I shall attend the classes regularly failing which I know I will be liable for penalty / punishment. I know that I have to satisfy the requirements of at least 75% attendance in every Theory subject and 100% performance in Practical work-Term work for getting the term granted. I also know that if my first term of the current year 2018-19 is not granted, I will have to seek fresh admission to First Semester of the next subsequent academic year in the same class.

I know that I have to satisfy the requirements of at least 75% attendance in every Theory subject and
100% performance in Practical work-Term work for getting the term granted. I also know that if my
first term of the current year 2022-2023 is not granted, I will have to seek fresh admission to First
Semester of the next subsequent academic year in the same class.

IMPLICATION OF RELEVANT RULES AND REGULATIONS RELATED TO
ATTENDANCE OF STUDENTS

I have gone through very carefully about implication of important rules and regulations related to attendance of students in the college, in Practical's and Theory. I have noted the following:

Every student is required to have at least 75% attendance in the Lectures of every subject and 100% performance and completion of all Practical's and Term – work.

Students failing to comply with the above requirements will be detained due to which they will not be permitted to appear for the University Examinations at the end of the semester and not permitted to study for the subsequent semester of the current Academic Year. Further, such students also stand to lose one whole year as they will have to seek readmission for the same Semester
