## Report at a glance

**WordsMaya** in collaboration with Bharati Vidyapeeth's College Of Engineering For Women, Pune conducted a course for students of 2nd year and 3rd Year Engineering of Bharati Vidyapeeth College of Engineering for Women. The course was for the students pursuing Degree in Engineering and these students had to engage differently. The students had technology background so students had to be taught in a diverse way.

### Induction and Onboarding

WordsMaya conducted a kick-off session at the Bharati Vidyapeeth College of Engineering for Women, with a batch of 28 students on 7th September 2018. The session was aimed to onboard the students on WordsMaya platform through which they appeared for the online course.

### Assessments

The students were assessed to know their English Proficiency with the help of tests which were conducted on 15th August 2018.

### Online lessons

The students were provided with 27 online lessons on our platform. It consisted of 25 hours of learning. The average completion of online course by the batch is 64%

### Workshops

WordsMaya conducted five workshops in which students learnt different techniques to express them in English, increase confidence, improve grammar and vocabulary, better presentation skills, soft skills, etc.

### Final Assessment

We have observed that 79% of the students are more confident than before.

### Students Feedback

We had given Feedback Forms to the students and they have given us rating as follows-

Learning experience with WordsMaya -4.37/5

Effectiveness of the course -4.75/5

### Students speak

*"I have learned too many things from WordsMaya. My Confidence level has improved and I can communicate in English"* Shubangi More

## Details of the course

### I. Induction and Onboarding

Based on the students level and requirement Confidence Building Course was given to them. WordsMaya team decided to first onboard them to the course with the help of their co-ordinators and to do that the course instructions manual was printed and taken by WordsMaya team. The team made sure that batch gets 100% on-boarded to the online course.

Trainer's name- Priya Singh

### II. Online Lessons

26 students started with WordsMaya's online course using their respective Facebook Messenger accounts. They learnt at their convenience using their mobile phones or laptops. The course contained blog writing, review writing on social media, speech shadowing and terms which will mass communication student will require.

#### **Online Course Completion**

The average course completion rate is- 64%

Number of students who completed the course- 14

(REFER TO ANNEXURE FOR GRADE SPECIFICATION)

- **Post Course Assessment**

Total 15 students out of 28 students took the post course assessment (As 13 Students were absent) and following pie chart demonstrates the distribution of the students' breakdown. (REFER TO ANNEXURE FOR GRADE SPECIFICATION)

#### **IV. About the Workshops**

##### **First Workshop- 15th August 2018**

The first workshop was about importance of communication, all the students met their mentor, i.e Priya Singh for the first time. The workshop was on Ice Breaking & Primary Assessment. In this workshop, Priya conducted the primary assessment in which she checked the level of the students with the help of following parameters, Grammar, Vocabulary , Pronunciation, Writing Style, Fluency and Expressiveness. She graded the students individually and then told the importance of confidence in world of Mass Communication. where she asked the students to prepare on topics to speak on. They were all divided into groups of 4 and each group was given a topic. She gave them 2 minutes to put their thoughts together. before they started she shared certain tips on public speaking. Then each student came up to speak. They were all very enthusiastic and when the topics were given to them, they all took time to gather their thoughts. As each student was speaking, she was giving constructive feedback and the others would listen and pay attention as it was a learning for every one. They all sounded quite confident and enjoyed the session.

##### **Second Workshop- 22nd September 2018**

The second workshop was an extempore. For this extempore session, this was lot on the lines of the previous workshop activity where they were asked to speak on a given topic. Each student was given a topic by me and they were given two minutes to collect their thoughts and plan on what they were going to speak, she gave them tips on what to keep in mind while giving a speech or extempore.

The students were very excited about what topic they would be assigned. She told them all about eye contact, body posture, gestures, articulation, audience involvement, starting with a quote and they should practice all these points while talking. The rest of the students had the responsibility of grading them while they spoke.

##### **Third Workshop- 27th September 2018**

The third workshop was about Debate , The trainer divided the class into two groups. She explained the difference between a group discussion and debate, gave them all tips on having good debating skills, gave them a topic and made one group speak for it and the other group against it. They were given 5 minutes to discuss points in their teams and then the debate started. The participation of the students was good. For most of them this was the first time they were participating in a debate so she told them all to keep in mind the points on the communication aspect while speaking. Most of them were very enthusiastic and spoke a lot of points. For those who hardly spoke, I encouraged them to speak and share their thoughts.

#### Fourth Workshop- 29th September 2018

The fourth workshop was on MAD ADS. This activity required all the students to get creative using props as items to sell as an advertisement. The purpose was for them to relate it to when they go for job interviews and would need to sell their strengths. They were all asked to imagine a pop or even use one and come up and sell it to their classmates. Participation was good. They all used props like watches, books, phones, bottles, etc and tried to sell them to their classmates. The rest of us would rate the top three best performers. They were innovative in their thoughts and it was a lot of fun and brought out their creative side. They spoke about the positives in their products.

#### Fifth Workshop- 6th October 2018

The fifth workshop was last workshop, till now there was a tremendous change seen in their attitude, class performance and level of confidence so to measure the actual level of change Post Course Assessment took place. Priya checked the level of the improvement of students with the help of same parameters which were used for Pre-Course Assessment i.e, Grammar, Vocabulary , Pronunciation , Writing Style, Fluency and Expressiveness. She graded the students individually also she guided the class with the criteria they would be assessed on, which was, eye contact, body language, confidence levels and communication skills. Participation levels were very good and they were all very enthusiastic. They had all made efforts on their presentations and it showed. They all kept in mind all the pointers I had given them over the period of all the workshops. saw a very high level of improvement in all of them which included their confidence levels too.

### **V. Monitoring**

#### **Students Tracking**

The progress of the students in the online course was tracked and sent on a weekly basis. The mentor was updated regarding the students progress of the online course before every workshop. WordsMaya used to send the reminder messages to the students regarding timely completion of the course.

#### **Students Attendance**

WordsMaya observed that 69% of the students attended 100% of workshops. The students were attentive and participated in the activities carried out during the workshop.

#### **Trainer Attendance**

WordsMaya's trainer conducted all the scheduled workshops.

## Final Report Confidence Building Course

### VI. Course outcomes

#### Performance of the students

Basis on the observation of the students ,the performance in speaking and writing English had a tremendous change. Now the students of the institute were ready to explore themselves in a better way besides the students development program in a day care gave a successful fruit.

**Brief report of Activity**

Seminar on "Aptitude Test Preparation" was organized in Bharati Vidyapeeth's College of Engineering for Women for Third year Computer Engineering students by Computer Engineering Student Association on 16/01/2020. The seminar was conducted by Mr. Rishikesh Shetye, O2 Breathing Brains. The seminar was conducted under the valuable presence of Prof. D.D. Pukale and CESA coordinator Prof. J. D. Jadhav.

This interactive session started with the welcome and introduction of Speaker by Miss Nandini Malviya. Mr. Rishikesh Shetye started the session with a story of a boy. The story kept us, the curiosity of that boy made us question ourselves that how we changed so much? He made us realized that when we were 10-15 years old, we used to question everything, we cared for the reason. But with the time we changed, we all focused only on marks. He explained us that marks are important only for the eligibility but logical thinking and reasoning is important for clearing any exams or placements. In the whole session he explained us what is the importance of aptitude, where it will help us and how to build our logical thinking. He asked few questions about need of aptitude, students kept their views. Before introducing us to O2 Breathing Brains he took one small test to check our logical thinking strength. The test was of 2 questions, those two questions showed us where we stand in aptitude. After this test he showed us a video of how he and his team can help us in improving. He also showed us one recorded lecture based on probability. After that he asked us the importance of methodology used for learning. Student answered him according to themselves. Then he showed their teams methodology to us, it consists of pre training, on-training and post training.

### 17. Workshop on "Excellent Bytes"

Workshop on "Excellent Bytes" was organized by Student Association and Training cell of Bharati Vidyapeeth's College of Engineering for women, Pune for Third year (TE) and final year (BE) students of Departments of Electronics and telecommunication, Computer engineering and Information technology. The webinar was organized under AICTE-SPICE grant on 11<sup>th</sup> February 2022. The speaker of the webinar was **Mr. Aashish Jain** from **Carpe Diem Boot Camp**.

Our college has got the AICTE: Scheme for promoting interests, creativity, and ethics among the Students i.e., SPICES grant under the coordination of Prof. Dr. S.R. Patil sir, Principal, Bharati Vidyapeeth's College of engineering for women, Pune and Dr. V.R. Pawar, Associate Professor, Electronics and telecommunication Department

The first session of workshop started with the welcome speech by student member, Ms. Tanushree Desai of TE then Prof. S. T. Khot, Training cell coordinator gave introduction of training cell followed by Dr. V. R. Pawar who has given the information about SPICES grant. Then student member, Ms. Adya Pathak gave brief introduction of Our guest speaker, Mr. Ashish Jain. After this, Prof. Dr. S.R. Patil sir, Principal gave speech which includes Bharati vidyapeeth's brief introduction, organization information, role of different cell in organization, importance of co curricular activities along with academics.

Workshop started with very beautiful interaction of speaker and students with the use of chat box. The session further followed by a brief on the self or one's desires, dreams, passions and motivations. The speaker interacted with students for each point, taken input and gave the tips on how to increase their self esteem, boost confidence and how one can excel in any area like coding, communication skill etc. Students were encouraged to be optimistic and have a positive approach about everything in life.

The next session of workshop was focused on discussion about some strategies of time management, goal setting, self control, planning, execution, distraction overcoming which was very useful and session about etiquette was very informative.

Most importantly, it was emphasized that students should love themselves and never lose confidence in achieving goals. The session was ended with very many feedbacks given by students and staff members and lastly vote of thanks was given by student member, Ms. Preeti Vishwakarma.

#### Report of webinar on "Training Demo of Aptitude and Technical Training"

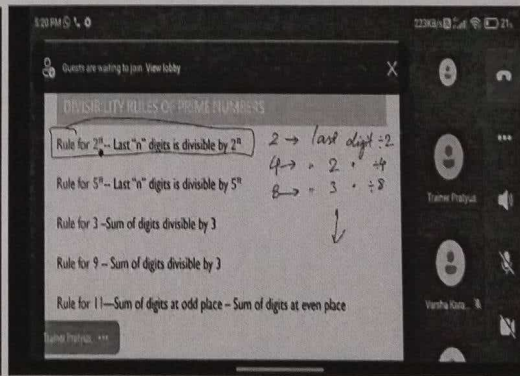

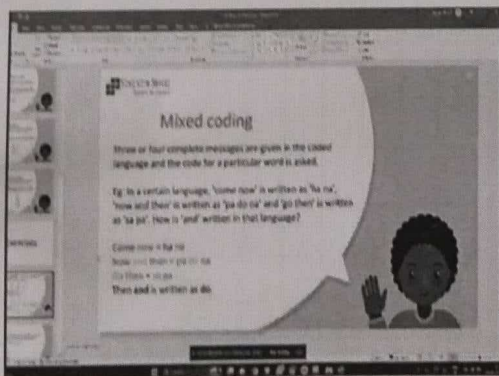

25<sup>th</sup> February 2023

A webinar on the topic "Training Demo of Aptitude and Technical Training (Seventh Sense Talent Solution)", by Mr. Vivek and Mr. Pratyus Praty was held for the students of TE-IT on 25<sup>th</sup> February 2023.

The webinar started with the introduction of the speaker. Then Mr. Vivek and Mr. Pratyus addressed the students by telling about Aptitude and Technical Training. They gave brief information about Seven Sense Talent Solution.

The session was divided into two parts of one hour each. The first half of the seminar was conducted by Mr. Vivek who taught the students about aptitude topics like encoding, decoding of numbers and alphabets. Mr. Pratyus gave a brief insight about Python in the next half which enhanced the students knowledge and gave them confidence in attempting aptitude and coding questions in the future..

Webinar was very informative and students learnt a lot about aptitude and technical training and they got guidance regarding career. The webinar ended on a happy note.

To,

The Principal

BVCOEW, Pune-43.

Subject: - Successfully completed Audit Course-VI for TE Computer students.

Respected Sir,

As per the revised syllabus of TE COMP (Course 2019), it is recommended to conduct an audit (non-credit course) for TE COMP students for the A.Y. 2022-23, Semester-II. Our department is offering **"310259(C) : AC6-VI "Leadership and Personality Development"** as an audit course. The person Ms. Sfurty Sahare (Motivational Speaker), has successfully conducted the audit course. The cost of audit course-VI is Rs. 24,000/- which is already sanctioned and enclosed herewith. So this is to inform the account section to do needful.

This is for your kind approval & necessary action.

Thanking you,

Yours Sincerely,

Prof.V.D. Kulkarni

#### *Report of webinar on "Training Demo of Aptitude and Technical Training"*

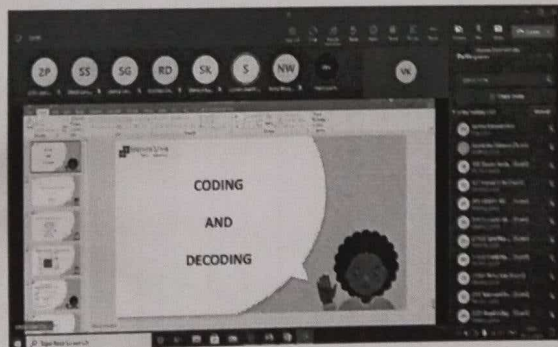

9<sup>th</sup> March 2023

A webinar on the topic "Training Demo of Aptitude and Technical Training(Seventh Sense Talent Solution)", by Mr. Vivek and Mr. Saqlain Shariff was held for the students of SEIT and BEIT on 9<sup>th</sup> March 2023 from 5 pm to 7 pm.

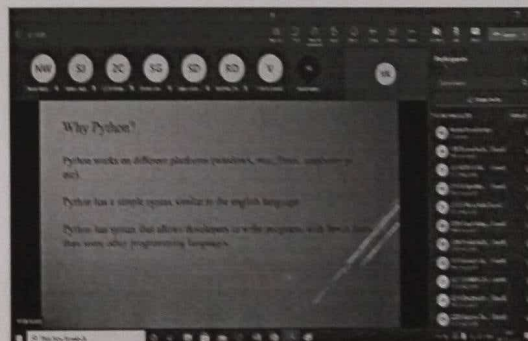

Webinar started with the introduction of the speaker. Then Mr. Vivek and Mr. Saqlain Shariff addressed the students by telling about Aptitude and Technical Training. They gave brief information about Seventh Sense Talent Solution.

The session was divided into two parts of one hour each. The first half of the webinar was conducted by Mr. Vivek who taught the students about aptitude topics like encoding, decoding of numbers and alphabets and then Mr. Saqlain Shariff gave a brief insight about Python in the next half which enhanced the students knowledge and gave them confidence in attempting aptitude and coding questions in the future.

Webinar was very informative and students learnt a lot about aptitude and technical training and they got guidance regarding career. The webinar ended on a happy note.

A webinar on the topic "Training demo by EduPlus", was held by Mr. Sachin Satpute and Mr. Vishal Mohurle for the students of TE-IT on 21<sup>th</sup> March 2023 from 4pm to 6pm.

Webinar started with the introduction of the speaker by Mr. Sachin Satpute addressing the students by briefing about himself and the guest speaker Mr. Bhaskar Jha from EduPlus Now.

The session began with Mr. Bhaskar Jha's introduction to Data Science, Business Analytics and tools and technologies used in Data Science. He gave an idea about careers in Data Science which was followed by a question and answer session. Then Mr. Sachin Satpute briefed about EduPlus now, its agenda, and overall organization. Some courses were introduced to the students who are interested in taking Data Science courses which was followed by a question and answer session.

Webinar was very informative and students learnt a lot about Data Science and regarding its careers. The webinar ended on a positive note.
