## ABOUT BHARATI VIDYAPEETH

The parent organization, Bharati Vidyapeeth was established in May 1964 by Hon. Dr. Patangraoji Kadam with the objective of bringing about intellectual awakening and all round development of people of our country through education. Bharati Vidyapeeth is now leading educational institution in the country, which has created history by establishing within a span of fifty years and beyond. Today, Bharati Vidyapeeth holds more than 180 educational units, right from pre-primary schools to postgraduate institutions and University of its own.

Bharati Vidyapeeth was founded with the vision, "To be a world class University for Social Transformation through Dynamic Education."

## ABOUT B.V.C.O.E. WOMEN, PUNE

**Vision:** "Women Empowerment through Technical Education."

**Mission:** Develop women students to rise to their full potential.

Impart knowledge and prepare competent engineers.

Bharati Vidyapeeth has its own well defined ideology orientation and commitments. Social transformation in desired direction is one of its cherished dreams. As women play key roles in social transformation, Bharati Vidyapeeth's College of Engineering for Women was established in June 2000. The institute was started exclusively for women and despite challenges of admissions in the engineering institutes, it is running with 100% women students. As stated by vision statement, the institute is empowering women by providing higher education in the fields of Electronics and Telecommunication (E&TC) Engineering, Computer Engineering and Information Technology.

## PURPOSE & AUDIENCE

Mentor Graphics is Electronic Design Automation (EDA) tool for electrical and electronic circuits. This workshop offers new skills and enhances the product knowledge in analog, digital and mixed signal design. Mentor graphics is useful to develop better electronic product faster and cost effective. The workshop will encourage participants to design and develop CMOS integrated circuit with different analysis techniques and create GDS II file to fabricate the integrated circuit.

## ABOUT E & TC DEPARTMENT

Electronics and Telecommunication Engineering Department was established in the year 2001 with the intake of 60 students. With the increase in intake of 60 in 2006-07 for UG and a new PG course of intake 18 in 2013-14; our department is continuously getting upgraded. Department has highly qualified faculty. Well planned infrastructure to satisfy growing needs of educational environment, supported with latest hardware and software tools.

## SCHEDULE

### Day-1:

- Discuss Analog, Digital and Mixed Signal design flow
- Discuss the Pyxis tool flow for CMOS Design

### Lab1:

- Create Nand gate schematic using mentor graphics Pyxis tool
- Simulation using GDK130nm PDK and viewing waveform on Ezwave
- Lab: perform transient analysis using pyxis and Ezwave and calculate propagation delay

### Lab2:

- Generating layout from schematic using Pyxis layout tool
- Remove all DRC errors and create GDS II file

### Day-2:

- Discuss Layout Design rule
- Learn Design rule check and parasitic extraction
- Discuss deep sub-micron condition of MOSFET
- Discuss effects using 60nm and 45nm technology

### Lab3:

- Removing DRC error in layout with the help of Calibre tool
- Perform Layout versus Schematic with Calibre tool
- Perform Parasitic extraction and generate pex file

### Lab4:

- Create a schematic of Common Source amplifier using Pyxis schematic
- Perform DC and AC analysis using ELDO and EZ wave
- Generate physical layout of Common Source amplifier using Pyxis Layout
- Perform physical verification using Calibre tool
- Create GDS II file and verify the layout using Calibre tool

### Day-3:

Enlightenment of Current Trends in Industrial IOT

## **MEMORANDUM OF UNDERSTANDING**

**Between**

**Bharati Vidyapeeth's College of  
Engineering for Women  
Pune-43**

**Dolphin Labs,  
Pune-41**

The **MEMORANDUM OF UNDERSTANDING IS ENTERED INTO ON** Monday, 18 June 2018 between, Bharati Vidyapeeth's College of Engineering for Women, Pune, located in Pune here after referred as BVCOEW, Pune and Dolphin Labs, Pune hereafter referred to Dolphin Labs, Pune located at Pune.

## 1. PREAMBLE

Collaborative efforts in industrial interaction have become the key to success in engineering Education. The collaboration is proposed in the areas of training, joint projects of students and faculty, joint development of research projects, joint sponsored projects from funding agencies, joint faculty and staff development programs, joint consultancy projects with a sound revenue sharing model and placement of the students etc as per need and mutual understanding. Students are to be encouraged to participate in in-plant training and field work. Participation in such activities will give a good exposure on the developments taking place in different areas. Accrual of benefits to students in research is proposed, using the facilities at organizations. The institution and industry are required to establish collaboration through MoUs. The industry-institute signing this MoU has agreed to work on the philosophy mentioned in this preamble.

## 2. PURPOSE

The aim of this MoU is primarily to establish a written document under which both the parties may enter into a written agreement to perform collaborative programs in the areas of mutual interest.

**WE DO RESEARCH, TO DEVELOP YOU, TO DO RESEARCH**

*[Signature]*  
18/06/2018

*[Signature]*  
18/06/18

*[Signature]*

### 3. AREA OF COLLABORATION:-

- i. Training and placement assistance to students
- ii. To work jointly on research projects, consultancy assignments, students development programs, preparing reports on case study of field work.
- iii. To attend activities organized by both institution and industry.
- iv. To start collaborative research program of mutual interest and programs for promotion of entrepreneurship.
- v. Any other activity not covered by this MoU with the prior agreement of both institutes

### 4. AGREEMENT OF COLLABORATIVE PROGRAMS

- a. Each such collaboration undertaken by institute and industry shall describe the details about the following:
  - i. The nature, scope and the time of collaborative schedule
  - ii. The form as pursuant to clause no, 3 above
  - iii. Any other provision as deemed to be necessary & agreed by both the institute and industry
- b. To prepare and finalize a concrete action plan and schedule for collaboration on priority areas as agreed upon by both.

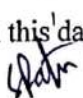

### 5. NODAL AUTHORITY

The Nodal officer from BVCOEW, Pune shall be the HOD(E&TC ) BVCOEW, Pune or his nominee and Nodal officer from Dolphin Labs, Pune shall be the CEO or his nominee for all decisions making and concurrence

### 6. ACTION PLAN AND IMPLEMENTATION METHODOLOGY

Dolphin Labs, Pune and BVCOEW Pune will start working together for Training activities. The outcome of training will be supported by placement assistance and in-plant training to students of BVCOEW, Pune. This MoU shall be effective from the date of signing the same and shall remain in effect for two year with the possibility of extending the same to subsequent year(s). MoU will be reviewed every two years subject to satisfactory progress. In witness where off, the industry and institute are here to have executed this agreement on this date and the year first here in above written.

  
18/06/18

PUNE-43  
ELECTRONICS AND TELECOMMUNICATION DEPARTMENT**

**Date:25/07/2018**

**Notice**

All the staff members are hereby informed that, Electronics & Telecommunication department is organizing 3 days workshop on **Circuit Building and PCB Designing** by **Dolphin Lab** for SE students from 26/07/2018 to 30/07/2018 at Seminar Hall (008).

**Coordinator**

**Prof. P. R. Yawle**

**H.O.D.**

**(E&TC Dept.)**

**Prof. Dr. S. R. Patil**

**BIHARATI VIDYAPEETH'S COLLEGE OF ENGINEERING FOR WOMEN**

**PUNE-43**

**ELECTRONICS AND TELECOMMUNICATION DEPARTMENT**

**Syllabus and Content**

Discussion on applications Electronic components and introduction of various electronic circuits
Virtual design of PCB layout using the app 'PCB 12b'
Layouts creation and printing and transferring to the PCB boards

**BHARATI VIDYAPEETH'S COLLEGE OF ENGINEERING FOR WOMEN**

**PUNE-43**

**ELECTRONICS AND TELECOMMUNICATION DEPARTMENT**

**Course Objectives**

- To build various circuits on Braid board.
- To design PCB on app PCB 12b.
- To create layouts.

**Course Outcomes**

On completion of course learner will able to

- Build different applications on braid board.
- Design PCB on app PCB 12b.
- Create layouts and printing on the PCB boards.

## REPORT ON

### CIRCUIT BUILDING AND PCB DESIGNING WORKSHOP

A circuit building and PCB designing workshop was organized by E&TC department of BVCOEW on 26<sup>th</sup> and 30<sup>th</sup> of July 2018 for SE E&TC students in association with Dolphin labs. Prof. S. R. Patil HOD of E&TC department welcomes the staff members of Dolphin Labs.

The workshop started on 26<sup>th</sup> of July at 9 am students performed the circuit designing individually in group of twos and threes. At the beginning of workshop Mrs. Mahajan distributed the kits among the students. Mrs. Mahajan of Dolphin labs conducted a very informative session for the students and also motivated the students on this topic. The first one and half day was given for circuit building and another one and half day was given to PCB.

The session started with designing of various circuits which are as follows.

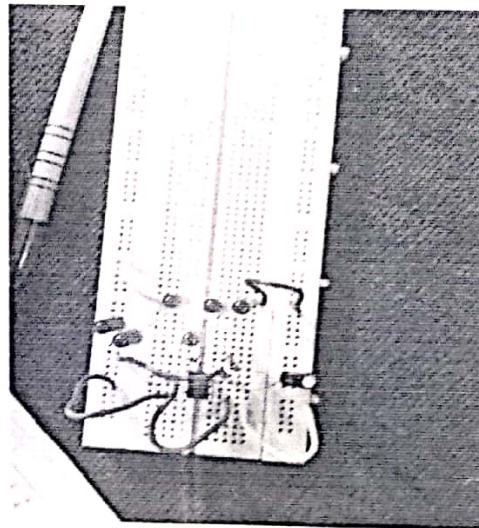

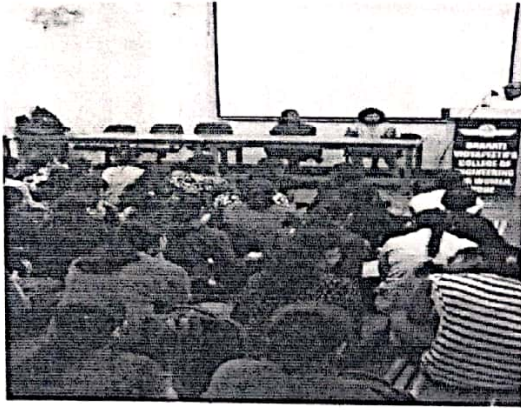

1. Tickling bomb
2. Light dependent alarm
3. Door bell
4. Plant water reminds
5. Touch plate sensors ...etc.

Mrs. Mahajan and her helping staff interacted and cleared all the doubts of the students. In this way the first half session was successfully completed. The second half session started on 27<sup>th</sup> July at 2pm. It was regarding PCB designing. Mr Mahajan introduced an app called "PCB 12b" on which students further designed various circuits. He gave information about various tools of the app. Groups were made and the students of respective groups designed various circuits in this app. In this way software based circuit design was completed. Further he showed the students to design a PCB is actually designed with the help of homemade techniques. A copper polished plate was given to every group and designed a circuit diagram on it which was then immersed in ferric chloride solution. Then the plate was scrubbed and drilled as per the design.

The session was finally completed by soldering the respective components according to circuit. The students were satisfied after this workshop came to end. It was an amazing, informative, interesting workshop as students of E&TC gained a lot of knowledge from this workshop.

We expressed our thanks to the workshop of the dolphin lab that spend their precious time with us. We thank our respected HOD sir Dr. S. R. Patil and Prof. P. R. Yawle for conducting such an informative workshop.

# Certificate

This is to certify that Miss. *Deogade, Mrunali*..... has

successfully completed Three days Hands on workshop on, "Circuit Building and PCB Designing",

at Bharti Vidyapeeth's College of Engineering For Women, Pune, organized by Department of Electronics and

Telecommunication Engineering in association with Dolphin Labs, Pune. From 26/07/2018 To 30/07/2018.

**Prof. P.R. Yawle**  
Co-Ordinator.  
BVC0EW, Pune-43

**Prof. Dr. S.R. Patil**  
H.O.D. E&TC Dept.  
BVC0EW, Pune-43

**Mrs. R.C. Mahajan**  
Director, Dolphin Labs

**We Create. We Preserve. We Recycle.... We Are THE Engineers**

Report of seminar on "E&TC, the branch of Engineering"

A seminar was organized for SE, TE students on 3<sup>th</sup> July 2018 on the topic "E&C, the best branch of Engineering". The speaker was Mr. C. P. Mahajan from 'Dolphin Labs'. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students..

The speaker started the session by questioning the students about the aim of the admission in E&TC Engineering. With the few interesting questions he turned the topic towards their decision of being E&TC Engineer and he further focused on what an engineer especially E&TC engineer can contribute in Industry. He introduced current technology in Industry and how we can grasp day to day changes in new technology. He discussed the time management of exams of university and some plans of improvement in skill development in vacations. He gave some guidelines for improving skills and with discussions with student, session ended with stamp of "Proud to be an E&TC Engineer".

### Duration of MOU:

This MoU unless extended by mutual written consent of both the parties shall expire after five years from the effective date.

### Coordinators:

Both the parties will designate persons who will have the responsibility for coordination and implementation of this agreement.

### Confidentiality & other general terms

- The Magnam solutions shall strictly follow the Institute norms, rules and regulations for conducting the programs and shall maintain the high standards of conduct.
- Both parties can use logo, trade name & predefined content for promotion of the courses to be conducted jointly within the scope of this MoU
- Both parties shall voluntary promote the arrangement and courses through respective websites and social media for branding the same.
- Before any commercial workshop approval from both parties will be taken.

### Signed in Duplicate:

The MoU is executed in duplicate with each copy being an official version and having equal legal validity. By signing below, the institutes, acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective of the day and the year first above written.

Report of seminar on "Journey of students to Professional"

A seminar was organized for TE students on 13<sup>th</sup> July 2018 on the topic "Journey of students to Professional". The speaker was Mr. Akash Ekatpure, Mr. Nagesh Matharia from 'Youthcon Creative Solution'. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students about the guest and the topic.

The speaker introduced the different types of Professional Skills. The phrase "professional skills" is used in the broad sense to describe skills that complement the disciplinary knowledge and disciplinary technical skills that remain the most important aspects of training. By skills we mean behaviours that can be learned, that can be improved with practice, that require reflection, and that benefit from ongoing coaching. The skill can be categorized as soft skill, Technical Skill and time management skill. He also explained what current scenario in Industry and how we can manage to connect with industry. The speaker asked the students about their plans and suggested them to have at least one internship a year. He told about the industrial training. **Industrial Training** refers to a program which aims to provide supervised practical **training** within a specified timeframe.

A vote of thanks was given to the speaker.

## **Memorandum of Understanding (MoU)**

Between

**Bharati Vidyapeeth's College of Engineering for Women, Pune**

&

**MUGDHA SYSTEMS**

Bharati Vidyapeeth's College of Engineering for Women, Pune and MUGDHA SYSTEMS Pune, hereby agree to have an Academic Collaboration between each other, in the following areas of interest.

### 1. Professional Development and Continuing Education

MUGDHA SYSTEMS and BVCOEW Pune recognize that the most significant contribution, which BVCOEW can make to Indian Industry, is to make available suitably trained engineers and technologists year after year. Towards this goal, BVCOEW & MUGDHA SYSTEMS shall endeavor to enrich the engineering and technological education to enable interaction between Industry and BVCOEW, Pune.

### 2. Student Development Programs:

- a. Technical Guest Lectures / Seminars / Workshops to give students an overview of the developments in the industry.
- b. Projects for the students based on the merit and as per college curriculum.
- c. Visit to the Industry.

3. Faculty Development Programs:

- a. Technical Guest Lectures / Workshops to give faculty an overview of the developments in the industry.
- b. Projects for the faculty in various domains.
- c. Visit to the Industry.

4. Providing Development related solutions to Industry by Institute.

The collaboration is valid for a period of one year from this date and is further renewable based on mutual consent. Also, either side can terminate the same with one month notice, without assigning any reason what so ever.

Prof. Dr. V.R. Pawar is instrumental in accomplishment of this MOU. They shall coordinate all activities executed through this MOU.

Report of seminar on "Keep Engineering Alive"

A seminar was organized for SE students on 13<sup>th</sup> Feb 2019 on the topic "Keep Engineering Alive". The speaker was Mr. Bhushan Pawar from 'Mugdha Systems. The seminar started by the introduction of the guest and a speech by HOD, Prof. Dr. S. R. Patil addressing the students..

The speaker started the session by questioning the students about the aim of the admission in Engineering. With the few interesting questions he turned the topic towards their decision of being Engineer and he further focused on what an engineer especially Engineer can contribute in Industry. He introduced current technology in Industry and how we can grasp day to day changes in new technology. He discussed the time management of exams of university and some plans of improvement in skill development in vacations. He gave some guidelines for improving skills and with discussions with student, session ended with stamp of "Proud to be an Engineer".

## MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is executed as of date: 1-01-2019 and is valid till 1-1-2020 for a period of 1 year.

between

Party 1 : Department of Electronics and Telecommunication Engineering , Bharati Vidyapeeth's College of Engineering for Women, Pune and

Party 2 : Sunbeam, having its Registered Office at "Sunbeam', Plot No. R/2, Market Yard Road, Behind Hotel Fulora, Gultekdi, Pune – 411037. ("Partner")

Bharati Vidyapeeth's College of Engineering for Women, Pune and Sunbeam. Pune, **hereby agree to have an Academic Collaboration between each other, in the following areas of interest.**

1. **Objective:** The purpose of this MOU is to develop and expand a framework of cooperation and joint operations. This MOU seeks to crystallize the understanding of both parties as regards the mode of their engagement and define their roles, and responsibilities.

Both parties have mutually agreed to conduct the following activities under this MoU.

- a. Students Internship Program (Winter/Summer)
- b. Faculty Training/Development Program
- c. BE Project
- d. Student Development Activities/Programs

### 2. Responsibilities of College

- a. Nominate a Single point of contact (SPOC) to support this activity from college side.
- b. Provide students for attending the internship at partner's office as per the pre-decided schedule.
- c. Ensure necessary logistic, infrastructural and academic support (through teaching faculty) to conduct the activities.

### 3. Responsibilities of Sunbeam:

- a. Nominate a Single point of contact (SPOC) to support this activity from Sunbeam side.
- b. Providing internship and training to students on real time projects.
- c. Training faculty for some technology under the faculty development program.
- d. Providing mentorship to the students in their BE projects.
- e. Provide necessary technical, logistic and infrastructural support to conduct the activities.

- f. Conducting activities/competitions for students to enhance their professional and technical skills.

**4. Joint Responsibilities of the parties:**

- Ensure active participation and end to end support to achieve desired results.
- Set up joint progress tracking mechanism.
- Sync up on periodic basis.
- Provide infrastructure support on need basis.
- Follow ups with Internal as well as external stakeholders.

**5. Student Development Programs:**

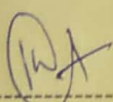

- Technical Guest Lectures / Seminars / Workshops to give students an overview of the developments in the industry.
- Projects for the students based on the merit and as per college curriculum.
- Visit to the Industry.

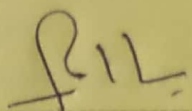

**6. Faculty Development Programs:**

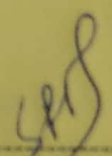

- Technical Guest Lectures / Workshops to give faculty an overview of the developments in the industry.
- Projects for the faculty in various domains.
- Visit to the Industry.

**7. Providing Development related solutions to Industry by Institute.**

The collaboration is valid for a period of one year from this date and is further renewable based on mutual consent. Also, either side can terminate the same with one month notice, without assigning any reason what so ever. Prof.K.R.Chaudhari instrumental in accomplishment of this MOU. They shall coordinate all activities executed through this MOU.

## MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING (this "MOU") is made on 27<sup>nd</sup> October 2017

Between

**WordsMaya EduTech Private Limited** a company in India formed under The Companies Act 2013.  
Hereinafter called as "Company"

And

**Bharati Vidyapeeth's College Of Engineering For Women, Pune** hereinafter called as "Institute" which expression shall, unless repugnant to the context or meaning thereof, be deemed to be and include its successors and assigns.

NOW, in consideration of the premises, covenants and undertakings contained herein and for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Company and Institute agree as follows.

### Scope:

Institute identifies Company as one of the training partner for Communications, Soft Skills training at the institute. Institute agrees to discuss about the project with the company and hence giving the Company access of its faculty, students and premises to gain more knowledge on the institute's requirements.

Institute shall allow Company to distribute handouts and training material to students. Company shall also be allowed to and hence be designated space for placing brochures, posters on the notice board. Company shall seek prior permission from the Institute before doing so.

Institute shall allow Company to display institute's Name and logo on Company's client's list.

IN WITNESS WHEREOF the parties hereto executed these presents the day, month and year first hereinabove written.

SIGNED and DELIVERED BY

For and on behalf of

**Bharati Vidyapeeth's College Of  
Engineering For Women, Pune**

## Report at a glance

**WordsMaya** in collaboration with Bharati Vidyapeeth's College Of Engineering For Women, Pune conducted a course for students of 2nd year and 3rd Year Engineering of Bharati Vidhyapeeth College of Engineering for Women. The course was for the students pursuing Degree in Engineering and these students had to engage differently. The students had technology background so students had to be taught in a diverse way.

### **Induction and Onboarding**

WordsMaya conducted a kick-off session at the Bharati Vidhyapeeth College of Engineering for Women, with a batch of 28 students on 7th September 2018. The session was aimed to onboard the students on WordsMaya platform through which they appeared for the online course.

### **Assessments**

The students were assessed to know their English Proficiency with the help of tests which were conducted on 15th August 2018.

### **Online lessons**

The students were provided with 27 online lessons on our platform. It consisted of 25 hours of learning. The average completion of online course by the batch is 64%

### **Workshops**

WordsMaya conducted five workshops in which students learnt different techniques to express them in English, increase confidence, improve grammar and vocabulary, better presentation skills, soft skills, etc.

### **Final Assessment**

We have observed that 79% of the students are more confident than before.

### **Students Feedback**

We had given Feedback Forms to the students and they have given us rating as follows-

Learning experience with WordsMaya –4.37/5

Effectiveness of the course –4.75/5

### **Students speak**

*"I have learned too many things from WordsMaya. My Confidence level has improved and I can communicate in English"* Shubangi More

## Details of the course

### I. Induction and Onboarding

Based on the students level and requirement Confidence Building Course was given to them. WordsMaya team decided to first onboard them to the course with the help of their co-ordinators and to do that the course instructions manual was printed and taken by WordsMaya team. The team made sure that batch gets 100% on-boarded to the online course.

Trainer's name- Priya Singh

### II. Online Lessons

26 students started with WordsMaya's online course using their respective Facebook Messenger accounts. They learnt at their convenience using their mobile phones or laptops. The course contained blog writing, review writing on social media, speech shadowing and terms which will mass communication student will require.

#### **Online Course Completion**

The average course completion rate is- 64%

Number of students who completed the course- 14

Refer Annexure I for more details.

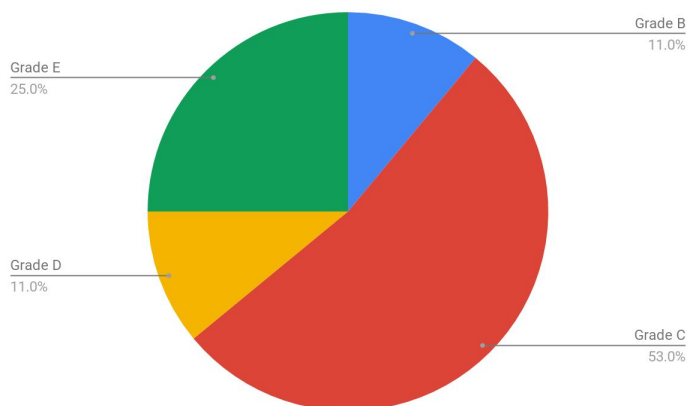

#### **Tech Support**

WordsMaya support was available 24\*7 just a finger tap away for the students. All the reported queries were resolved within 2 hours of reporting. Our support team was continuously focused to give a flawless experience to the students.

### III. About Assessment

#### **Pre Course Assessment**

Total 21 students out of 28 students took the pre-course assessment(As 7 Students were absent) and following pie chart demonstrates the distribution of the students breakdown.

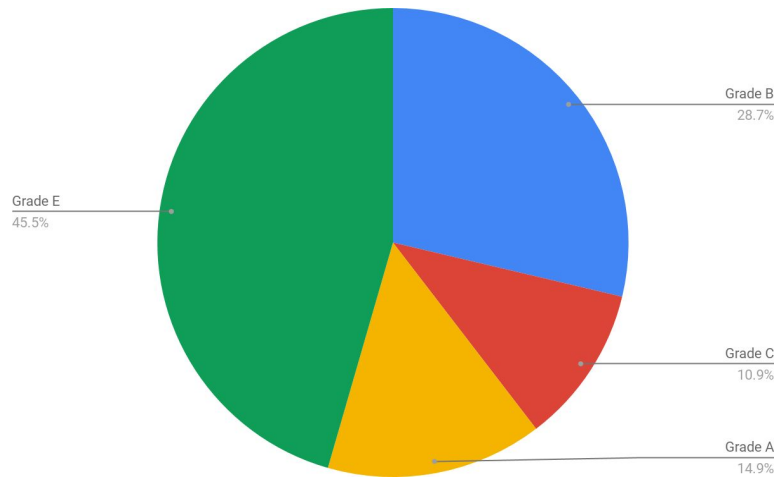

(REFER TO ANNEXURE FOR GRADE SPECIFICATION)

- **Post Course Assessment**

Total 15 students out of 28 students took the post-course assessment(As 13 Students were absent) and following pie chart demonstrates the distribution of the students' breakdown. **(REFER TO ANNEXURE FOR GRADE SPECIFICATION)**

#### **IV. About the Workshops**

##### **First Workshop- 15th August 2018**

The first workshop was about importance of communication, all the students met their mentor, i.e Priya Singh for the first time. The workshop was on Ice Breaking & Primary Assessment. In this workshop, Priya conducted the primary assessment in which she checked the level of the students with the help of following parameters, Grammar, Vocabulary , Pronunciation, Writing Style, Fluency and Expressiveness. She graded the students individually and then told the importance of confidence in world of Mass Communication. where she asked the students to prepare on topics to speak on. They were all divided into groups of 4 and each group was given a topic. She gave them 2 minutes to put their thoughts together. before they started she shared certain tips on public speaking. Then each student came up to speak. They were all very enthusiastic and when the topics were given to them, they all took time to gather their thoughts. As each student was speaking, she was giving constructive feedback and the others would listen and pay attention as it was a learning for every one. They all sounded quite confident and enjoyed the session.

##### **Second Workshop- 22nd September 2018**

The second workshop was an extempore. For this extempore session, this was lot on the lines of the previous workshop activity where they were asked to speak on a given topic. Each student was given a topic by me and they were given two minutes to collect their thoughts and plan on what they were going to speak, she gave them tips on what to keep in mind while giving a speech or extempore.

The students were very excited about what topic they would be assigned. She told them all about eye contact, body posture, gestures, articulation, audience involvement, starting with a quote and they should practice all these points while talking. The rest of the students had the responsibility of grading them while they spoke.

##### **Third Workshop- 27th September 2018**

The third workshop was about Debate , The trainer divided the class into two groups. She explained the difference between a group discussion and debate, gave them all tips on having good debating skills, gave them a topic and made one group speak for it and the other group against it. They were given 5 minutes to discuss points in their teams and then the debate started. The participation of the students was good. For most of them this was the first time they were participating in a debate so she told them all to keep in mind the points on the communication aspect while speaking. Most of them were very enthusiastic and spoke a lot of points. For those who hardly spoke, I encouraged them to speak and share their thoughts.

#### **Fourth Workshop- 29th September 2018**

The fourth workshop was on MAD ADS. This activity required all the students to get creative using props as items to sell as an advertisement. The purpose was for them to relate it to when they go for job interviews and would need to sell their strengths. They were all asked to imagine a pop or even use one and come up and sell it to their classmates. Participation was good. They all used props like watches, books, phones, bottles, etc and tried to sell them to their classmates. The rest of us would rate the top three best performers. They were innovative in their thoughts and it was a lot of fun and brought out their creative side. They spoke about the positives in their products.

#### **Fifth Workshop- 6th October 2018**

The fifth workshop was last workshop, till now there was a tremendous change seen in their attitude, class performance and level of confidence so to measure the actual level of change Post Course Assessment took place. Priya checked the level of the improvement of students with the help of same parameters which were used for Pre-Course Assessment i.e, Grammar, Vocabulary , Pronunciation , Writing Style, Fluency and Expressiveness. She graded the students individually also she guided the class with the criteria they would be assessed on, which was, eye contact, body language, confidence levels and communication skills. Participation levels were very good and they were all very enthusiastic. They had all made efforts on their presentations and it showed. They all kept in mind all the pointers I had given them over the period of all the workshops. saw a very high level of improvement in all of them which included their confidence levels too.

### **V. Monitoring**

#### **Students Tracking**

The progress of the students in the online course was tracked and sent on a weekly basis. The mentor was updated regarding the students progress of the online course before every workshop. WordsMaya used to send the reminder messages to the students regarding timely completion of the course.

#### **Students Attendance**

WordsMaya observed that 69% of the students attended 100% of workshops. The students were attentive and participated in the activities carried out during the workshop.

#### **Trainer Attendance**

WordsMaya's trainer conducted all the scheduled workshops.

## **VI. Course outcomes**

### **Performance of the students**

Basis on the observation of the students ,the performance in speaking and writing English had a tremendous change. Now the students of the institute were ready to explore themselves in a better way besides the students development program in a day care gave a successful fruit.

ANNEXURE 1

	Parameters	Levels				E
		A	B	C	D	
1	Listening	Can listen attentively, grasps vocabulary and learning thus responding effectively. Displays patience and learning ability	Fairly good listener gets distracted occasionally but is able to implement the teachings in class.	Selective listening and lack of focus resulting in poor vocabulary and articulation. Grammatical errors and loss of words due to poor listening ability	Is consistently inattentive to others when they speak for a wide variety of reasons. Due to poor listening is unable to grasp basic communication and develop interest in the language.	ABSENT
2	Voice/Tone and Pronunciations	Consistent and effective volume, articulation, and expression were present in the speaker's voice. Appropriate rate and pausing were employed. No mispronounced words	Spoke loudly and clearly enough to be easily understood but need to work on Intonation techniques for better audience engagement. Mispronounced 1-2 words	Could be heard most of the time, but at certain points was inaudible. No intonation and mispronounced 3-4 words.	Audience had difficulty hearing and/or understanding much of the speech due to low volume. Very little expression was shown, trembling shaky voice went blank and mispronounced more than 5 words.	ABSENT
3	Audience Engagement	Introduced the speech well, including an attention getter and a preview of main points of the speech. The speaker was enthusiastic about the topic and brought the audience into the speech.	Introduced the speech adequately, occasionally engaged the audience need to work on summarizing the main points and leave the audience with a lasting impression.	Introduced the speech, but some details were unclear. The introduction lacked an attention getter and/or a preview of main points. The speaker concluded the speech in a disorganised manner	Failed to introduce the speech. Or, the introduction was not useful in indicating what the speech was about and ended the speech abruptly without conclusion, failed to grasp attention of the audience.	ABSENT
4	Body Language	Maintained good posture. Movements were purposeful and enhanced the	The speaker maintained adequate posture. Expressions were	Had some distracting and/or nervous movement during delivery.	Posture and expression indicated a lack of enthusiasm or comfortableness with the speech.	ABSENT

		delivery of the speech. Facial expressions were comfortable and showed enthusiasm for the topic and maintains good eye contact	comfortable need to work on eye contact and avoid negative body language	Facial expressions seemed forced or absent , poor eye contact gets distracted during speech.	Some movements were very distracting and made the speech difficult to follow.Occasionally went blank and avoided eye contact .	
5	Preparedness	Was completely prepared and had obviously rehearsed.Adherence to time limit was observed also no filler words used	Seemed pretty prepared but might have needed a couple more rehearsals,1-2 filler words used and need to adhere to time limit not exceeding it	Was somewhat prepared, but it is clear that rehearsal was lacking ,use of 3-4 filler words and poor utilisation of time limit	Did not seem at all prepared to present,5 or more filler words used could not spoke less than the expected time limit.	ABSENT
6	Writing skills	The piece was easy to read and understand with sophisticated vocabulary and no glaring grammatical or spelling errors.Relevant information with fluency	The piece was basically easy to read and understand but lacked relevant information and use of advanced vocabulary.One or more glaring grammatical and spelling errors found	The piece was difficult to understand as it lacked relevant details due to lack of focus and understanding.Also involved lot of combination and sentence structure errors.Contained several grammatical and spelling errors	Piece was incoherent and completely lacked understanding of the assignment.Poor sentence structure and multiple errors in grammar and spellings .It was obvious that not enough time and effort invested .	ABSENT

Institute Name - Bhart Vidyapeeth's College of engineering for women, Pune.

1. Share your experience of learning with WordsMaya.  
I have learned to many things from wordsmay. My Confidence level is improved and I can communicate very good.

2. How was the online learning experience? Rate on the scale of 1 to 5. (1= Worst, 5= Excellent)

☐ 1 ☐ 2 ☐ 3 ☐ 4 ☒ 5

Reason:- I have learned how to communicate and how to make sentences.

3. How was your experience about workshops? Rate on the scale of 1 to 5.

☐ 1 ☐ 2 ☐ 3 ☐ 4 ☒ 5

Reason:- Workshops are excellent. I had learn how to be confident and about yourself

4. Were the activities conducted in the workshops useful? Which was your favourite?

yes, the activities in the workshop are useful for me. My favourite one is debate and group discussion. and also topics given to me for to discuss

5. How was your learning experience with the WordsMaya mentor?

It was very good experience with the wordsmaya mentor. She was taught us about mistakes.

Would you refer WordsMaya course to your Friend / Family Members? - (If Yes then kindly provide their details)

Activity under MOU

**Report of Workshop on "C Programming"**

The Department of Information Technology organized the 3 days workshop on C Programming on 17<sup>th</sup> Sept., 2018, 18<sup>th</sup> Sept., 2018 and 25<sup>th</sup> Sept., 2018 by Mr. Rahul Ahire, Director, Link-Code Technologies Pune, in 206 classroom for SE IT students. Total 70 students enrolled for this workshop.

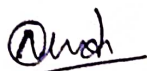

Program started with the welcome speech by Prof. A.V.Kanade. Then HOD Prof. Dr.D.A.Godse felicitated speaker and addressed the audience.

Trainer started with explaining basic features in C like selection statements, loops, arrays etc..

On the second day of training the students were taught about detail concepts of strings structure, union, pointers with example. Trainer also explained how to write the big programs and they had given different programs to solve on the third day.

Session was very interactive, useful and effective. Students have got satisfactory answers to their questions.

An audit course on "IoT – Application in Engineering Field" was organized in Bharati Vidyapeeth's College of Engineering for Women for the students of Final Year, Department of Information Technology. This course was conducted by Mr. Atul Wadkar from 1<sup>st</sup> January to 18<sup>th</sup> March 2019 (total 30 hours duration course) in Class room no. 206.

The activity was conducted under the Memorandum of Understanding (MOU) between **Algorithmic Electronics** and **Department of Information Technology**.

First session started with welcome and felicitation of Mr. Atul Wadkar by Prof. Dr. D. A. Godse, Head, Department of Information Technology. During these 30 hrs Sessions, Mr. Wadkar taught following points:-

- 1) Basics of IOT
- 2) Sensors, transducers, actuators, special requirements of IIOT sensors
- 3) Protocols- HART, MODBUS serial and parallel, Ethernet, BACNet
- 4) Introduction to IIOT Cloud platform and security aspects

Also, assignment were given to students. The students developed Mini Projects using IOT platforms in groups and they were evaluated by Mr. Atul Wadkar. The certificates were handed over to students based on their performances.

### **Report of Workshop on “Python Programming”**

**16<sup>th</sup> and 17<sup>th</sup> March 2019**

A two days Workshop on topic ‘Python Programming’ by speaker Mr. Qaidjohar Jawadwala was held for the students of TE-IT on 16<sup>th</sup> and 17<sup>th</sup> March 2019.

In Technical session the introduction about Python is covered by speaker Mr. Qaidjohar Jawadwala. This Python Programming workshop by QJ Technologies, provides best and most relative contents required for making the students comfortable with Python Programming Language. The workshop’s main motive was to help attendees get started with python programming language and sir motivated students to gain knowledge on deeper concepts of the language.

The contents of the workshop were properly organized and arranged for better understanding of the concepts and help students grasp new things faster and enhance their knowledge. The concepts, codes and tools were well illustrated by sir through slides and practical performance which helped to get cleared the concepts faster and solve all the doubts.

Community Group Leader Help Articles:

Student Groups are a type of Community Group, but there are some variations in the way things are handled/supported. There will be instances where you'll be sent to read the Community Group Leader help, such as for Chatter or Bevy help. Please always return to the Student Group Help home page and navigate from here so that you do not get confused by information that isn't relevant to your group. The link below is provided for reference, but your source of truth as a Student Group Leader will always be: <https://sfdc.co/sglhelp>

	A	B	C	D
1	<a href="#">Community Group Leader Help Articles</a>	This help repository contains articles to help all Community Group Leaders, including students. Many of the links above point to this repository.	8/14/2018	8/14/2018

Paragraph B I U Insert: Comment

- You may receive your onboarding email early, but please do not reach out to our team for an update until your onboarding date has passed.
- After you complete both documents, **no action is required on your end** - nice! The onboarding email you will receive on your onboarding date will have all the information you need to get started on your journey as a Community Group Leader.
- Your onboarding email will come from [trailblazercommunity@salesforce.com](mailto:trailblazercommunity@salesforce.com) and will have the subject line "Welcome to the Salesforce Community Group Program!"

ONBOARDING SCHEDULE (US BUSINESS HOURS)

Leader Documents Sign Date	Onboarding Date
June 10th - June 16th	June 21st
June 17th - June 23rd	June 28th
June 24th - June 30th	July 5th
July 1st - July 7th	July 12th
July 8th - July 14th	July 19th
July 15th - July 21st	July 26th
July 22nd - July 28th	August 2nd
July 29th - August 4th	August 9th
August 5th - August 11th	August 16th
August 12th - August 18th	August 23rd
