

24 sept 2016

MEMORANDUM OF UNDERSTANDING

Between

Bharati Vidyapeeth's College of Engineering for Women, Dhankawadi, Pune

Fire and Security Association of India (FSAI)

This Memorandum of Understanding (MoU) is entered between Fire and Security Association of India(FSAI), a non profit organization established in 2002 and incorporated as a society with Tamil Nadu societies registration rules 1975 bearing registration number 326/2002 and represented by its undersigned of the ONE PART,

AND

- **Bharati Vidyapeeth's College of Engineering for Women, Dhankawadi, Pune** Affiliated to University of Pune and approved by AICTE represented by undersigned of the OTHER PART.

Whereas **FSAI** and **Bharati Vidyapeeth's College of Engineering for Women**, shall be herein after jointly referred to as the "Parties" and singularly as "Party".

Fire and Security Association of India

www.fsaai.in

Reg. Off.: 19/1, Kannadasan Salai, Near Natesan Park, T. Nagar, Chennai-600 017. Tel: + 91 44 42128535. Email: admin@fsai.in

The parties have decided to collaborate in the areas of mutual interest and in accordance with the terms and conditions set forth in this MoU, FSAI and **Bharati Vidyapeeth's College of Engineering for Women**, agree in the following activities.

- **Establishing Fire and Security Association of India (FSAI) FSAI Student Chapter, Rajasthan Circle at Bharati Vidyapeeth's College of Engineering for Women**, with FSAI Student Members in the University.
- **FSAI will issue "Student Membership Certificate"** to all the Student members in a befitting function organized at **Bharati Vidyapeeth's College of Engineering for Women**.
- Conducting Basic & Advance certificate courses in "Building Automation, Fire Systems & Electronic Security" for all the Engineering Students and will issue certificates at the end of the course.
- FSAI & **Bharati Vidyapeeth's College of Engineering for Women**, will support each other's programs/ events of common interest.
- **This MoU will Support on the following "deliverables" to FSAI Student Members along with FSAI Rajasthan Chapter / National FSAI Team will be as follows:-**
 - Chartering / installation of FSAI Student Secretary.
 - Guest lecture.
 - Industrial visit .Involvement of students into FSAI chapter activity.
 - Design competition in Building Automation Fire Safety & Security for students of **Bharati Vidyapeeth's College of Engineering for Women**.
 - Invite FSAI Industry Leaders / SME for tech seminars.
 - To assist in making Student program calendar.
 - Visiting FIRE & SAFETY Exhibitions / events organised across India by FSAI.

Each party will enter into appropriate agreement through this MoU, the terms and conditions, scope of services and when new programmes under this collaboration is initiated.

The MoU will take effect from the date it is signed by representatives of the quarters. It will remain valid for 3 years and may be continued thereafter after suitable review and agreement. Either party may terminate MoU by giving written notice to the other party three months in advance.

Once terminated neither FSAI nor **Bharati Vidyapeeth's College of Engineering for Women**, will be responsible for any losses, financial or otherwise which the other party may suffer. However FSAI and **Bharati Vidyapeeth's College of Engineering for Women**, will ensure all activities in progress are allowed to be completed successfully.

This MoU is signed subject to approval of the representative academic/ administrative bodies.

On behalf of FSAI
Signed by: Mr. Pankaj Dharkar.
FSAI, President

On behalf of **Bharati Vidyapeeth's College of Engineering for Women, Dhankawadi, Pune**
Signed by: Dr. H. V. Vankudre.

MOU/ Expression of Interest

1. This Memorandum of Understanding is being executed on **27/07/2017** between **M/s ATS InfoTech Pvt. Ltd. A Microsoft-AEP (Authorized Education Partner)** having its registered office at L-107, Lajpat Nagar-II, New Delhi -110024 and represented by Mr. **Sandeep Giyyan Jethani (Director Operations)** hence for purpose of MOU known as '**Delivery Partner**' and **Bharati Vidyapeeth's College of Engineering for Women, Pune** represented by **Prof. Dr. H.V.Vankudre (Principal)**, hence for purpose of MOU known as '**Resource Partner**'.
2. Delivery Partner would be offering International Certifications to the interested students from different vendors @ academic discounted price and those students who voluntarily pay the exam fees would be getting bundled training free of cost mapped to the certifications.
3. This contract in no way creates any financial binding nor does it imply that 'resource partner' has committed to provide any fixed number of student's registrations per year for the certification exams /bundled workshops, the only commitment from their end is to provide platform to address students / seminar to educate and motivate them about the various certifications and subsequent permission for registering the students who are voluntarily interested in the same.
4. As part of the special offering all exam vouchers provided to the students for certifications would have a **second attempt bundled free** in case the student fails to clear the same in first attempt.
5. Delivery Partner would bundle a '**free of charge**' faculty development Program once a year for the faculty members of the **resource partner**.
6. Delivery Partner would also **sponsor certification vouchers for faculty members** equivalent to 10% of the total students enrolled in academic year.
7. Students would be registering directly for the certification exam by making payment to the SPOC appointed by the **resource partner** or with M/s ATS Infotech Pvt. Ltd. either online or offline by chq/cash/DD. Proper receipts would be issued for the same. In case if only the **resource partner** collects the payments, the same would have to be transferred to **delivery partner** max within 7 days, as exam vouchers can only be registered once payment is made. Students would be receiving a conformation mail of their voucher being booked and entitlement to free training/workshop, once they register either online or offline.
8. The fee charged is against Microsoft /other vendor Certification exam and all other services like training are complimentary / bundled free and cannot be linked anywhere with the release of payment to **delivery partner** (in case if the certification fees is collected by **resource partner**).
9. Student would be receiving their **transcript and certificates** for the exam directly in their account in e-format, from the specific vendor like Microsoft /Oracle/Certiport etc. post successfully clearing the exam.

10. Resource Partner would be Provided 15% '**Resource Utilization Fees**' against use of infrastructure and other resources for the bundled free training. The Resource Utilization fees will be paid on basic fee excluding the taxes.
11. Resource Partner would provide necessary infrastructure within college, like labs with Computers, LCD Projector's, internet etc. for the execution of the **free training** and conducting the **Certification Exam**.
12. Resource partner would allocate time slot either on weekends/holidays /regular slot for min 6-8hrs or as per mutual consent with delivery partner for execution of FREE training in their campus.
13. The duration of the training may increase as per the level of participants and shall not be linked with the release of payments.
14. The tenure of the contract would be for a period of three years i.e. from **27/07/2017 to 26/07/2020** same cannot be terminated for min period of one year from the date of signing of the MOU.
15. Prices of the certification are subject to yearly review and revision as per the policy of the Certification vendor and other state and govt taxes as and when applicable by the Govt of India. However, a proper communication would be provided, whenever there is impact on the same.
16. "**Resource Partner**" cannot hire or take services from any current full time /part time, ex-employee of the Delivery Partner either directly or indirectly for any fulltime or part time assignment for minimum period of one year from the date of expiry of contract.
17. "**Resource Partner**" must follow from time to time rules/regulation & operational protocols laid down by Microsoft/Certiport other international vendors for their respective certification.
18. In case of any dispute, or difference whatsoever arising between the parties out of or relating to the construction, meaning, scope, operation or effect of this contract or the validity or the breach there of shall be settled by arbitration in accordance with the Rules of Arbitration of the Indian Council of Arbitration and the award made in pursuance thereof shall be binding on the parties "however the court of jurisdiction would be Bengaluru.
19. This **clause** is intended to be legally binding and the parties agree and acknowledge that both the terms of this **MOU** and the discussions relating to the collaborative activity are **confidential** and neither party will disclose them without the prior written consent of the other party.
20. **Resource Partner** would issue a letter of completion upon successful completion of the certification and bundled training program.
21. Minimum batch size to run a free training/workshop bundled with Certification will be 50 students however in case the numbers are very less than the decision on the same would be as per mutual consent.
22. Delivery partner would also be bundling free 6 month subscription access for 'mentorbuddy.com' for assessment and post assessment support mapped for both university curriculum and for aptitude test prep.

23. Cost of certification Exam after discount bundled with free workshop

Sr. No	Certification mapped free Workshop	Certification Exam Cost with two Attempts after discount	College Share 'RUF'	Reg Amount	Balance Fees	Program Duration
1	Cross Platform Mobile App. Dev Mapped to Microsoft MTA exam 98-735	2890+ 18% GST Students will get 2nd attempt sponsored /free from us incase if they fail in 1st attempt	15% of the basic fees. i.e. 433/-	Rs 1180 GST (inclusive)	RS 2230/ GST inclusive to be paid when free workshop starts.	20-24 hrs
2	IOT Mapped to Microsoft MTA exam98-361	2890+ 18% GST Students will get 2nd attempt sponsored /free from us incase if they fail in 1st attempt	15% of the basic fees. i.e. 433/-	Rs 1180 GST (inclusive)	RS 2230/ GST inclusive to be paid when free workshop starts.	20-24 hrs
3	Robotics Mapped to Microsoft MTA exam98-361	2890+ 18% GST Students will get 2nd attempt sponsored /free from us incase if they fail in 1st attempt	15% of the basic fees. i.e. 433/-	Rs 1180 GST (inclusive)	RS 2230/ GST inclusive to be paid when free workshop starts.	20-24 hrs

MEMORANDUM OF UNDERSTANDING

Between

**Bharati Vidyapeeth's College of
Engineering for Women
Pune-43**

**Dolphin Labs,
Pune-41**

The **MEMORANDUM OF UNDERSTANDING IS ENTERED INTO ON** Monday, 18 June 2018 between, Bharati Vidyapeeth's College of Engineering for Women, Pune, located in Pune here after referred as BVCOEW, Pune and Dolphin Labs, Pune hereafter referred to Dolphin Labs, Pune located at Pune.

1. PREAMBLE

Collaborative efforts in industrial interaction have become the key to success in engineering Education. The collaboration is proposed in the areas of training, joint projects of students and faculty, joint development of research projects, joint sponsored projects from funding agencies, joint faculty and staff development programs, joint consultancy projects with a sound revenue sharing model and placement of the students etc as per need and mutual understanding. Students are to be encouraged to participate in in-plant training and field work. Participation in such activities will give a good exposure on the developments taking place in different areas. Accrual of benefits to students in research is proposed, using the facilities at organizations. The institution and industry are required to establish collaboration through MoUs. The industry-institute signing this MoU has agreed to work on the philosophy mentioned in this preamble.

2. PURPOSE

The aim of this MoU is primarily to establish a written document under which both the parties may enter into a written agreement to perform collaborative programs in the areas of mutual interest.

WE DO RESEARCH, TO DEVELOP YOU, TO DO RESEARCH

3. AREA OF COLLABORATION:-

- i. Training and placement assistance to students
- ii. To work jointly on research projects, consultancy assignments, students development programs, preparing reports on case study of field work.
- iii. To attend activities organized by both institution and industry.
- iv. To start collaborative research program of mutual interest and programs for promotion of entrepreneurship.
- v. Any other activity not covered by this MoU with the prior agreement of both institutes

4. AGREEMENT OF COLLABORATIVE PROGRAMS

- a. Each such collaboration undertaken by institute and industry shall describe the details about the following:
 - i. The nature, scope and the time of collaborative schedule
 - ii. The form as pursuant to clause no, 3 above
 - iii. Any other provision as deemed to be necessary & agreed by both the institute and industry
- b. To prepare and finalize a concrete action plan and schedule for collaboration on priority areas as agreed upon by both.

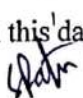

5. NODAL AUTHORITY

The Nodal officer from BVCOEW, Pune shall be the HOD(E&TC) BVCOEW, Pune or his nominee and Nodal officer from Dolphin Labs, Pune shall be the CEO or his nominee for all decisions making and concurrence

6. ACTION PLAN AND IMPLEMENTATION METHODOLOGY

Dolphin Labs, Pune and BVCOEW Pune will start working together for Training activities. The outcome of training will be supported by placement assistance and in-plant training to students of BVCOEW, Pune. This MoU shall be effective from the date of signing the same and shall remain in effect for two year with the possibility of extending the same to subsequent year(s). MoU will be reviewed every two years subject to satisfactory progress. In witness where off, the industry and institute are here to have executed this agreement on this date and the year first here in above written.

Date : 30/01/2019

Memorandum of Understanding

1. This Agreement is being executed on 10th January, 2019 between **Gigante Technologies Pvt, Ltd.**, having its registered office at: Sai-leen building, 3rd floor, Near Ranka Jewellers, Nalstop, Pune, Maharashtra and represented by **Ms. Pratima Ghalsasi** hence known as "**Delivery Partner**" and **Department of Information Technology Bharati Vidyapeeth's College of Engineering for Women, Pune-43** represented by **Prof. Dr. D.A. Godse** hence known as "**Resource Partner**".
2. The purpose of this Memorandum of Understanding is as follows:
 - A. Organizing seminars/conferences/workshops/competitions on topics related to academic as well as Professional interest for cross fertilization of ideas for overall growth.
 - B. Giving the exposure of corporate culture to the Institutes students and faculty through Industrial Visits.
 - C. Guiding and mentoring the institute's students for projects.
 - D. Organizing Faculty Development Program.
 - E. Conducting placement drive at the Institute on a prime slot.
3. Delivery Partner is desires to collaborate with the Institute for effective use of Information and Communication Technology (ICT), Research, Training, Campus Placements and to achieve other similar objectives.
4. Resource Partner will provide the necessary infrastructure like laboratory(s) with computers, LCD projector required by the Delivery Partner for training.
5. Resource Partner would allocate appropriate time slots as per the academic schedule for the mentioned training program offered by the Delivery Partner.
6. The tenure of the contract would be from 10th January, 2019 to 09th January, 2020 i.e. for One year.

Memorandum of Understanding

Delivery Partner: **KasNet Technologies Pvt Ltd.**, a company registered in USA and India, having its Registered office at Narhe Industrial Estate, Narhe, Pune -411041.

Resource Partner: **Department of Information Technology, Bharati Vidyapeeth's College of Engineering for Women, Katraj-Dhankawdi Campus, Pune-411043.**

Where, KasNet is a US base leading Information Technology Company having its offshore development center in India.

Below are the terms of understanding:

1. Objective: The purpose of this MOU is to develop and extend a framework of cooperation and joint operations which will be henceforth called "MOU" between KasNet and Department of Information Technology, Bharati Vidyapeeth's College of Engineering for Women, Pune to commence and progress towards a mutually beneficial engagement. This MOU seeks to crystallize the understanding of both parties as regards the mode of their engagement and define their roles and responsibilities.

Both parties have mutually agreed to conduct any of the following activities under the MOU.

- Guest Lectures.
- Knowledge sharing sessions (Technical and Domain Specific).
- Placement preparation, Mock interviews.
- Project Sponsorship.
- Internship.

COEP's Bhau Institute is an emerging start-up incubator in India. Bhau's focus is to develop successful entrepreneurs in grassroots innovations, who will have a large social impact. These innovations are expected to be in the areas of Healthcare technologies, Cyber Security and IoT. Bhau Institute aim to build responsible entrepreneurs and create impactful start-ups. Bhau provides mentoring, entrepreneurship development training, industry connect, and fundraising support.

IoT.in has the mission to develop the globally competitive startups from India in the field of IoT. This is achieved by upskilling the talent pool in India and preparing them to leapfrog into the emerging technologies associated with IoT.

The IoT CoE is a joint partnership formed between COEP's Bhau Institute and IoT.in to promote entrepreneurship and develop startups in hi-tech areas.

It is mutually agreed by **IoT CoE** and **Bharati Vidyapeeth's Collage of Engineering for Women** that the purpose of this MOU between two parties is to promote entrepreneurship, and convert "Job seekers" to "Job generators"

Terms of reference for this MoU

• Responsibilities of "IoT COE"

1. Identify and up-skill potential students in emerging technology (Embedded Linux, AI, BLE and IoT). The details of the training program and curriculum are given in Annexure I.
2. To motivate, support and mentor students for identification, development and commercialization of their innovative ideas from conceptual stage to start ups.
3. To inculcate out of box thinking and a culture of innovation driven entrepreneurship.
4. To guide and assist prospective starts ups and entrepreneurs on various aspects of entrepreneurship.
5. Create a mentorship scheme for student innovators.
6. To develop mentors and counselors to nurture innovators and their innovations.
7. Provide industry interaction to students under the program.
8. Work with college E-cells to promote technical entrepreneurship.
9. Every 6 months an official list of students who complete the program will be provided a letter of completion, for college records.

- **Additional support areas**, (To be agreed, by mutual negotiations between the two parties involved, as and when required.)
 1. Help organize industry sponsored Hackathons and trainings.
 2. To provide resources for Business Plan Competitions / Innovation Camps / Hackathons etc. held in college.
 3. To provide resources and guidelines to conduct Training Programs on various aspects of entrepreneurship relevant to industries.
 4. Faculty Mentoring: Faculty Coaching in latest technology and improving student engagement.

Responsibilities of “Bharati Vidyapeeth’s Collage of Engineering for Women”

1. The students which are a part of the program must be allowed to attend a minimum of 12 hours per week. Student may choose one of the 2 slots available 8 am – 12 pm, or 2 pm to 6 pm. Colleges which have 6 months full time internship option available will allow students to participate full time in this program.
2. Selected students will be permitted to attend the program by IoT CoE and must be given aid in terms of attendance.
3. College must appoint a point of contact person for all activities to be conducted to successfully execute goals of this MOU. Training & Placement Officer is suggested as ideal for the role.
4. College must facilitate creation of Entrepreneur’s Club (E-Cell) to foster culture of entrepreneurship among students. If E-cell is already in existence, contacts of in charge must be provided to us to work in cohesion to create technology entrepreneurs.
5. To provide essential logistics and infrastructure arrangements for all the activities conducted by IoT CoE at the college.

Annexure I

Goal: Create globally competitive startups in hi-tech areas

Key highlights and Benefits

→ Training on cutting edge technologies:

1. The students will be trained only on cutting edge tech which is used in industry. Thus upgrading their skills and helping them become world class professionals.
2. Training is provided only on cutting edge technology helping them to be at par with global startups.
3. Access to world class lab facilities for AI and IoT. (Bhau Institute to create the best AI lab in the country). The program gives the students to access to cutting edge hardware like the Kirin HiKey 970 board which is the first AI chip with NPU support.

→ How is it done?

1. Collaborative study: Each student has to read the topic of the day. Discussion is held where each student describes their understanding and the instructor clarifies everything that was wrongly said and everyone makes notes of final understanding.

→ Project based learning:

1. Practical Implementation: Learning is complete when it is applied and something is created not individually but by team work. We ensure each student team works on a new application idea and support them (all hardware costs are also borne by us) until it is completed. This in turn creates confidence in the student of having done something special.

: I/C Principal :

Prof.(Dr.) S. R. Patil

Ph.D. (EC & CSE) LMISTE, FIETE

Ref. No. : BV / COEW /

/ 20

Date :

2. Ownership of individual tasks: Within team every student takes up a task individually for the goal assigned to the team, inculcating a sense of responsibility in each student and breaking old habits of unaccountable team formations.
3. Leadership skills: Leadership is rotational, each student gets a chance to lead the team. A leader has to first choose a goal for the team. Team discusses approach. Team leader finalizes it and assigns tasks to each one.
4. Taking strong decisions as a leader: Consistently non-contributing students are supported by the team initially and if still not performing Team Lead sends a recommendation for removal of the member from team.

→ Communication Skills:

1. Summarizing: At the end of every session, students have to summarize, document and present their research and work.
2. Industry Interaction: In collaboration with tech giants like Qualcomm, Samsung, Siemens Huawei to name a few, the students have direct industry interaction and chance to present their work during Meetups organized by Bhau Institute.
3. The interns are not just groomed from the technical perspective but also improving their communication and soft skills.
4. The students will have a chance to grab industry sponsored projects in respective fields due to industrial involvement in the program.

→ Personality grooming:

1. Encourage logical thinking and discussion.
2. Stick to being positive and optimistic throughout the program. If anything is not good don't merely complain, take ownership, think why it is not good and do what is needed to make it better.
3. Be disciplined, organized and goal oriented yet flexible to adapt creative ways to achieve goals faster.

4. Be bold try to take up things which has not be done before and we will support you.
5. Be a leader that not just does things for himself but makes things better for others.

➔ **Other features :**

1. Flexible timings: The students can attend the program in either of the time slots morning (8-11 am) or afternoon (2 pm to 5 pm), can be selected according to student preferences. This ensures they don't miss too much of their regular college course.
2. Incorporating design thinking in students (Founder has completed MIT'S Design Thinking and Innovation course).
3. The founder being a jury/mentor of Smart India Hackathon 2018-Hardware edition, can provide valuable guidance to win such competitions.

➔ **Features for Bharati Vidyapeeth's Collage of Engineering for Women:**

1. Participation of students in the program will aid the institution during NAAC, AICTE and various other accreditation.
2. These students can run local chapters in colleges helping improve industry awareness at college level too.
3. A chance to join our subsidized 'Train the Trainer' program (faculty training).
4. A chance to participate in industry interaction programs.
5. Assistance in arranging industry programs in college.

Frequently Asked Questions:

1) Why is this course being offered? Why is this fully free?

A) India lacks innovation and we think the primary reason for this is quality of education offered in India. Much of what is offered in this program is only available today in top rated universities abroad. Some of the programs beat even best universities as they are aligned and updated every 6 months to what industry uses.

Our 6 months internship program tries to create innovative startups out of India by offering students free access and hands on training on cutting edge technologies in IoT /AI and expects to profit from the startups that might emerge out of this program.

2) What kind of students do you prefer?

A) We prefer committed students who are eager to learn something that is better and fully understand why they have chosen to learn a particular subject. We do our best to make sure they make informed choices and not push them into any course. We think a student should do what he/she loves and we will be patient enough to support them to continue learning until they finish learning it and create something innovative.

3) What prerequisites does one need before joining?

A) There are NO prerequisites required for this program. All we require from students, is a certain level of commitment towards the learning process and enthusiasm towards technology.

Memorandum of Understanding (MOU)

Between

IoT CoE

(Run by IoTIoT.in

*In association with COEP's Bhau Institute
of Innovation, Entrepreneurship & Leadership)*

Hereafter referred to as **"IoT CoE"**

Old Pune-Mumbai Road, Shivajinagar,
Pune, Maharashtra - 411005

Tel.: +91 9619111829

E-mail: nikhil@iotiot.in / iotcoe.bhau@coep.ac.in

Website: www.iotiot.in, www.bhau.org

And

Hereafter referred to as **"The College"**

Address: _____

Tel.: _____

E-mail: _____

Website: _____

COEP's Bhau Institute is an emerging start-up incubator in India. Bhau's focus is to develop successful entrepreneurs in grassroots innovations, who will have a large social impact. These innovations are expected to be in the areas of Healthcare technologies, Cyber Security and IoT. Bhau Institute aim to build responsible entrepreneurs and create impactful start-ups. Bhau provides mentoring, entrepreneurship development training, industry connect, and fundraising support.

IoTIoT.in has the mission to develop the globally competitive startups from India in the field of IoT. This is achieved by upskilling the talent pool in India and preparing them to leapfrog into the emerging technologies associated with IoT.

The IoT CoE is a joint partnership formed between COEP's Bhau Institute and IoTIoT.in to promote entrepreneurship and develop startups in hi-tech areas.

It is mutually agreed by **IoT CoE** and **the College** that the purpose of this MOU between two parties is to promote entrepreneurship, and convert "Job seekers" to "Job generators"

Terms of reference for this MoU

• Responsibilities of "IoT COE"

1. Identify and upskill potential students in emerging technology (Embedded Linux, AI, BLE and IoT). The details of the training program and curriculum are given in Annexure I.
2. To motivate, support and mentor students for identification, development and commercialization of their innovative ideas from conceptual stage to start ups.
3. To inculcate out of box thinking and a culture of innovation driven entrepreneurship.
4. To guide and assist prospective starts ups and entrepreneurs on various aspects of entrepreneurship.
5. Create a mentorship scheme for student innovators.
6. To develop mentors and counselors to nurture innovators and their innovations.
7. Provide industry interaction to students under the program.
8. Work with college E-cells to promote technical entrepreneurship.
9. Every 6 months an official list of students who complete the program will be provided a letter of completion, for college records.

• Additional support areas, (To be agreed, by mutual negotiations between the two parties involved, as and when required.)

1. Help organize industry sponsored Hackathons and trainings.
2. To provide resources for Business Plan Competitions / Innovation Camps / Hackathons etc. held in college.
3. To provide resources and guidelines to conduct Training Programs on various aspects of entrepreneurship relevant to industries.
4. Faculty Mentoring: Faculty Coaching in latest technology and improving student engagement.

Responsibilities of "The College"

1. The students which are a part of the program must be allowed to attend a minimum of 12 hours per week. Student may choose one of the 2 slots available 8 am – 12 pm, or 2 pm to 6 pm. Colleges which have 6 months full time internship option available will allow students to participate full time in this program.
 2. Selected students will be permitted to attend the program by IoT CoE and must be given aid in terms of attendance.
 3. College must appoint a point of contact person for all activities to be conducted to successfully execute goals of this MOU. Training & Placement Officer is suggested as ideal for the role.
 4. College must facilitate creation of Entrepreneur's Club (E-Cell) to foster culture of entrepreneurship amongst students. If E-cell is already in existence, contacts of in charge must be provided to us to work in cohesion to create technology entrepreneurs.
 5. To provide essential logistics and infrastructure arrangements for all the activities conducted by IoT CoE at the college.
- **Additional support areas**, (To be agreed, by mutual negotiations between the two parties involved, as and when required.)
 1. To organize Business Plan Competitions / Innovation Camps / Hackathons with active involvement of industry and alumni.
 2. To conduct Training Programs on various aspects of entrepreneurship relevant to industries and need of the society.
 3. To take affirmative action for the sustainable development of physically challenged and students from weaker sections of the society through entrepreneurship.
 4. To setup IoT/AI Clubs and labs within college premises and encourage student participation.
 5. To initiate targeted number of innovative student projects each year for new product.
 6. To arrange interaction with entrepreneurs, bankers, professionals, potential customers and create a mentorship scheme for student innovators.

Terms and Conditions

- 1) For all the terms under the "Responsibilities", there is no financial and legal obligation on either party under this agreement.
- 2) Additional support area may have financial implications, which need to be discussed and negotiated, as and when needed.
- 3) Both parties shall work in tandem to ensure the successful outcome of collaboration.
- 4) Both the parties shall provide adequate facilities and share human resources, learning resources and infrastructure support as and when mutually suitable.
- 5) Disputes, if any between the two parties shall in the first place be settled by mutual negotiations between the persons appointed.
- 6) Both parties shall maintain confidentiality about any information and IP issues.

In this regard we are pleased to sign this MoU between **IoT CoE** and **The College** to meet the outcome of promoting entrepreneurship and to develop startups.

The MoU shall be effective for a period of **1 year** from date it is executed by or behalf of the above parties.

Annexure I

Goal: Create globally competitive startups in hi-tech areas

Key highlights and Benefits

→ **Training on cutting edge technologies:**

1. The students will be trained only on cutting edge tech which is used in industry. Thus upgrading their skills and helping them become world class professionals.
2. Training is provided only on cutting edge technology helping them to be at par with global startups.
3. Access to world class lab facilities for AI and IoT. (Bhau Institute to create the best AI lab in the country). The program gives the students to access to cutting edge hardware like the Kirin HiKey 970 board which is the first AI chip with NPU support.

→ **How is it done?**

1. Collaborative study: Each student has to read the topic of the day. Discussion is held where each student describes their understanding and the instructor clarifies everything that was wrongly said and everyone makes notes of final understanding.

→ **Project based learning:**

1. Practical Implementation: Learning is complete when it is applied and something is created not individually but by team work. We ensure each student team works on a new application idea and support them (all hardware costs are also borne by us) until it is completed. This in turn creates confidence in the student of having done something special.
2. Ownership of individual tasks: Within team every student takes up a task individually for the goal assigned to the team, inculcating a sense of responsibility in each student and breaking old habits of unaccountable team formations.
3. Leadership skills: Leadership is rotational, each student gets a chance to lead the team. A leader has to first choose a goal for the team. Team discusses approach. Team leader finalizes it and assigns tasks to each one.
4. Taking strong decisions as a leader: Consistently non-contributing students are supported by the team initially and if still not performing Team Lead sends a recommendation for removal of the member from team.

→ **Communication Skills:**

1. Summarizing: At the end of every session, students have to summarize, document and present their research and work.

2. Industry Interaction: In collaboration with tech giants like Qualcomm, Samsung, Siemens Huawei to name a few, the students have direct industry interaction and chance to present their work during Meetups organized by Bhau Institute.
3. The interns are not just groomed from the technical perspective but also improving their communication and soft skills.
4. The students will have a chance to grab industry sponsored projects in respective fields due to industrial involvement in the program.

→ **Personality grooming:**

1. Encourage logical thinking and discussion.
2. Stick to being positive and optimistic throughout the program. If anything is not good don't merely complain, take ownership, think why it is not good and do what is needed to make it better.
3. Be disciplined, organized and goal oriented yet flexible to adapt creative ways to achieve goals faster.
4. Be bold try to take up things which has not be done before and we will support you.
5. Be a leader that not just does things for himself but makes things better for others.

→ **Other features :**

1. Flexible timings: The students can attend the program in either of the time slots morning (8-11 am) or afternoon (2 pm to 5 pm), can be selected according to student preferences. This ensures they don't miss too much of their regular college course.
2. Incorporating design thinking in students (Founder has completed MIT'S Design Thinking and Innovation course).
3. The founder being a jury/mentor of Smart India Hackathon 2018-Hardware edition, can provide valuable guidance to win such competitions.

→ **Features for College:**

1. Participation of students in the program will aid the institution during NAAC, AICTE and various other accreditations.
2. These students can run local chapters in colleges helping improve industry awareness at college level too.
3. A chance to join our subsidized 'Train the Trainer' program (faculty training).
4. A chance to participate in industry interaction programs.
5. Assistance in arranging industry programs in college.

Course Details

Following are the course options students will be provided with:

Topic	Topics Covered
→ Embedded Linux (on ARM)	<ol style="list-style-type: none">1. Basics of compiling C program2. Basics of computer3. BIOS4. Operating System architecture5. Booting of x86 system6. Processor basics7. Accredited with 'B+' Grade by NAAC

Memorandum of Understanding

Between

**Bharati Vidyapeeth's College of Engineering for Women (BVCOEW),
Pune**

And

**QJ Technologies,
Pune**

Background

QJ Technologies provides industry ready technical training to students with live hands-on practices and promote quality in education for developing employable engineering skills among students. We also provide end-to-end IoT solutions, web applications, automation, ERP systems to various industries across India.

Purpose

The purpose of this MOU is to provide students with Industry Level Training and internship opportunities so students can get exposure to current industry trends and working. This will also help the students gain experience on working with the industry model and make them understand the practical approaches of problem solving.

The above goals will be accomplished by undertaking the following activities:

1. Conducting practical Hands-on training for students to get started in their area of Interest.
2. Providing students with internship opportunities to get them motivated to work with industry experts.
3. Get the students to join the live industry projects so they can learn from other experienced people.

Funding

This MOU is not a commitment of any funds to be provided to or by any of the Parties. The funds or fees if to be shared with respect to any activities will be decided by the mutual consent of both the parties.

BVCOEW, Pune will provide required resources like:

- The required number of computer systems in the lab & other required infrastructure for the hands-on training sessions.
- The class room with LCD projector for theory sessions.
- Disciplinary support for smooth and timely conduction of the sessions.

Pune-Satara Road, Dhankawadi, Pune 411 043.

Memorandum of Understanding (MoU)

Between

Bharati Vidyapeeth's College of Engineering for Women, Pune

&

MUGDHA SYSTEMS

Bharati Vidyapeeth's College of Engineering for Women, Pune and MUGDHA SYSTEMS Pune, hereby agree to have an Academic Collaboration between each other, in the following areas of interest.

1. Professional Development and Continuing Education

MUGDHA SYSTEMS and BVCOEW Pune recognize that the most significant contribution, which BVCOEW can make to Indian Industry, is to make available suitably trained engineers and technologists year after year. Towards this goal, BVCOEW & MUGDHA SYSTEMS shall endeavor to enrich the engineering and technological education to enable interaction between Industry and BVCOEW, Pune.

2. Student Development Programs:

- a. Technical Guest Lectures / Seminars / Workshops to give students an overview of the developments in the industry.
- b. Projects for the students based on the merit and as per college curriculum.
- c. Visit to the Industry.

3. Faculty Development Programs:

- a. Technical Guest Lectures / Workshops to give faculty an overview of the developments in the industry.
- b. Projects for the faculty in various domains.
- c. Visit to the Industry.

4. Providing Development related solutions to Industry by Institute.

The collaboration is valid for a period of one year from this date and is further renewable based on mutual consent. Also, either side can terminate the same with one month notice, without assigning any reason what so ever.

Prof. Dr. V.R. Pawar is instrumental in accomplishment of this MOU. They shall coordinate all activities executed through this MOU.
