An aerial photograph of a large sports ground. The foreground is dominated by several tall palm trees and dense green foliage. In the middle ground, there is a large, rectangular area of brown dirt with white lines marking a basketball court. A basketball hoop is visible on the right side of this court. Beyond the dirt area is a large, vibrant green field, likely for soccer, with two white goalposts. In the background, a large, multi-story building with many windows is visible, surrounded by more trees. The sky is clear and bright.
