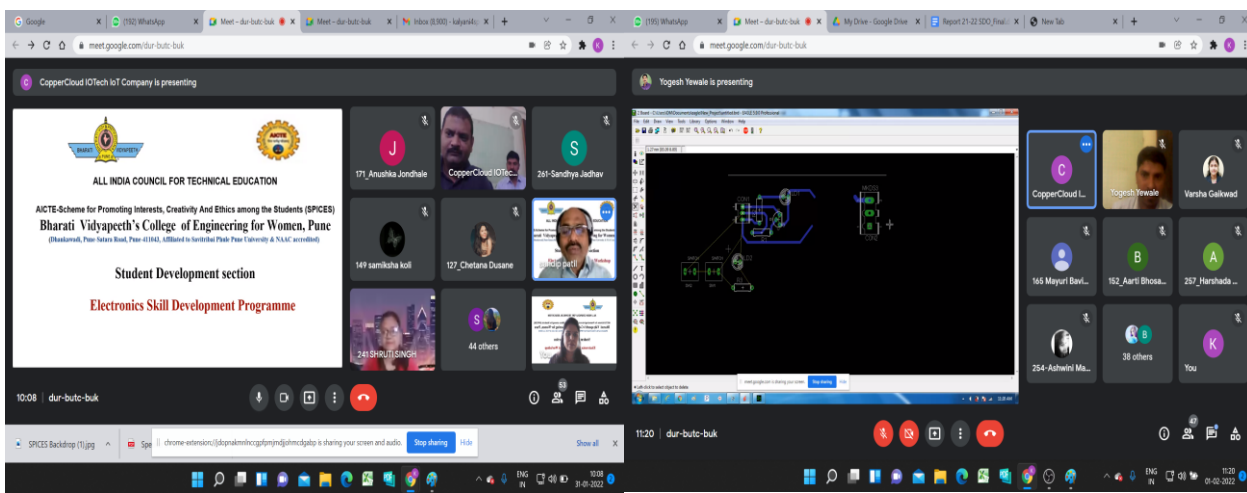

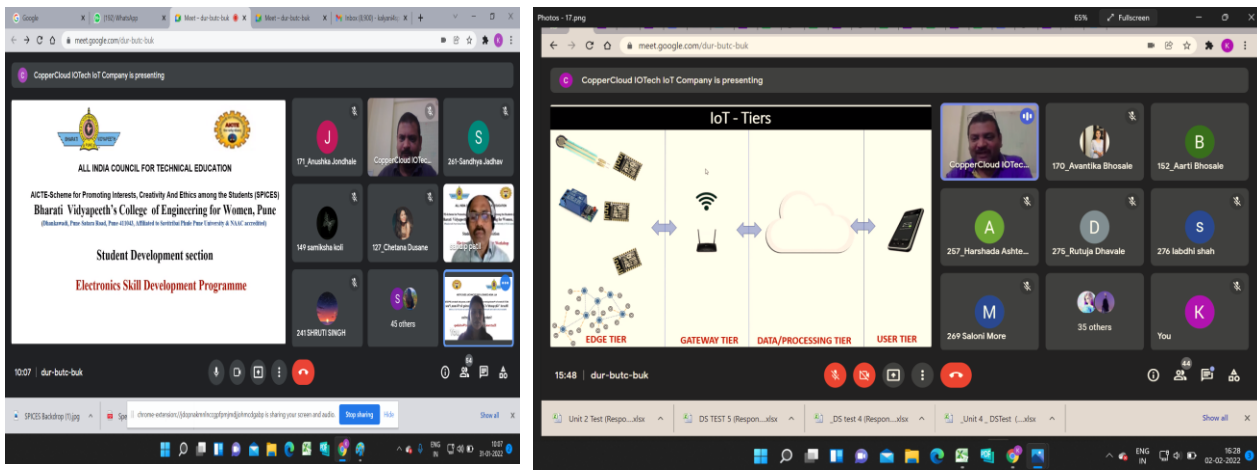

*Date: 31 Jan To 2 Feb. 2022*

A 3-day workshop on "Electronic Skill Development" was organized by Electronics and telecommunication Department, in Bharati Vidyapeeth's College of Engineering for women, Pune for second year (SE) students of departments of Electronics and telecommunication. The webinar was organized under AICTE-SPICE grant in collaboration with CopperCloud IoTech Pvt Ltd, from 31<sup>st</sup> January 2022 to 2<sup>nd</sup> February 2022. The speaker of the workshop was Abhijeet Deogirikar, the Founder & CEO of CopperCloud IoTech, joined by Yogesh Yewale and Brigadier Vilas Deogirikar. Our college has recently got the AICTE: Scheme for promoting interests, creativity, and ethics among the students i.e., SPICES grant under the coordination of Prof. Dr. S.R. Patil sir, Principal, Bharati Vidyapeeth's College of engineering for women, Pune and Dr. V.R. Pawar mam, Associate Professor, Electronics and telecommunication Department.

On 31<sup>st</sup> January 2022, the session began at 10:00 am. Firstly Shruti Singh, Student SE ENTC, welcomed invitees to the workshop followed by Saraswati Pujan. Then Prof. Dr. S.R. Patil sir then gave the inaugural speech and a short introduction of the webinar topic. Next Prof. K.R. Chaudhari ma'am, Event coordinator, gave the introduction of guest the speaker. After that, Speaker, Abhijeet Deogirikar sir started the workshop by giving us an overview of the contents of the workshop and also general electronic related topic information, hence building our interest in the workshop from start. Next the speaker stated out various recent trends in the field, told us about various tools we will be using around 3 days such as: Arduino IDE, Multisim and Express PCB. Then he taught us about the Electronic Components and connections and also bread boarding. He then gave the introduction and applications using Arduino. He then moved forward to cover the topic- Using sensors and actuators and their interfacing with Arduino such as Motor driver with relays, reversible motor ad SSR). After an hour lunch break, Yogesh Sir then taught us about, using simulation software for design and testing of electronic devices on Tinker CAD for our better understanding. After this day 1 of the workshop was concluded by question and answers session. On 1<sup>st</sup> February 2022, sir started the session by fir clearing he doubts of any students of previous lecture and then moved to the next topic of day- Drawing layout of PCB using PCB design software. He then covered various topic revolving PCB such as Single layer PCB design for a simple electronic circuit. After an hour lunch break, Yogesh Sir then again taught us about, using test equipment for testing, fault finding and repair etc. Then Abhijit sir continued with discussion on assembling and utilizing mechanical parts such as DC motor, AC motors, sensors etc. he then continued teaching us use of various types of parts and surfaces mounted devices parts, work to correct sequence and tolerance and accurately solder components to comply with industry standards. This session was also concluded by question and answers session. 2<sup>nd</sup> February 2022, Abhijeet sir started the session by topic- Study and use of various types of batteries followed by Calculation of Power budget for and electronic circuit. Then he taught us by practical demonstration of how to bring al these skills, tools and techniques together for building and electronic system. He then gave us industry exposure and also on overview and demo of IOT and lastly a question-and-answer session then concluding the three-day workshop. All the Q&A sessions were interactive with students

asking the speaker on various aspects of what was taught. At around 16.00 pm the webinar ended and a vote of thanks was delivered by Prof. K.R. Chaudhari .50 students attended this workshop.

Report "Nirbhaya Kanya:Self Defense"

Date: 21 Feb. 2022

Workshop on "Nirbhaya Kanya -Self Defence" was organized by student development section of BVCOEW in Bharti Vidyapeeth's Collage of Engineering for Women, Pune for second year (SE) students of departments of Electronics and Telecommunication , Computer engineering and Information technology. The workshop was organized under Student development Section grant on 25<sup>th</sup> February 2022. The speaker of the webinar was **Mr. Vikas Badadhe** , President of School of Marshal Arts ,Pune.

The session began at 9:00 am. Firstly Shruti Singh , Student SE ENTC, welcomed everyone to the workshop and gave a brief introduction of Marshal Arts . Then prof. Dr. S.R. Patil sir gave the short introduction of workshop topic and give the information about need of self defence .Next prof. Kalyani Chaudhary ma'am, Head of Student Development Section department of BVCOEW , gave the introduction of the speaker and his 8 student who comes to teach us self defence skill . Then the one student of Mr. Vikas badadhe take over the workshop and give us information about how self defence is related to health , how to improve our Mental and Physical health by doing.

1. · meditation
2. · pranayama
3. · yoga
4. · exercise etc.

Give information about how marshal arts develop and teach us

1. Body personality development
2. Immunity
3. behavior
4. How to work

Next , they start giving the training for self defense . They do pair of 2 girls for doing defense activity sir and his 8 students teaches each defense skill and to do the student . they teaches almost 7to8 defense technique . The workshop is totally interactive with sir his students and all students . Students ask question and technique how to do ,where to use technique .

Then Mr. Vikas Badhade tell about where to use this technique , need of marshal arts , only use in self defense not to harm other for no reason . They talk about body development , now a days students immunity and give guidance to improve it.At around 4:30 pm the workshop ended and vote of thanks was delivered by prof. Kalyani Chaudhary ma'am , Head of student development section.
